

Sissinghurst An Unfinished History

Vita Sackville-West's Sissinghurst Vita Sackville-West 2014-03-06 From 1946 to 1957, Vita Sackville-West, the poet, bestselling author of *All Passion Spent* and maker of Sissinghurst, wrote a weekly column in the *Observer* describing her life at Sissinghurst, showing her to be one of the most visionary horticulturalists of the twentieth-century. With wonderful additions by Sarah Raven, *Vita Sackville-West's Sissinghurst* draws on this extraordinary archive, revealing Vita's most loved flowers, as well as offering practical advice for gardeners. Often funny and completely accessibly written with colour and originality, it also describes details of the trials and tribulations of crafting a place of beauty and elegance. Sissinghurst has gone on to become one of the most visited and inspirational gardens in the world and this marvellous book, illustrated with drawings and original photographs throughout, shows us how it was created and how gardeners everywhere can use some of the ideas from both Sarah Raven and Vita Sackville-West.

The fall and rise of the English upper class Daniel R. Smith 2023-04-18 The fall and rise of the English upper class explores the role traditionalist worldviews, articulated by members of the historic upper-class, have played in British society in the shadow of her imperial and economic decline in the twentieth century. Situating these traditionalist visions alongside Britain's post-Brexit fantasies of global economic resurgence and a socio-cultural return to a green and pleasant land, Smith examines Britain's Establishment institutions, the estates of her landed gentry and aristocracy, through to an appetite for nostalgic products represented with pastoral or pre-modern symbolism. It is demonstrated that these institutions and pursuits play a central role in situating social, cultural and political belonging. Crucially these institutions and pursuits rely upon a form of membership which is grounded in a kinship idiom centred upon inheritance and descent: who inherits the houses of privilege, inherits England.

How the Country House Became English Stephanie Barczewski 2023-09-19 The story of how the country house, historically a site of violent disruption, came to symbolize English stability during the eighteenth century. Country houses are quintessentially English, not only architecturally but also in that they embody national values of continuity and insularity. The English country house, however, has more often been the site of violent disruption than continuous peace. So how is it that the country house came to represent an uncomplicated, nostalgic vision of English history? This book explores the evolution of the country house, beginning with the Reformation and Civil War, and shows how the political events of the eighteenth century, which culminated in the reaction against the French Revolution, led to country houses being recast as symbols of England's political stability.

Ghosts of 42nd Street Anthony Bianco 2009-10-13 Imagine shuffling down Broadway through the hustle and bustle right into the nonstop, neon heart of New York City: 42nd Street. Once a quiet neighborhood of brownstones and churches, the area was transformed in the early 1900s into an

entertainment hub unlike any in the world. No place has ever evoked the glamour and romantic possibility of big city nightlife as vividly as did 42nd Street. It was the dazzle of "naughty, bawdy, gaudy" 42nd Street that put Times Square on the map and turned the Broadway theater district into the Great White Way. Ghosts of 42nd Street stirs your imagination as it takes you on a historical journey of this glamorized strip still known today as the Crossroads of the World. From the bold innovations of Oscar Hammerstein and Florenz Ziegfeld through the porn-laden 1960s and 1970s to the present-day "Disneyfication" of New York's bright lights district, Ghosts of 42nd Street is as fascinating as a tabloid frozen in time.

Gentry Adam Nicolson 2012 Adam Nicolson tells the story of England through the history of fourteen gentry families - from the 15th century to the present day. This sparkling work of history reads like a real-life Downton Abbey, as the loves, hatreds and many times of grief of his chosen cast illuminate the grand events of history. We may well be 'a nation of shopkeepers', but for generations England was a country dominated by its middling families, rooted on their land, in their locality, with a healthy interest in turning a profit from their property and a deep distrust of the centralised state. The virtues we may all believe to be part of the English culture - honesty, affability, courtesy, liberality - each of these has their source in gentry life cultivated over five hundred years. These folk were the backbone of England. Adam Nicolson's riveting new book concentrates on fourteen families, from 1400 to the present day. From the medieval gung-ho of the Plumpton family to the high-seas adventures of the Lascelles in the eighteenth century, to more modern examples, the book provides a chronological picture of the English, seen through these intimate, passionate, powerful stories of family saga. Drawing on a wealth of unpublished archive material, here is a vivid depiction of the life and code of the gentry. 'The Gentry' is first and foremost a wonderful sweep of English history, shedding light on the creation of the distinctive English character but with the sheer readability of an epic novel.

Space, Place and Gendered Identities Kathryn Beebe 2017-10-02 In the last two decades, historians have increasingly sought to understand how environments, 'built' and otherwise, architectural surroundings, landscapes, and conceptual 'places' and 'spaces' have affected the nature and scope of political power, cultural production and social experience. The essays in this collection expand upon this already rich field of inquiry by combining an analytical approach sensitive to questions of gender with an exploration of ideas of political space. The volume demonstrates how the gendered and political meanings of space—be that space domestic or public, rural or urban, real or imagined, or a combination of all these and more—are fashioned through the movement of historical actors through space and time. Whether in delineating the gendered and politicized space of the pulpit; the sickroom; the Irish farmyard; the London suffrage atelier; the domestic space created by the wireless; the lesbian 'scene' of rural Canada; the eighteenth-century ladies' 'closet'; or the public space within the 'public history' of historic houses, the volume demonstrates how the meanings of these spaces are not fixed, but are challenged and reformulated. This book was originally published as a special issue of *women's History Review*.

Imperial City Susan Vandiver Nicassio 2005 In 1798 the city of Rome was stirred from its slumber by the sudden arrival of the armies of the French Revolution. The Eternal City would never be the same again. The French oversaw the transformation of the city from the capital of the Papal States to a short-lived 'Jacobin' Roman Republic. This experiment was soon swept away and the city emerged from the ensuing years of chaos only to find itself absorbed into Imperial France. The Pope was exiled and Rome was set to be coaxed and bludgeoned into a capital city worthy of a new Empire. Against this historical backdrop Susan Vandiver Nicassio weaves together an absorbing social, cultural and political history of Rome during these two critical decades. Based on primary sources and incorporating two centuries of Italian, French, and international research, she reveals what life was like for the population of Rome in the age of Napoleon. Nicassio guides us through Napoleonic Rome, through its ruins and slums, its palaces and churches. We learn what Romans ate, drank, wore, and read; how they played and prayed (sometimes at the same time); and how they loved and married and died. We see the great festivals, from carnival to the Days of the Dead; the music, the art, dancing, songs and games; the random

violence in public houses and intrigue in great houses. We experience life in this city of contradictions: its prisons, orphanages and hospitals the best that Europe could produce, its universities outdated, its economy a chronic disaster, its streets unimaginably filthy, its murder rate staggering and its police force among the worst in the world. Imperial City is a history of a unique city that allows us to observe a city and its people subjected to all the perils of revolution and counter-revolution, occupation and resistance. Susan Vandiver Nicassio is Associate Professor of History at the University of Louisiana at Lafayette. She is the author of *Tosca's Rome* and other studies of the culture and politics of the late eighteenth century.

Landscape of Dreams Gardens of Isabel and Julian Bannerman I. & J. Bannerman 2019-03 Isabel and Julian Bannerman have been described as "mavericks in the grand manner, touched by genius" (Min Hogg, *World of Interiors*) and "the Bonnie and Clyde of garden design" (Ruth Guilding, *The Bible of British Taste*). Their approach to design, while rooted in history and the classical tradition, is fresh, eclectic and surprising. They designed the British 9/11 Memorial Garden in New York and have also designed gardens for the Prince of Wales at Highgrove and the Castle of Mey, Lord Rothschild at Waddesdon Manor, the Duke and Duchess of Norfolk at Arundel Castle in Sussex and John Paul Getty II at Wormsley in Buckinghamshire. The garden they made for themselves at Hanham Court near Bath was acclaimed by *Gardens Illustrated* as the top garden of 2009, ahead of Sissinghurst. When they moved from Hanham it was to the fairytale castle of Trematon overlooking Plymouth Sound, where they have created yet another magical garden. *Landscape of Dreams* celebrates the imaginative and practical process of designing, making and planting all of these gardens, and many more.

Between the Acts Virginia Woolf 2022-11-13 *Between the Acts* is the final novel by Virginia Woolf, published in 1941 shortly after her suicide. This is a book laden with hidden meaning and allusion. It describes the mounting, performance, and audience of a festival play (hence the title) in a small English village just before the outbreak of the Second World War. Much of it looks forward to the war, with veiled allusions to connection with the continent by flight, swallows representing aircraft, and plunging into darkness. The pageant is a play within a play, representing a rather cynical view of English history. Woolf links together many different threads and ideas - a particularly interesting technique being the use of rhyme words to suggest hidden meanings. Relationships between the characters and aspects of their personalities are explored. The English village bonds throughout the play through their differences and similarities.

God's Secretaries Adam Nicolson 2005-08-02 A network of complex currents flowed across Jacobean England. This was the England of Shakespeare, Jonson, and Bacon; the era of the Gunpowder Plot and the worst outbreak of the plague. Jacobean England was both more godly and less godly than the country had ever been, and the entire culture was drawn taut between these polarities. This was the world that created the King

James Bible. It is the greatest work of English prose ever written, and it is no coincidence that the translation was made at the moment "Englishness," specifically the English language itself, had come into its first passionate maturity. The English of Jacobean England has a more encompassing idea of its own scope than any form of the language before or since. It drips with potency and sensitivity. The age, with all its conflicts, explains the book. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

Portrait of a Marriage Nigel Nicolson 1998-11 Vita Sackville-West, novelist, poet, and biographer, is best known as the friend of Virginia Woolf, who transformed her into an androgynous time-traveler in *Orlando*. The story of her love affair with Violet Keppel Trefusis in 1920 is one of intrigue and bewilderment. In *Portrait of a Marriage*, Nigel Nicolson combines his mother's vivid memoir of escapade with what he learned from copious family letters and explains the context of this romantic crisis. He also describes how Vita Sackville-West and Harold Nicolson went on to live the rest of their lives in harmonious marriage.

Sissinghurst Jane Brown 1994-06 The celebrated garden at Sissinghurst, created in the 1930s by Vita Sackville-West and her husband Harold Nicolson, has an unsurpassed romantic atmosphere. This book records the garden in all its seasons and moods, as well as the hosts of special plants and the inventive planting schemes.

Arcadia Adam Nicolson 2009 A fascinating depiction from award-winning author, Adam Nicolson, of a family and a country on the hinge of modernisation. Was our country once a better place? Has modernisation destroyed as much as it has improved? And can we see in an earlier Britain a way of living, an Arcadia, which now seems both ideal and remote? Through 16th- and 17th-century England, the changes of an approaching modernity accelerated. With the growing power of the state, the disruption of the traditional bonds of society, the breaking of communities and the marginalisation of the great families who had once balanced the power of the crown, the new mercantile, individualist world increasingly clashed with the communal and chivalric ideals of the old. To tell this story from the 1520s to the 1640s, Adam Nicolson takes a single great family, the Earls of Pembroke, their wives, children, estates, tenants and allies, and follows their high and glamorous trajectory across three generations of change, nostalgia, ambition, resistance and war. 'Arcadia' is a rich and detailed evocation of England on the hinge of medieval and modern, and in this wide-ranging book Adam Nicolson explores a world in transition, moving from the intrigues, alliances and vendettas of the court to the intricate, everyday business of rural communities managing their affairs in times of stress. It was an England caught up in its first taste of modernity, yet divided over how to react to it, split between the old and the new, the moment at which the world we have lost turned into the world it has now become.

The Making of Poetry Adam Nicolson 2020-01-21 Brimming with poetry, art, and nature writing—Wordsworth and Coleridge as you've never seen them before June 1797 to September 1798 is the most famous year in English poetry. Out of it came Samuel Taylor Coleridge's *The Rime of the Ancient Mariner* and "Kubla Khan," as well as his unmatched hymns to friendship and fatherhood, and William Wordsworth's revolutionary songs in *Lyrical Ballads* along with "Tintern Abbey," Wordsworth's paean to the unity of soul and cosmos, love and understanding. In *The Making of Poetry*, Adam Nicolson embeds himself in the reality of this unique moment, exploring the idea that these poems came from this particular place and time,

and that only by experiencing the physical circumstances of the year, in all weathers and all seasons, at night and at dawn, in sunlit reverie and moonlit walks, can the genesis of the poetry start to be understood. The poetry Wordsworth and Coleridge made was not from settled conclusions but from the adventure on which they embarked, thinking of poetry as a challenge to all received ideas, stripping away the dead matter, looking to shed consciousness and so change the world. What emerges is a portrait of these great figures seen not as literary monuments but as young men, troubled, ambitious, dreaming of a vision of wholeness, knowing they had greatness in them but still in urgent search of the paths toward it. The artist Tom Hammick accompanied Nicolson for much of the year, making woodcuts from the fallen timber in the park at Alfoxden where the Wordsworths lived. Interspersed throughout the book, his images bridge the centuries, depicting lives at the source of our modern sensibility: a psychic landscape of doubt and possibility, full of beauty and thick with desire for a kind of connectedness that seems permanently at hand and yet always out of reach.

Inheritance Robert Sackville-West 2010-09-06 Since its purchase in 1604 by Thomas Sackville, first Earl of Dorset, the house at Knole, Kent, has been inhabited by thirteen generations of a single aristocratic family, the Sackvilles. Here, drawing on a wealth of unpublished letters, archives, and images, the current incumbent of the seat, Robert Sackville-West, paints a vivid and intimate portrait of the vast, labyrinthine house and the close relationships his colorful ancestors formed within it. *Inheritance* is the story of a house and its inhabitants, a family described by Vita Sackville-West as "a race too prodigal, too amorous, too weak, too indolent, and too melancholy; a rotten lot, and nearly all starkstaring mad." Where some reveled in the hedonism of aristocratic life, others rebelled against a house that, in time, would disinherit them, shutting its doors to them forever. It's a drama in which the house itself is a principal character, its fortunes often mirroring those of the family. Every detail holds a story: the portraits, and all the items the subjects of those portraits left behind, point to pivotal moments in history; all the rooms, and the objects that fill them, are freighted with an emotional significance that has been handed down from generation to generation. Now owned by the National Trust, Knole is today one of the largest houses in England, visited by thousands annually and housing one of the country's finest collections of secondhand Royal furniture. It's a pleasure to follow Robert Sackville-West as he unravels the private life of a public place on a fascinating, masterful, four-hundred-year tour through the memories and memorabilia, political, financial, and domestic, of his extraordinary family.

Smell of Summer Grass: Pursuing Happiness at Perch Hill Adam Nicolson 2015-02-26 *The Smell of Summer Grass* is based partly on the long out of print 'Perch Hill'. Sissinghurst Adam Nicolson 2008 This internationally renowned garden was developed by Vita Sackville-West and Sir Harold Nicolson around the surviving parts of an Elizabethan mansion. It comprises small enclosed compartments, with colour throughout the season, resulted in an intimate and romantic atmosphere. The library and study, where Vita worked, are open to visitors.

Sea Room Adam Nicolson 2007-08-14 In 1937, Adam Nicolson's father answered a newspaper ad—"Uninhabited islands for sale. Outer Hebrides, 600 acres. . . . Puffins and seals. Apply."—and thus found the Shiant Islands. With a name meaning "holy or enchanted islands," the Shiant Islands for millennia were a haven for those seeking solitude, but their rich, sometimes violent history of human habitation includes much more. When he was twenty-one, Nicolson inherited this almost indescribably beautiful property: a landscape, soaked in centuries-old tales of restless ghosts and Bronze Age gold, that cradles the heritage of a once-vibrant world of farmers and fishermen. In *Sea Room*, Nicolson describes and relives his love affair with the three tiny islands and their strange and colorful history in passionate, keenly precise prose—sharing with us the greatest gift an island bestows on its inhabitants: a deep engagement with the natural world.

Quarrel with the King Adam Nicolson 2009-10-06 Spanning the most turbulent and dramatic years of English history—from the 1520s through 1650—*Quarrel with the King* tells the remarkable saga of one of the greatest families in English history, the Pembrokes, following their glamorous trajectory across three generations of change, ambition, resistance, and war. With vivid color and fascinating detail, acclaimed historian Adam Nicolson recounts the story of a century-long power struggle between England's richest family and the English Crown—a fascinating study of divided loyalties, corruption, rights and privilege, and all the ambiguities involved in the exercise and maintenance of power and status.

Men of Honour Adam Nicolson 2006 Presenting the contradictions of heroism, as embodied by Horatio Nelson and as tested by the Battle of Trafalgar, Adam Nicolson looks at the variety of qualities - ruthlessness, bravery, kindness, cruelty - that combined in both Nelson and his troops to carry that fateful day.

Sissinghurst Adam Nicolson 2008

Seamanship Adam Nicolson 2007-08-14 From Land's End to Cape Clear, past Roaringwater Bay and Cod's Head, on past Inishvickillane and Inishtooskert, up through the Hebrides, to Orkney and on to the Faeroes stretches the richest and wildest coastline in Europe. Adam Nicolson decided to sail this coast in the Auk, a 42-foot wooden ketch, embarking on a 1,500-mile voyage through what he hoped would be a sequence of revelatory landscapes. He was not disappointed. *Seamanship* is more than a travel journal. It describes an inner journey as much as an outer one—disasters and discoveries, powerful landscapes and modern visionaries, and encounters with the animals living on the wild edge of the Atlantic. Above all, it is about the gaps that open up between those who go and those who stay at home. *Seamanship*, in the end, is not about the sea. It's about being alive.

Sissinghurst Vita Sackville-West 2014-11-04 Describes one of Britain's most beautiful, elegant and famous gardens and the life of the gardener responsible, who was a poet, a best-selling author and inspiration and friend to Virginia Woolf.

Sissinghurst Adam Nicolson 2010-05-25 A fascinating account from award-winning author Adam Nicolson on the history of Nicolson's own national treasure, his family home: Sissinghurst. Sissinghurst is world famous as a place of calm and beauty, a garden slipped into the ruins of a rose-pink Elizabethan palace. But is it entirely what its creators intended? Has its success over the last thirty years come at a price? Is Sissinghurst everything it could be? The story of this piece of land, an estate in the Weald of Kent, is told here for the first time from the very beginning. Adam Nicolson, who now lives there, has uncovered remarkable new findings about its history as a medieval manor and great sixteenth-century house, from the days of its decline as an eighteenth-century prison to a flourishing Victorian farm and on to the creation, by his grandparents Vita Sackville-West and Harold Nicolson, of a garden in a weed-strewn wreck. Alongside his recovery of the past, Adam Nicolson wanted something else: for the land at Sissinghurst to live again, to become the landscape of orchards, cattle, fruit and sheep he remembered from his boyhood. Could that living frame of a mixed farm

be brought back to what had turned into monochrome fields of chemicalised wheat and oilseed rape? Against the odds, he was going to try. Adam Nicolson has always been a passionate writer about landscape and buildings, but this is different. This is the place he wanted to make good again, reconnecting garden, farm and land. More than just a personal biography of a place, this book is the story of taking an inheritance and steering it in a new direction, just as an entrepreneur might take hold of a company, or just as all of us might want to take our dreams and make them real.

The Poetics and Politics of Gardening in Hard Times Naomi Milthorpe 2019-09-25 The Poetics and Politics of Gardening in Hard Times illuminates the ways in which the garden as a real and imagined space, and gardening as a practice or ethic, is changed under extreme conditions of economic and environmental austerity.

Public and Popular History Jerome De Groot 2013-09-13 This interdisciplinary collection considers public and popular history within a global framework, seeking to understand considerations of local, domestic histories and the ways they interact with broader discourses. Grounded in particular local and national situations, the book addresses the issues associated with popular history in a globalised cultural world, such as: how the study of popular history might work in the future; new ways in which the terms 'popular' and 'public' might inform one another and nuance scholarship; transnational, intercultural models of 'pastness'; cultural translatability; and the demand for high-quality work on new technologies and history. A wide range of international contributors consider a broad selection of locale and media, from American television and Canadian heritage to the representation of history in contemporary Chinese culture. They consider the way in which the study of public or popular texts invoke multiple historiographies, and demonstrate our need to think about public and popular aspects of the past in new, 'emerging' locales, such as China, Eastern Europe and South America. This book was originally published as a special issue of the journal Rethinking History.

The Gentry Adam Nicolson 2012 It is the gentry that have made England what it was and, to a degree, still is. England was a country dominated by its middling families, rooted on their land, in their locality, with a healthy interest in turning a profit from their property and a deep distrust of the centralised state. This riveting new book concentrates on fourteen families with a time-span from 1400 to the present day; The Gentry presents a convincing argument on what has created the distinctive English character but with the sheer readability of an epic novel.

The Story of the British Isles in 100 Places Neil Oliver 2018-09-20 "Everyone should have two copies - one for the car and one for the house to plan journeys. . . a reminder to think more about the places you pass and less about your route, because every British journey is through rich history." (Edward Stourton) From much-loved historian Neil Oliver, comes this beautifully written, kaleidoscopic history of a place with a story like no other. The British Isles, this archipelago of islands, is to Neil Oliver the best place in the world. From north to south, east to west it cradles astonishing beauty. The human story here is a million years old, and counting. But the tolerant, easygoing peace we enjoy has been hard won. We have made and known the best and worst of times. We have been hero and villain and all else in between, and we have learned some lessons. The Story of the British Isles in 100 Places is Neil's very personal account of what makes these islands so special, told through the places that have witnessed the unfolding of our history. Beginning with footprints made in the sand by humankind's earliest ancestors, he takes us via Romans and Vikings, the flowering of religion, through civil war, industrial revolution and two world wars. From windswept headlands to battlefields, ancient trees to magnificent cathedrals, each of his destinations is a place where, somehow, the spirit of the past seems to linger.

Seize the Fire Adam Nicolson 2009-10-13 "Strikingly original. . . . Nicolson brings to life superbly the horror, devastation, and gore of Trafalgar." —The Economist Adam Nicolson takes the great naval battle of Trafalgar, fought between the British and Franco-Spanish fleets, and uses it to examine our idea of heroism and the heroic. A story rich with modern resonance, *Seize the Fire* reveals the economic impact of the battle as a victorious Great Britain emerged as a global commercial empire. In October 1805 Lord Horatio Nelson, the most brilliant sea commander who ever lived, led the British Royal Navy to a devastating victory over the Franco-Spanish fleets at the great battle of Trafalgar. It was the foundation of Britain's nineteenth-century world-dominating empire. *Seize the Fire* is not only a close and revealing portrait of a legendary hero in his final action but also a vivid account of the brutal realities of battle; it asks the questions: Why did the winners win? What was it about the British, their commanders and their men, their beliefs and their ambitions, that took them to such overwhelming victory? His masterful history is a portrait of a moment, a close and passionately engaged depiction of a frame of mind at a turning point in world history.

Vita Sackville-West's Sissinghurst Vita Sackville-West 2014 A lavish hardback celebrating one of Britain's best-loved gardens.

On Psyche's Lawn Alasdair Forbes 2021-03-04 Alasdair Forbes has been developing his innovative and beautiful garden, Plaz Metaxu, in Devon, for the past thirty years. The thirty-two acre garden has been internationally acclaimed both as an unusually ambitious contemporary example of the making of place and for its poetic and psychological insights. Trained as an art historian, Alasdair always wanted his garden to be open to the worlds of myth, literature and the other arts, while remaining keenly aware of the strengths, vulnerabilities and delights a garden has to offer in its own right. He has been the only full-time gardener at Plaz Metaxu from its beginning until the present day, though invaluable part-time assistance has been provided by Cyril Harris (who is not a professional gardener either). The whole garden, with its lawns and fritillary meadows and hedges, its bowers, groves and woods, its lake and its courtyards, its 'carousel beds', and its landscaped walks to far horizons, is entirely the creation of these two men. This beautiful, richly illustrated book is Alasdair's own account of how and why the garden was made. He writes of its many inspirations, from Psyche herself to poets, painters and the mysterious paredros . . . not forgetting the valley landscape, with its noble precedent at Studley Royal, and its wise mentors from the Far East. In everything he has done, Alasdair has been the pupil of the spaces that surround him; his rare gift has been to become their ventriloquist, in finding out how they themselves want to 'speak'.

Life Between the Tides Adam Nicolson 2022-02-22 Adam Nicolson explores the marine life inhabiting seashore rockpools with a scientist's curiosity and a poet's wonder in this beautifully illustrated book. The sea is not made of water. Creatures are its genes. Look down as you crouch over the shallows and you will find a periwinkle or a prawn, a claw-displaying crab or a cluster of anemones ready to meet you. No need for binoculars or

special stalking skills: go to the rocks and the living will say hello. Inside each rock pool tucked into one of the infinite crevices of the tidal coastline lies a rippling, silent, unknowable universe. Below the stillness of the surface course different currents of endless motion—the ebb and flow of the tide, the steady forward propulsion of the passage of time, and the tiny lifetimes of the rock pool’s creatures, all of which coalesce into the grand narrative of evolution. In *Life Between the Tides*, Adam Nicolson investigates one of the most revelatory habitats on earth. Under his microscope, we see a prawn’s head become a medieval helmet and a group of “winkles” transform into a Dickensian social scene, with mollusks munching on Stilton and glancing at their pocket watches. Or, rather, is a wrinkle more like Achilles, an ancient hero, throwing himself toward death for the sake of glory? For Nicolson, who writes “with scientific rigor and a poet’s sense of wonder” (*The American Scholar*), the world of the rock pools is infinite and as intricate as our own. As Nicolson journeys between the tides, both in the pools he builds along the coast of Scotland and through the timeline of scientific discovery, he is accompanied by great thinkers—no one can escape the pull of the sea. We meet Virginia Woolf and her Waves; a young T. S. Eliot peering into his own rock pool in Massachusetts; even Nicolson’s father-in-law, a classical scholar who would hunt for amethysts along the shoreline, his mind on Heraclitus and the other philosophers of ancient Greece. And, of course, scientists populate the pages; not only their discoveries, but also their doubts and errors, their moments of quiet observation and their thrilling realizations. Everything is within the rock pools, where you can look beyond your own reflection and find the miraculous an inch beneath your nose. “The soul wants to be wet,” Heraclitus said in Ephesus twenty-five hundred years ago. This marvelous book demonstrates why it is so. Includes Color and Black-and-White Photographs

Sissinghurst: An Unfinished History Adam Nicolson 2015-07-14 “A charming portrait of an ancient and beautiful house in Kent [and] a poignant and amusing portrait of the English class system.” —Simon Winchester From lavish palace for Elizabethan nobles to dreary jailhouse for eighteenth-century prisoners of war, from well-manicured country house for a string of landed families to weed-choked ruin, Sissinghurst, in Kent, has become one of the most illustrious estates in England—and its future may prove to be just as intriguing as its past. In the 1930s, English poet Vita Sackville-West and her husband, Harold Nicolson, acquired land that had once been owned by Vita’s ancestors. Together they created elaborate gardens filled with roses, apple trees, vivid flowers, and scenic paths lined with hedges and pink brick walls. Vita, a gardening correspondent for the *Observer* and a close friend of Virginia Woolf, opened Sissinghurst to the public. But the thriving working farm began to change after her death. Her son Nigel instituted sweeping changes, including transferring ownership of the estate to Britain’s National Trust in 1967 to avoid extensive taxation. For author Adam Nicolson, the grandson of Harold and Vita, Sissinghurst was always more than a tourist attraction; it was his home. As a boy, Nicolson hiked the same trails that Roman conquerors walked centuries before. With wistful imagination, fascination with natural beauty, and connection to the land, Nicolson has returned home to restore Sissinghurst’s glory. His journey to recreate a sustainable and functioning farm, despite resistance from the National Trust, makes for a compelling memoir of family, history, and the powerful relationship between people and nature.
