And if so, is his utilitarian calculus logically sound? ● Would it be possible for a group like the Avengers to amass enormous power to fight for humankind, without themselves becoming a corrupt ruling class? ● Can the past Nebula shooting the future Nebula cause her to cease to exist? Can you change the future by communicating with yourself or your family in the past? ● Can Thanos be seen as the epitome of non-self-serving behavior, or is Thanos masking his own egoism with the lie that his altruistic mission is to bring the universe into balance? ● Does Thanos show us the danger of living by an absolute moral compass, which allows us to see only what we believe to be "the right" with no variations or nuances?
