Chains Laurie Halse Anderson 2011-08-02 From acclaimed author Laurie Halse Anderson comes this compelling first novel in the historical middle grade The Seeds of America trilogy that shows the lengths we can go to cast off our chains, both physical and spiritual. As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom.

And Pantone is the renowned authority on color and color communication, known to artists, designers, art directors, businesses and students around the world. Central to their understanding of color are the subtle cues that affect how we relate to our environment and each other. Now, in collaboration with Italy's premiere cookbook publisher, Pantone brings its expertise on the relationship between color and mood to the subject of food. Fifty-six step-by-step recipes are gathered around eight colors and their variations, including: Yellow (Tarte Citron); Magenta (Sea Bream Tartar with Rose Petals); Green (Savory Asparagus Tart); Blue (Salad with Borage Flowers); Purple (Fox Grape Pudding); Orange (Tandoori Chicken with Basmati Rice); Red (Round Meringue with Wild Strawberries); and Brown (Coffee Semifreddo). Each recipe collection is introduced with an essay by a Pantone color expert on that color's mood-food connection. And each recipe is styled to perfection and photographed in Pantone's full-color glory.

Ἡδυπάθεια Arcestratus (of Gela.) 2000 Arcestratos of Gela was the author of a mock-epic poem, most likely entitled the Hedupatheia or Life of Luxury, that presented itself as a gastronomic tour of the Mediterranean world. Written sometime in the first two-thirds of the fourth century BCE, the Hedupatheia was widely read in the late classical and early Hellenistic periods and was translated into Latin by Ennius, through whom it influenced the work of later Roman poets including Horace. It survives today in fragments totalling about 330 lines. The Hedupatheia is a fundamental source for our understanding not only of fourth-century literature but also of the significance of food and dining and the reception of epic poetry in late classical society. This edition is based on a fresh examination of the manuscripts and is the first to combine an authoritative critical text of the fragments with a translation, a detailed philological and historical commentary, and an extensive introduction situating the poem in its literary, social, and cultural context.

Telephone Tales Gianni Rodari 2020-09-08 Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's *Telephone Tales* is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (*The Forest*), *Telephone Tales* entertains, while questioning and imagining other worlds.

History of the Italian Agricultural Landscape Emilio Sereni 2014-07-14 Emilio Sereni's classic work is now available in an English language edition. *History of the Italian Agricultural Landscape* is a synthesis of the agricultural history of Italy in its economic, social, and ecological context, from antiquity to the mid-twentieth century. From his perspective in the Italian tradition of cultural Marxism, Sereni guides the reader through

the millennial changes that have affected the agriculture and ecology of the regions of Italy, as well as through the successes and failures of farmers and technicians in antiquity, the middle ages, the Renaissance, and the Industrial Revolution. In this sweeping historical survey, he describes attempts by successive generations to adapt Italy's natural environment for the purposes of agriculture and to respond to its changing ecological problems. History of the Italian Agricultural Landscape first appeared in 1961. At the time of its publication it was a pathbreaking work, parallel in its importance for Italy to Marc Bloc's masterwork of 1931, The Original Characteristics of French Rural History. Sereni invented the concept of the historical "agricultural landscape": an interdisciplinary characterization of rural life involving economic and social history, linguistics, archeology, art history, and ecological studies. Originally published in 1997. Sea and Sardinia D. H. Lawrence 1997-06-05 Written after the First World War when he was living in Sicily, Sea and Sardinia records Lawrence's journey to Sardinia and back in January 1921. It reveals his response to a new landscape and people and his ability to transmute the spirit of place into literary art. Like his other travel writings the book is also a shrewd inquiry into the political and social values of an era which saw the rise of communism and fascism. On one level an indictment of contemporary materialism, Sea and Sardinia is nevertheless an optimistic book, celebrating the creativity of the human spirit and seeking in the fundamental laws which governed human nature in the past fresh inspiration for the present. This 1997 edition restores censored passages and corrects corrupt textual readings to reveal for the first time the book Lawrence himself called 'a marvel of veracity'.

Greek Medical Papyri Nicola Reggiani 2019-09-23 The volume collects papers presented at the International Conference "Greek Medical Papyri - Text, Context, Hypertext" held at the University of Parma on November 2-4, 2016, as the final event of the ERC project DIGMEDTEXT, aimed primarily at creating an online textual database of the Greek papyri dealing with medicine. The contributions, authored by outstanding papyrologists and historians of the ancient medicine, deal with a variety of topics focused on the papyrological evidence of ancient medical texts and contexts. The first part, devoted to "medical texts", contains some new reflections on important sources such as the Anonymus Londinensis and the Hippocratic corpus, as well as on specific themes like the pharmacological vocabulary, the official medical reports, the medical care in the Roman army. The second part collects papers about the "doctors' context", providing highlights from broader viewpoints like the analysis of the writing supports, the study of the ostraka from the Eastern Desert, the evidence of inscriptions and philosophical texts. The third part is entirely focused on the DIGMEDTEXT project itself: the team members present some relevant key issues raised by the digitisation of the medical papyri.

Cooking Couture Gisella Borioli 2013 What happens when cuisine blends with haute couture. Can you describe an item of clothing in terms of its flavor, its odor? Or the taste of a fabric, that desire which makes your mouth water? Sampling a dish of the latest creative cuisine, can you be surprised by its fanciful texture, enchanted by its masterly form? In short, can the language of the contemporary world, so accustomed to collusions, mixtures, contrasts and allusions, come up with new recipes that bring together two such apparently incompatible worlds as designer clothing and signature cuisine? Let's try to combine, for once, fashion and food in their most up-to-date interpretations. The collection of haute couture dishes invented by Matias Perdomo, one of the most inventive of the latest generation of chefs, holds a dialogue with the creations of a dozen contemporary designers. Ennio Capasa, Angela Missoni, Agatha Ruiz de la Prada, Dean and Dan Caten, Prada, Giorgio Armani, Anna Molinari, Donatella Versace, Marni, Dolce and Gabbana, and Antonio Marras have given Matias the cues for his unexpected creations.

The Curious Incident of the Dog in the Night-Time Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Here, in this firsthand and highly personal account of an extraordinary people, Yoors tells the real story of the Gypsies fascinating customs and their never-ending struggle to survive as free nomads in a hostile world. He vividly describes the texture of their daily life: the Gypsies as lovers, spouses, parents, healers, and mourners; their loyalties and enmities; their moral and ethical beliefs and practices; their language and culture; and the history and traditions behind their fierce pride.
