The Courage Consort Michel Faber 2005-11-07 Three novellas filled with “gallows humor and a sense of real peril,” by the acclaimed author of *The Book of Strange New Things* (The New York Times). The bestselling author of *The Crimson Petal and the White* “draws his characters with assured comic efficiency” (The Guardian), using “evocative language” to offer up “intriguing glimpses of unfamiliar worlds” (Los Angeles Times), in these acclaimed novellas. In “The Courage Consort,” an a cappella vocal ensemble is sequestered in a Belgian château to rehearse a monstrously complicated new piece, but competing artistic temperaments and sexual needs create as much discordance as the avant-garde music. In “The Hundred and Ninety-Nine Steps,” a lonely woman joins an archaeological dig at Whitby Abbey and unearths a mystery involving a long-hidden murder. And in “The Fahrenheit Twins,” strange children, identical in all but gender, are left alone at the icy zenith of the world by their anthropologist parents to create their own ritual civilization. From a wildly inventive author whose novel *The Book of Strange New Things* was named one of 2014’s best reads by everyone from the *New Yorker* to io9, *The Courage Consort* is an eclectic collection of well-told tales, in which Michel Faber “marches on, establishing himself as one of the most versatile fiction writers working today” (Kirkus Reviews). “Readers will again be immersed in the intense worlds he creates.” —Publishers Weekly

Wild Thing Josh Bazell 2012-02-08 It's hard to find work as a doctor when using your real name will get you killed. So hard that when a reclusive billionaire offers Dr. Peter Brown, aka Pietro Brnwa, a job accompanying a sexy but self-destructive paleontologist on the world's worst field assignment, Brown has no real choice but to say yes. Even if it means that an army of murderers, mobsters, and international drug dealers -- not to mention the occasional lake monster -- are about to have a serious Pietro Brnwa problem. Facing new and old monsters alike, Dr. Brnwa's story continues in this darkly funny and lightning-paced follow up to Josh Bazell's bestselling debut.

Facing An Unequal World Raquel Sosa Elizaga 2018-02-26 "Raquel Sosa Elizaga has assembled an incredibly complete set of analyses of inequality written by a range of scholars about a wide range of issues. Incomparable essential reading." - Immanuel Wallerstein, Senior Research Scientist, Sociology, Yale University Over recent decades, living conditions in poorer countries have deteriorated, leaving us faced with the present phenomenon of global inequality. Arguably the biggest challenge of the 21st Century is the confrontation and eventual elimination of the processes of structural inequality that affect these millions of human beings today. *Facing an Unequal World* tackles and critically examines key issues and challenges for global sociology across these interrelated themes: The dimensions of inequality and the configurations of structural inequalities and structures of power Conceptions of justice in different historical and cultural traditions Conflicts on environmental justice and sustainable futures The social injuries of inequality, and overcoming inequalities Written by a selection of international key sociologists and academics, this is a valuable resource for undergraduate and postgraduate students, and researchers in sociology alike.

Zizek's Jokes Slavoj Žižek 2018-02-23 Žižek as comedian: jokes in the service of philosophy. “A serious and good philosophical work could be written consisting entirely of jokes.”—Ludwig

Wittgenstein The good news is that this book offers an entertaining but enlightening compilation of Žižekisms. Unlike any other book by Slavoj Žižek, this compact arrangement of jokes culled from his writings provides an index to certain philosophical, political, and sexual themes that preoccupy him. Žižek's Jokes contains the set-ups and punch lines—as well as the offenses and insults—that Žižek is famous for, all in less than 200 pages. So what's the bad news? There is no bad news. There's just the inimitable Slavoj Žižek, disguised as an impossibly erudite, politically incorrect uncle, beginning a sentence, “There is an old Jewish joke, loved by Derrida...” For Žižek, jokes are amusing stories that offer a shortcut to philosophical insight. He illustrates the logic of the Hegelian triad, for example, with three variations of the “Not tonight, dear, I have a headache” classic: first the wife claims a migraine; then the husband does; then the wife exclaims, “Darling, I have a terrible migraine, so let's have some sex to refresh me!” A punch line about a beer bottle provides a Lacanian lesson about one signifier. And a “truly obscene” version of the famous “aristocrats” joke has the family offering a short course in Hegelian thought rather than a display of unspeakables. Žižek's Jokes contains every joke cited, paraphrased, or narrated in Žižek's work in English (including some in unpublished manuscripts), including different versions of the same joke that make different points in different contexts. The larger point being that comedy is central to Žižek's seriousness.

Turn of the Century Kurt Andersen 2011-03-09 As big and exciting as the next century, this is a novel of real life at our giddy, feverish, topsy-turvy edge of the millennium. *Turn of the Century* is a good old-fashioned novel about the day after tomorrow—an uproarious, exquisitely observed panorama of our world as the twentieth century morphs into the twenty-first, transforming family, marriage, and friendship and propelled by the supercharged global businesses and new technologies that make everyone's lives shake and spin a little faster. As the year 2000 progresses, George Mactier and Lizzie Zimbalist, ten years married, are caught up in the whirl of their centrifugally accelerating lives. George is a TV producer for the upstart network MBC, launching a truly and weirdly groundbreaking new show that blurs the line between fact and fiction. Lizzie is a software entrepreneur dealing with the breakneck pleasures and pains of running her own company in an industry where the rules are rewritten daily. Rocketing between Los Angeles and Seattle, with occasional stopovers at home in Manhattan for tag-team parenting of their three children, George and Lizzie are the kind of businesspeople who, growing up in the sixties and seventies, never dreamed they would end up in business. They're too busy to spend the money that's rolling in, and too smart not to feel ambivalent about their crazed, high-gloss existences, but nothing seems to slow the roller-coaster momentum of their inter-secting lives and careers. However, after Lizzie, recovering from a Microsoft deal gone awry, becomes a confidante and adviser to George's boss, billionaire media mogul Harold Mose, the couple discovers that no amount of sophisticated spin can obscure basic instincts: envy, greed, suspicion, sexual temptation—and, maybe, love. When they and their children are finally drawn into a thrilling, high-tech corporate hoax that sends Wall Street reeling (and makes one person very, very rich), George and Lizzie can only marvel at life's oversized surprises and hold on for dear life. Like Tom Wolfe's *Bonfire of the Vanities*, Kurt Andersen's *Turn of the Century* lays bare the follies of our age with laser-beam precision, creating memorable characters and dissecting the ways we think, speak, and navigate this new era of extreme capitalism and mind-boggling technology. Entertaining, imaginative, knowing, and wise, *Turn of the Century* is a richly plotted comedy of manners about the way we live now.

Dream Sequence Adam Foulds 2019-06-11 Adam Foulds, the award-winning author of *The Quickening Maze*, pens a stunning and terrifying vision of the damage done between a fan and a celebrity in *Dream Sequence*—where the borders between inner and outer life have been made porous in a world full of flickering screens large and small. Henry became famous starring in *The Grange*, a television drama beloved by mothers and wives, and whose fans speak about the

characters as though they were real people . . . yet Henry dreams of escaping the small screen. An audition for a movie directed by a highly respected Spanish auteur holds the promise of a way forward. Whether holed up in his apartment eating monkish meals of rice and steamed vegetables or snorting cocaine at desert parties in Doha, Henry's awareness of his own image, of his relative place in the world, is acute and constant. But Henry has also—unwittingly—become an important part of the life of recently divorced Kristin. He appears repeatedly on the television in her beautiful, empty Philadelphia house, and her social media feeds bring news of his London home, his family. What Kristin wants is simply to get as close to him in real life as she has in her fandom.

Zeno's Paradox Joseph Mazur 2008-03-25 The fascinating story of an ancient riddle and what it reveals about the nature of time and space Three millennia ago, the Greek philosopher Zeno constructed a series of logical paradoxes to prove that motion is impossible. Today, these paradoxes remain on the cutting edge of our investigations into the fabric of space and time. Zeno's Paradox uses the motion paradox as a jumping-off point for an exploration of the twenty-five-hundred-year quest to uncover the true nature of the universe. From Galileo to Einstein to Stephen Hawking, some of the greatest minds in history have tackled the problem and made spectacular breakthroughs, but through it all, the paradox of motion remains.

21 Rituals to Change Your Life Theresa Cheung 2017-03-14 Aristotle said 'you are what you repeatedly do'. Most of us have no idea that what we repeatedly do creates our lives, we think our future is shaped by big events, the decisions we make, the thoughts we have but, this book will show you that it is your daily actions that are the key. Over the last few decades neuroscientists and psychologists have discovered that there is more power in 'I do' than 'I think'. However, if an action is repeated enough times it becomes habit but habits lack thought, consideration and presence. To effect long-lasting meaningful change our actions need to be filled with a sense of personal meaning and power – they need to be ritualized. Creating personal ritual in our lives allows us to bring the presence of the sacred into the everyday. The rituals in this book have been designed as symbolic acts providing a framework for anyone to use to create positive change in their lives. The 7 morning rituals are designed to help you 'wake with determination', the 7 afternoon rituals focus on 'living on purpose', and the 7 evening rituals are about 'retiring with satisfaction'.

The Chisellers Brendan O'Carroll 2000-03-01 The Mrs. Browne trilogy became an instant bestselling success in author Brendan O'Carroll's native Ireland. Similarly, when Plume introduced *The Mammy* (the first book in the series, May 1999) in the United States, it was greeted with overwhelming enthusiasm from American readers. Fans of Agnes Browne craving further hilarious and heartwarming adventures will be delighted with *The Chisellers*. Agnes, the lovable and determined heroine, returns with her seven children—whom she affectionately calls "the chisellers"—all struggling to make their way in the world with varying degrees of success. To make matters more difficult, as Agnes struggles along the bumpy road of parenting, she learns that the family is about to be forced out of their tenement home in the name of urban renewal. Pierre, Agnes' persistent suitor, is thankfully on hand to console her. Like all good Irish stories, *The Chisellers* includes a wedding and a funeral, much laughter and some tears—and it is sure to please newcomers as well as loyal fans of this terrific series.

In Search of a Glorious Death Carlo Mazzantini 1992 This autobiographical narrative provides an alternative perspective of World War I, recounting the experiences of a Roman schoolboy who volunteered to fight against the Allies after Italy surrendered in 1943. But he is not sent to the front. Instead, with professional soldiers from the Russian front and fanatical fascists, he fights in the civil war that raged in Mussolini's puppet state. He is captured in Milan after the German surrender and is spared execution by his captors, boys of his own age.

Leaving Ireland Ann Moore 2014-09-30 An Irish mother must flee her beloved homeland for a new life in America, in the "gripping" second novel of the acclaimed historical trilogy (Publishers Weekly). Forced to flee Ireland, Gracelin O'Malley boards a coffin ship bound for America, taking her young daughter with her on the arduous transatlantic voyage. In New York, Gracelin struggles to adapt to a strange new world and to the harsh realities of immigrant life in a city teeming with

crime, corruption, and anti-Irish prejudice. As she tries to make a life for herself and her daughter, she reunites with her brother, Sean . . . and a man she thought she'd never see again. When her friendship with a runaway slave sweeps her into the volatile abolitionist movement, Gracelin gains entrée to the drawing rooms of the wealthy and powerful. Still, the injustice all around her threatens the future of those she loves, and once again, she must do the unthinkable. This sweeping novel of the Irish immigrant experience in 1840s America brings a long-ago world to vibrant life and continues a remarkable heroine's bold, dramatic journey through extraordinary times.

Nineteen Eighty David Peace 2010-03-16 Continuing the narrative begun with *Nineteen Seventy-Four* and *Nineteen Seventy-Seven*, this electrifying third installment of David Peace's *Red Riding Quartet* demonstrates a skill that goes above and beyond the limits of the genre. While Yorkshire is terrorized by the Ripper, the corrupt police continue to prosper. To give the case some new life, Peter Hunter, a "clean" cop from nearby Manchester, is brought in to offer a fresh perspective. As he goes about setting up a new case under the radar, he suffers the same fate as those who previously attempted to get in the way of the Ripper: his house is burned down, his wife threatened. But he soldiers on. And as he comes face to face with unthinkable evil, Hunter struggles to maintain his reputation, his sanity, and his life.

100 Essential Things You Didn't Know You Didn't Know about Math and the Arts John D. Barrow 2015-02-23 An entertaining and illuminating collection of 100 surprising connections between math and the arts. At first glance, the worlds of math and the arts might not seem like comfortable neighbors. But as mathematician John D. Barrow points out, they have a strong and natural affinity—after all, math is the study of all patterns, and the world of the arts is rich with pattern. Barrow whisks us through 100 thought-provoking and often whimsical intersections between math and many arts, from the golden ratios of Mondrian's rectangles and the curious fractal-like nature of Pollock's drip paintings to ballerinas' gravity-defying leaps and the next generation of monkeys on typewriters tackling Shakespeare. For those of us with our feet planted more firmly on the ground, Barrow also wields everyday equations to reveal how many guards are needed in an art gallery or where you should stand to look at sculptures. From music and drama to literature and the visual arts, Barrow's witty and accessible observations are sure to spark the imaginations of math nerds and art aficionados alike.

Domesticated: Evolution in a Man-Made World Richard C. Francis 2015-05-25 "An essential read for anyone interested in the stories of the animals in our home or on our plate."—BBC Focus Without our domesticated plants and animals, human civilization as we know it would not exist. We would still be living at subsistence level as hunter-gatherers if not for domestication. It is no accident that the cradle of civilization—the Middle East—is where sheep, goats, pigs, cattle, and cats commenced their fatefully intimate association with humans. Before the agricultural revolution, there were perhaps 10 million humans on earth. Now there are more than 7 billion of us. Our domesticated species have also thrived, in stark contrast to their wild ancestors. In a human-constructed environment—or man-made world—it pays to be domesticated. Domestication is an evolutionary process first and foremost. What most distinguishes domesticated animals from their wild ancestors are genetic alterations resulting in tameness, the capacity to tolerate close human proximity. But selection for tameness often results in a host of seemingly unrelated by-products, including floppy ears, skeletal alterations, reduced aggression, increased sociality, and reduced brain size. It's a package deal known as the domestication syndrome. Elements of the domestication syndrome can be found in every domesticated species—not only cats, dogs, pigs, sheep, cattle, and horses but also more recent human creations, such as domesticated camels, reindeer, and laboratory rats. That

domestication results in this suite of changes in such a wide variety of mammals is a fascinating evolutionary story, one that sheds much light on the evolutionary process in general. We humans, too, show signs of the domestication syndrome, which some believe was key to our evolutionary success. By this view, human evolution parallels the evolution of dogs from wolves, in particular. A natural storyteller, Richard C. Francis weaves history, archaeology, and anthropology to create a fascinating narrative while seamlessly integrating the most cutting-edge ideas in twenty-first-century biology, from genomics to evo-devo.

36 Questions That Changed My Mind About You Vicki Grant 2017-10-17 Inspired by the real psychology study popularized by the New York Times and its "Modern Love" column, this contemporary YA is perfect for fans of Eleanor and Park. Two random strangers. Two secrets. Thirty-six questions to make them fall in love. Hildy and Paul each have their own reasons for joining the university psychology study that asks the simple question: Can love be engineered? The study consists of 36 questions, ranging from "What is your most terrible memory?" to "When did you last sing to yourself?" By the time Hildy and Paul have made it to the end of the questionnaire, they've laughed and cried and lied and thrown things and run away and come back and driven each other almost crazy. They've also each discovered the painful secret the other was trying so hard to hide. But have they fallen in love? Told in the language of modern romance -- texting, Q&A, IM -- and punctuated by Paul's sketches, this clever high-concept YA is full of humor and heart. As soon as you've finished reading, you'll be searching for your own stranger to ask the 36 questions. Maybe you'll even fall in love. Rights have sold in 19 territories!

13 Ways of Looking at a Fat Girl Mona Awad 2016-02-23 "Stunning . . . As you watch Lizzie navigate fraught relationships—with food, men, girlfriends, her parents and even with herself—you'll want to grab a friend and say: 'Whoa. This. Exactly.'" —Washington Post A "hilarious, heartbreaking book" (People) from the author of *Bunny Named* one of the best books of the year by NPR, The Atlantic, Time Out New York, and The Globe and Mail Growing up in the suburban hell of Misery Saga (a.k.a. Mississauga), Lizzie has never liked the way she looks—even though her best friend Mel says she's the pretty one. She starts dating guys online, but she's afraid to send pictures, even when her skinny friend China does her makeup: she knows no one would want her if they could really see her. So she starts to lose. With punishing drive, she counts almonds consumed, miles logged, pounds dropped. She fights her way into coveted dresses. She grows up and gets thin, navigating double-edged validation from her mother, her friends, her husband, her reflection in the mirror. But no matter how much she loses, will she ever see herself as anything other than a fat girl? In her brilliant, hilarious, and at times shocking debut, Mona Awad simultaneously skewers the body image-obsessed culture that tells women they have no value outside their physical appearance, and delivers a tender and moving depiction of a lovably difficult young woman whose life is hijacked by her struggle to conform. As caustically funny as it is heartbreaking, *13 Ways of Looking at a Fat Girl* introduces a vital new voice in fiction. WINNER OF THE AMAZON CANADA FIRST NOVEL AWARD FINALIST FOR THE SCOTIABANK GILLER PRIZE FINALIST FOR THE COLORADO BOOK AWARD FOR LITERARY FICTION LONGLISTED FOR THE DUBLIN LITERARY AWARD ARAB AMERICAN BOOK AWARD HONORABLE MENTION FOR FICTION NAMED ONE OF THE MOST ANTICIPATED BOOKS OF 2016 BY ELLE, BUSTLE, AND THE GLOBE AND MAIL NAMED ONE OF THE BEST BOOKS OF THE MONTH BY THE HUFFINGTON POST, BUSTLE AND BOOKRIOT

Nineteen Seventy-seven David Peace 2010-03-16 David Peace's acclaimed Red Riding Quartet continues with this exhilarating follow-up to *Nineteen Seventy-Four*. It's summer in Leeds and the city is anxiously awaiting the Jubilee of Queen Elizabeth's reign. Detective Bob Fraser and Jack Whitehead, a reporter at the Post, however, have other things on their minds—mainly the fact that someone is murdering prostitutes. The killer is quickly dubbed the "Yorkshire Ripper" and each man, on their own, works tirelessly to catch him. But their investigations turn grisly as they each engage in affairs with the prostitutes they are supposedly protecting. As the summer progresses, the killings accelerate and it seems as if Fraser and Whitehead are the only men who suspect or care that there may be more than one killer at large.

30 Great Myths about Shakespeare Laurie Maguire 2013-01-22 Think you know Shakespeare? Think again . . . Was a real skull used in the first performance of Hamlet? Were Shakespeare's plays Elizabethan blockbusters? How much do we really know about the playwright's life? And what of his notorious relationship with his wife? Exploring and exploding 30 popular myths about the great playwright, this illuminating new book evaluates all the evidence to show how historical material—or its absence—can be interpreted and misinterpreted, and what this reveals about our own personal investment in the stories we tell.

The Immaterial André Gorz 2010 We live in a world where material products have increasingly become vehicles for intangible symbolic and aesthetic messages. A very sizeable marketing and advertising industry produces only images and symbols---the immaterial dimension that `sells' material commodities. The economic boom that accelerated in the 1990s and crashed so spectacularly in 2008 was based largely on immaterial consumption, as capitalism tried to overcome the crisis of the Fordist regime by throwing itself into the new, so-called knowledge economy. --

Salt Water Charles Simmons 2012-10-12 In the summer of 1963 I fell in love and my father drowned.... So begins this sweet, ominous novel by Charles Simmons. Set against an idyllic landscape of water, sand, and sky, it recounts in exquisite detail the momentous events of a boy's 16th summer that reveal to him the dark facts of adult passion. On Bone Point, an island off the New England coast, the boy's long, lazy days of boating and swimming are sharpened by a growing awareness of his charismatic father's infidelities. Add to this the presence of a flirtatious middle-aged woman and her beautiful 20-year-old daughter, who have rented the guesthouse, and the tale is set in motion. This tautly constructed novel is both startling and haunting—an irresistible story of memory, desire, and suspense.

Speaking from Among the Bones Alan Bradley 2013-01-29 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • NEW YORK TIMES BESTSELLER From award-winning author Alan Bradley comes the next cozy British mystery starring intrepid young sleuth Flavia de Luce, hailed by USA Today as “one of the most remarkable creations in recent literature.” Eleven-year-old amateur detective and ardent chemist Flavia de Luce is used to digging up clues, whether they’re found among the potions in her laboratory or between the pages of her insufferable sisters’ diaries. What she is not accustomed to is digging up bodies. Upon the five-hundredth anniversary of St. Tancred’s death, the English hamlet of Bishop’s Lacey is busily preparing to open its patron saint’s tomb. Nobody is more excited to peek inside the crypt than Flavia, yet what she finds will halt the proceedings dead in their tracks: the body of Mr. Collicutt, the church organist, his face grotesquely and inexplicably masked. Who held a vendetta against Mr. Collicutt, and why would they hide him in such a sacred resting place? The irrepressible Flavia decides to find out. And what she unearths will prove there’s never such thing as an open-and-shut case. BONUS: This edition includes an excerpt from Alan Bradley’s *The Dead in Their Vaulted Arches*. Acclaim for *Speaking from Among the Bones* “[Alan] Bradley scores another success. . . . This series is a grown-up version of Nancy Drew, the Hardy Boys and all those mysteries you fell in love with as a child.”—The San Diego Union-Tribune “The precocious and irrepressible Flavia . . . continues to delight.”—Publishers Weekly (starred

review) “Fiendishly brilliant . . . Bradley has created an utterly charming cast of characters . . . as quirky as any British mystery fan could hope for.”—Bookreporter “Delightful and entertaining.”—San Jose Mercury News

Demonkeeper Royce Buckingham 2008-10-02 When Nat, the weirdest boy in Seattle, leaves for a date with the plainest girl in town, chaos breaks out in the houseful of demons of which he is the sole guardian.

Goodbye to the Dead Brian Freeman 2016-03-08 Detective Jonathan Stride's first wife, Cindy, died of cancer eight years ago, but her ghost hangs over Stride's relationship with current lover, and fellow detective, Serena Dial. When Serena witnesses a brutal murder outside a Duluth bar, she stumbles onto a case with roots that go all the way back to the last year of Cindy Stride's life. At the time, Cindy and Stride were on opposite sides of a domestic murder investigation. Gorgeous, brilliant Janine Snow--a surgeon transplanted to Duluth from Texas--was the prime suspect in the shooting death of her husband. Cindy believed her friend Janine was innocent, but Stride thought all the evidence pointed to the surgeon--even though the gun was never found. Despite Cindy's attempts to help Janine, the case led to a high-profile murder trial in which Janine was convicted and sent to prison. During the current investigation, Serena finds a gun used in the murder of a woman connected to an organized crime syndicate--a gun that turns out to be the same weapon used to kill Janine Snow's husband. Two unrelated cases years apart suddenly have a mysterious connection. As Stride investigates the possibility that human traffickers are targeting women in the Duluth port, he begins to question whether he made a terrible mistake eight years ago by putting an innocent woman in prison. And whether he will ever be able to make peace with the memory of his beloved wife and give his heart to Serena.

Re-Forming Capitalism Wolfgang Streeck 2010-03-04 Wolfgang Streeck has written extensively on comparative political economy and institutional theory. In this book he addresses some of the key issues in this field: the role of history in institutional analysis, the dynamics of slow institutional change, the limitations of rational design and economic-functionalist explanations of institutional stability, and the recurrent difficulties of restraining the effects of capitalism on social order. In the classification of the 'Varieties of Capitalism' school, Germany has always been taken as the chief exemplar of a 'European', coordinated market economy. Streeck explores to what extent Germany actually conforms to this description. His argument is supported by original empirical research on wage-setting and wage structure, the organization of business and labor in business associations and trade unions, social policy, public finance, and corporate governance. From this evidence, *Bringing Capitalism Back In* traces the current liberalization of the postwar economy of democratic capitalism by means of an historically-grounded approach to institutional change. This is an important book in comparative political economy and key reading across the social sciences for academics, researchers, and advanced students of Political Economy, Sociology, comparative business systems.

The Young Wan Brendan O'Carroll 2004-01-27 Before she was a Mammy, before she had Chisellers, and before they made her a Granny, Agnes Browne was Agnes Reddin, a young girl--or a Young Wan--growing up in the Jarro in Dublin. Brendan O'Carroll takes readers back to the heart of working-class Dublin, this time in the 1940s. Together with her soon to be lifelong best friend Marion Delany, young Agnes manages to survive the indignities and demands of Catholic school, the unwanted births of siblings, days spent in the factories and markets, and nights in the dance hall as rock-and-roll invades Dublin. But on the eve of her wedding night, the Jarro is alive with gossip--will Agnes be turned away at the altar? For the whole parish knows Agnes's not-so-well-kept secret. And with a mother falling further into dementia, and a younger sister turning to a life of crime, it's up to Agnes alone to keep her splintering family together, while trying to create one of her own. Filled with O'Carroll's trademark wicked wit and loving, larger-than-life characters, *The Young Wan* shows the hardscrabble beginnings of the ultimate Irish mother and family.

Garlic, Mint, & Sweet Basil Jean-Claude Izzo 2013-05-09 Available for the first time in English in Howard Curtis's brilliant translation, this collection of personal essays shows Izzo at his most contemplative and insightful. He writes beautifully about the city he loved, the sea to which he

belonged, and the literary movement that made him famous.

Europe and the Politics of Capabilities Robert Salais 2005-01-13 The social agenda of the European Union is shifting towards broad social initiatives that align social and economic objectives with the promotion of employment. This calls for an action framework that permits social dialogue and political deliberation to inform and complement legislative action at all levels. The debate, however, has been dominated by advocates of traditional welfare states. This book, to break out of this sterile stalemate, demonstrates how an employment-orientated social policy in Europe can develop from a new, different set of policy principles, specifically 'a capability approach'. Taking inspiration from the work of Amartya Sen, this book focuses on the effective freedom people need to achieve their goals in life and work. The result of ongoing collaboration between researchers and social actors, it will appeal to social scientists, students, policy-makers and all those concerned with the building of Europe.

Fromage a Trois Victoria Brownlee 2018 "On the brink of 30, in a haze of heartbreak, Ella makes the only decision that seems rational: she buys a one-way ticket to Paris, embarking on a pilgrimage of food, wine, and balancing two French beaux"--

Dinner with Darwin Jonathan Silvertown 2017-09-05 What do eggs, flour, and milk have in common? They form the basis of crepes of course, but they also each have an evolutionary purpose. Eggs, seeds (from which flour is derived by grinding) and milk are each designed by evolution to nourish offspring. Everything we eat has an evolutionary history. Grocery shelves and restaurant menus are bounteous evidence of evolution at work, though the label on the poultry will not remind us of this with a Jurassic sell-by date, nor will the signs in the produce aisle betray the fact that corn has a 5,000 year history of artificial selection by pre-Columbian Americans. Any shopping list, each recipe, every menu and all ingredients can be used to create culinary and gastronomic magic, but can also each tell a story about natural selection, and its influence on our plates--and palates. Join in for multiple courses, for a tour of evolutionary gastronomy that helps us understand the shape of our diets, and the trajectories of the foods that have been central to them over centuries--from spirits to spices. This literary repast also looks at the science of our interaction with foods and cooking--the sights, the smells, the tastes. The menu has its eclectic components, just as any chef is entitled. But while it is not a comprehensive work which might risk gluttony, this is more than an amuse bouche, and will leave every reader hungry for more.

Academy Street Mary Costello 2015-04-07 A vibrant, intimate, hypnotic portrait of one woman's life, from an important new writer Tess Lohan is the kind of woman that we meet and fail to notice every day. A single mother. A nurse. A quiet woman, who nonetheless feels things acutely—a woman with tumultuous emotions and few people to share them with. *Academy Street* is Mary Costello's luminous portrait of a whole life. It follows Tess from her girlhood in western Ireland through her relocation to America and her life there, concluding with a moving reencounter with her Irish family after forty years of exile. The novel has a hypnotic pull and a steadily mounting emotional force. It speaks of disappointments but also of great joy. It shows how the signal events of the last half century affect the course of a life lived in New York City. Anne Enright has said that Costello's first collection of stories, *The China Factory*, "has the feel of work that refused to be abandoned; of stories that were written for the sake of getting something important right . . . Her writing has the kind of urgency that the great problems demand" (*The Guardian*). *Academy Street* is driven by this same urgency. In sentence after sentence it captures the rhythm and intensity of inner life.

Nineteen Seventy-four David Peace 2010-03-16 The first installment of David Peace's electrifying *Red Riding Quartet* vividly brings to life a gritty, dangerous working class city tormented by a series of brutal murders. *Nineteen Seventy-Four* follows Eddie Dunford, the newly minted crime correspondent for the *Yorkshire Post*. His first story is about Clare Kemplay, a young girl recently found brutally murdered. While the police department and other crime reporters at the newspaper believe it's an isolated incident, Eddie finds a pattern between Clare's disappearance and those of other girls from a few years earlier. Despite his better judgment, and against the advice of others, he starts to dig deep. What he finds is a nightmare of corruption, violence, blackmail, and obsession

that ultimately leads to a shocking, explosive conclusion.

And Other Stories Georgi Gospodinov 2007-07-27 Stories within stories, a few contemporary fables, a hint of the narrative complexity of Borges, a whiff of the gritty realism of pre- and post-communist life in Eastern Europe - these are the elements that come together in a unique and surprising way in the wildly imaginative and endlessly engaging short stories of Georgi Gospodinov. Whether a tongue-in-cheek crime/horror story or the Christmas story of a pig, a language game leading to an unexpected epiphany or an inward-looking tale built on the complexity of a puzzle box, the work in this collection offers a kaleidoscopic experience of a writer whose style has been described as anarchic, experimental (New Yorker) and compulsively readable (New York Times). Gospodinov's debut prose work *Natural Novel* was hailed as a go-for-broke postmodern construction - a devilish jam of jump-cut narration, pop culture riffs, wholesale quotation, and Chinese-box authorship (Village Voice). At once familiar and fantastic, his writing is high comedy, high seriousness, and of very high order.

Farewell, Ghosts Nadia Terranova 2020-08-25 This award-winning novel about a woman facing her past introduces Terranova to English-speaking audiences. Translated by Ann Goldstein, translator of Elena Ferrante's Neapolitan quartet. Finalist, Premio Strega, 2019 | Winner, Premio Alassio Centolibri | Selected among the 10 Best Italian Books of 2018 by Corriere della Sera Ida is a married woman in her late thirties, who lives in Rome and works at a radio station. Her mother wants to renovate the family apartment in Messina, to put it up for sale and asks her daughter to sort through her things--to decide what to keep and what to throw away. Surrounded by the objects of her past, Ida is forced to deal with the trauma she experienced as a girl, twenty-three years earlier, when her father left one morning, never to return. The fierce silences between mother and daughter, the unbalanced friendships that leave her emotionally drained, the sense of an identity based on anomaly, even the relationship with her husband, everything revolves around the figure of her absent father. Mirroring herself in that absence, Ida has grown up into a woman dominated by fear, suspicious of any form of desire. However, as her childhood home besieges her with its ghosts, Ida will have to find a way to break the spiral and let go of her father finally. Beautifully translated by Ann Goldstein, who also translated Elena Ferrante's Neapolitan quartet, *Farewell, Ghosts* is a poetic and intimate novel about what it means to build one's own identity.

The Bolsheviks Come to Power Alexander Rabinowitch 2004 For generations in the West, Cold War animosity blocked dispassionate accounts of the Russian Revolution. This history authoritatively restores the upheaval's primary social actors-workers, soldiers, and peasants-to their rightful place at the center of the revolutionary process.

Let's Get Invisible! R.L. Stine 2015-04-28 "Out of sight, out of mind" takes on a twisted new meaning in this horrific adventure in one of the-bestselling children's series of all time. On Max's birthday, he finds a kind of magic mirror in the attic. It can make him invisible. So Max and his friends start playing "now you see me, now you don't." Until Max realizes that he's losing control. Staying invisible a little too long. Having a harder and harder time coming back. Getting invisible is turning into a very dangerous game. The next time Max gets invisible, will it be . . . forever?
