[The Resurrection of Jesus](#) Pinchas Lapide 2002-03-12 I accept the resurrection of Jesus not as an invention of the community of disciples, but as an historical event. Ó When a leading orthodox Jew

makes such a declaration, its significance can hardly be overstated. Pinchas Lapide is a rabbi and theologian who has specialized in the study of the New Testament. In this book he convincingly shows that an irreducible minimum of experience underlies the New Testament account of the resurrection, however much of the details of the narrative may be open to objection. He maintains that life after death is part of the Jewish faith experience, and that it is Jesus' messiahship, not his resurrection, which marks the division between Christianity and Judaism. Dr. Lapide quotes Moses Maimonides, the greatest Jewish thinker, in his support: All these matters which refer to Jesus of Nazareth...only served to make the way free for the King Messiah and to prepare the whole world for the worship of God with a united heart.Ó

A stagecoach is a four-wheeled public transport coach used to carry paying passengers and light packages on journeys long enough to need a change of horses. It is strongly sprung and generally drawn by four horses.

*The Flat Earth as Key to Decrypt the Book of Enoch* Zen Garcia 2015-09-26 Shortly after accepting the flat earth as a model for the world, I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as the motion of the sun and moon. As I began to read chapters 71-82, I found to my utter amazement that I was able to grasp those passages. I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch's description of the revolution of the sun and the moon. As seen from above the flat circular plane of the earth as described by Isaiah; and that Enoch must have been taken up to perhaps where Polaris is, centered directly above the North

Pole, and while looking down at the backdrop of the earth, was instructed on the motions of both the sun and moon. Without such conception, it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet.

I had wanted to write for *The Sword of the Lord* because of its vast outreach and influence among fundamental churches, hence I jumped at the opportunity, knowing full well the tremendous pressure created by a weekly deadline.

*Soul Winning* John R. Rice 2000-08

*Sermons, Addresses and Reminiscences and Important Correspondence* E. C. Morris 2017-08-06 The only apology made for giving this book to the public, is the earnest desire which the author has to inspire young men of the race, and especially those of the Baptist faith, who were born and reared under much more favorable circumstances than he, to greater deeds of usefulness, and to leave to the denomination a written testimony of what was accomplished by the Negro Baptists of the United States in the first years of their separate effort at Christian work. The speeches and sermons contained in this volume are not given out as an exhibition of literary talent, nor is any claim made of perfection in their construction. But they are the promptings of a heart and mind full of love for the cause of the Master and for a race that has long been oppressed and is now struggling to improve its condition in every honorable way. The writer firmly believes in the possibilities of the race and has firmly advocated that the nearly two millions of colored Christians which God has added to the Baptist churches as a mass, are an heritage, and that it is the imperative duty of Negro Baptist leaders to develop this mighty force for the glory of God and the further redemption of the race. The facts presented will be more appreciated, when it is remembered that the wonderful development and unparalleled success of the denomination form the work of only a few years. But this is the most potent argument in favor of what can be done when a united effort is made at self-help. The author has great admiration for those friends of the race who have contributed so much for the educational and religious training of the same; but he believes that people who have been helped become very unworthy when they fail to make an effort to help themselves.

**The Training of the Twelve** Alexander Balmain Bruce 2011-01 One of Jesus' most important endeavors during His short ministry involved the preparation of His twelve disciples for the work they would need to accomplish. The importance of studying Jesus' methodologies cannot be overstated. While there is much we can learn from His words and deeds, it is His work in training the disciples that facilitated the promotion and growth of the Kingdom in the first century. If we would become His disciples, we must sit at His feet and be trained by Him as He trained the twelve. "The Training of the Twelve" was written in the face of growing doubt about the legitimacy of the Gospels as authentic witnesses to the life and work of Jesus. In "The Training of the Twelve," Bruce seeks to prove that the portrayal of Jesus and His disciples is authentic, and therefore their message is believable as revealed in the New Testament. Whereas the nineteenth century liberal scholars were saying that the disciples invented the story of Jesus, "The Training of the Twelve" provides

sufficient proof that it is Jesus who transforms the disciples into the Apostles, and that their testimony is true. This compelling defense of the portrayal of Jesus and His disciples in the Gospel accounts is, if anything, even more necessary now than it was when it was first written. Scholars today continue to perpetuate many of the claims of the nineteenth century liberal scholars and have even gone beyond them in denying the legitimacy of the Gospel accounts of the life of Jesus of Nazareth. In a world that believes in a distinction between the 'historical Jesus' and the 'Jesus of faith,' "The Training of the Twelve" demonstrates that the two are really one and the same.
