Why I Write George Orwell 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the

English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

The Luminaries Eleanor Catton 2013-10-15 The winner of the Man Booker Prize, this "expertly written, perfectly constructed" bestseller (*The Guardian*) is now a Starz miniseries. It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky. Richly evoking a mid-nineteenth-century world of shipping, banking, and gold rush boom and bust, *The Luminaries* is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament.

To stay alive she joins forces with the other students and a secret society that has battled the demons for centuries. The last thing she wants to do is be a pawn in the war of good and evil. When her visions start showing events from a past life, she can't ignore the connections it shows. She has no choice but to acknowledge the bonds that tie her to the other students, even if some of them refuse, to have the strength to defeat the demon that hunts them down. Will she survive long enough to stop the demons from destroying everything and everyone she loves? Sacred, Book 2: Sophie has been attacked by demons, destroyed a nest of vampires, and lived through the death of someone close to her. Now she and her friends have been rescued by the Society and taken to a secret island base to train. While they desperately search for leads on where Akeldama may be holding Lilli prisoner, Sophie tries to keep Tristan at arms length. She doesn't need anything to distract her from finding her best friend, or so she tells herself. Then the unthinkable happens. One of the Society's own has betrayed the Guardians, selling their secrets to the demons and attacking them where they should feel safest. In the end, Sophie's greatest enemy could be her own fears, and she faces a decision that could push Tristan and her friends away forever. Hallowed, Book 3: After the decisions Sophie's had to make, she's ready to end Akeldama once and for all. That demon Queen had made everything go wrong in her life. Her boyfriend, Tristan, hates her because she's harboring a demon in her body and the people of the Society all avoid her, expecting her to spit fire and devour them all. With their new mission, they have to go into the demon realm, not knowing what they'll face or if they'll even live through it. The last person they expect to see saves Sophie and Kendra from being kidnapped and allies come from the most unlikely of places. A new enemy emerges, one more powerful and dangerous than Akeldama could ever be. To save the world, the universe, and everyone she loves, Sophie may have to give up her own life. Can she make that decision and leave everything and everyone she loves behind?

London Rules Mick Herron 2018-06-05 Ian Fleming. John le Carré. Len Deighton. Mick Herron. The brilliant plotting of Herron's twice CWA Dagger Award-winning Slough House series of spy novels is matched only by his storytelling gift and an ear for viciously funny political satire. "Mick Herron is the John le Carré of our generation."—Val McDermid At MI5 headquarters Regent's Park, First Desk Claude Whelan is learning the ropes the hard way. Tasked with protecting a beleaguered prime minister, he's facing attack from all directions: from the showboating MP who orchestrated the Brexit vote, and now has his sights set on Number Ten; from the showboat's wife, a tabloid columnist, who's crucifying Whelan in print; from the PM's favorite Muslim, who's about to be

elected mayor of the West Midlands, despite the dark secret he's hiding; and especially from his own deputy, Lady Di Taverner, who's alert for Claude's every stumble. Meanwhile, the country's being rocked by an apparently random string of terror attacks. Over at Slough House, the MI5 satellite office for outcast and demoted spies, the agents are struggling with personal problems: repressed grief, various addictions, retail paralysis, and the nagging suspicion that their newest colleague is a psychopath. Plus someone is trying to kill Roddy Ho. But collectively, they're about to rediscover their greatest strength—that of making a bad situation much, much worse. It's a good thing Jackson Lamb knows the rules. Because those things aren't going to break themselves.
