Adriana Cavarero Elisabetta R. Bertolino 2017-12-04 Critical legal scholars have made us aware that law is made up not only of rules but also of language. But who speaks the language of law? And can one lawfully speak in one's voice? For the Italian philosopher Adriana Cavarero, to answer these questions we must not separate who is speaking from the very act of speaking; moreover, we must recuperate the material singularity and relationality of the mouth that speaks. Drawing on Cavarero's work, this book focuses on the potentiality of the voice for resisting law's sovereign structures. For Cavarero, it is the voice that expresses one's living and unrepeatable singularity in a way that cannot be subsumed by the universalities and standards of law. The voice is essentially a material and singular passage of air and vibration that necessarily reveals one's uniqueness in relationality. Speaking discloses this uniqueness, and so one's vulnerability. It therefore leads to possibilities of resistance that, here, bring a fresh approach to longstanding legal theoretical concerns with singularity, ethics and justice.

American Pop Snowden Wright 2019-02-05 AN NPR BEST BOOK OF THE YEAR "Mr. Wright's imagined history of the rise and fall of the sugary drink empire is so robust and recognizable that you might feel nostalgic for the taste of a soda you've never had." - Sam Sacks, The Wall Street Journal NAMED A MOST ANTICIPATED BOOK BY Parade • Cosmopolitan • Town & Country • AARP • InStyle • Garden & Gun • Vol. 1 Brooklyn The story of a family. The story of an empire. The story of a nation. Moving from Mississippi to Paris to New York and back again, a saga of family, ambition, passion, and tragedy that brings to life one unforgettable Southern dynasty—the Forsters, founders of the world's first major soft-drink company—against the backdrop of more than a century of American cultural history. The child of immigrants, Houghton Forster has always wanted more—from his time as a young boy in Mississippi, working twelve-hour days at his father's drugstore; to the moment he first laid eyes on his future wife, Annabelle Teague, a true Southern belle of aristocratic lineage; to his invention of the delicious fizzy drink that would transform him from tiller boy into the founder of an empire, the Panola Cola Company, and entice a youthful, enterprising nation entering a hopeful new age. Now the heads of a preeminent American family spoken about in the same breath as the Hearsts and the Rockefellers, Houghton and Annabelle raise their four children with the expectation they'll one day become world leaders. The burden of greatness falls early on eldest son Montgomery, a handsome and successful politician who has never recovered from the horrors and heartbreak of the Great War. His younger siblings Ramsey and Lance, known as the "infernal twins," are rivals not only in wit and beauty, but in their utter carelessness with the lives and hearts of others. Their brother Harold, as gentle and caring as the twins can be cruel, is slowed by a mental disability—and later generations seem equally plagued by misfortune, forcing Houghton to seriously consider who should control the company after he's gone. An irresistible tour de force of original storytelling, American Pop blends fact and fiction, the mundane and the mythical, and utilizes techniques of historical reportage to capture how, in Nathaniel Hawthorne's words, "families are always rising and falling in America," and to explore the many ways in which nostalgia can manipulate cultural memory—and the stories we choose to tell about ourselves.

Compasito Nancy Flowers 2007-01-01 Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

Bella Tuscany Frances Mayes 2003-08-05 Frances Mayes, whose enchanting #1 New York Times bestseller *Under the Tuscan Sun* made the world fall in love with Tuscany, invites readers back for a delightful new season of friendship, festivity, and food, there and throughout Italy. Having spent her summers in Tuscany for the past several years, Frances Mayes relished the opportunity to experience the pleasures of primavera, an Italian spring. A sabbatical from teaching in San Francisco allowed her to return to Cortona—and her beloved house, Bramasole—just as the first green appeared on the rocky hillsides. *Bella Tuscany*, a companion volume to *Under the Tuscan Sun*, is her passionate and lyrical account of her continuing love affair with Italy. Now truly at home there, Mayes writes of her deepening connection to the land, her flourishing friendships with local people, the joys of art, food, and wine, and the rewards and occasional heartbreaks of her villa's ongoing restoration. It is also a memoir of a season of change, and of renewed possibility. As spring becomes summer she revives Bramasole's lush gardens, meets the challenges of learning a new language, tours regions from Sicily to the Veneto, and faces transitions in her family life. Filled with recipes from her Tuscan kitchen and written in the sensuous and evocative prose that has become her hallmark, *Bella Tuscany* is a celebration of the sweet life in Italy. Now with an excerpt from Frances Mayes's latest southern memoir, *Under Magnolia*.

Colour Rudolf Steiner 2013-04-03 Building on the achievements of Goethe in his *Theory of Colour*, Rudolf Steiner shows how colour affects us in many areas of life, including our health, our sense of well-being, and our feelings. Distinguishing between 'image' and 'lustre' colours, he lays the foundation, based on his spiritual-scientific research, for a practical technique of working with colour that leads to a new direction in artistic creativity. His many penetrating remarks on some of the great painters of the past are supplemented by a deep concern to see a cultural, spiritual renewal emerge in the present time. 'If you realize', he states, 'that art always has a relation to the spirit, you will understand that both in creating and appreciating it, art is something through which one enters the spiritual world.' This volume is the most comprehensive compilation of Rudolf Steiner's insights into the nature of colour, painting and artistic creation. It is an invaluable source of reference and study not only for artists and therapists but for anyone interested in gaining an appreciation of art as a revelation of spiritual realities.

Dante Alessandro Barbero 2022-01-04 Dante brings the legendary author—and the medieval Italy of his era—to vivid life, describing the political intrigue, battles, culture, and society that shaped his writing. Dante Alighieri's *Divine Comedy* has defined how people imagine and depict heaven and hell for over seven centuries. However, outside of Italy, his other works are not well known, and less still is generally known about the context he wrote them in. In *Dante*, Barbero brings the legendary author's Italy to life, describing the political intrigue, battles, city and society that shaped his life and work. The son of a shylock who dreams of belonging to the world of writers and nobles, we follow Dante into the dark corridors of politics where ideals are shattered by rampant corruption, and then into exile as he travels Italy and discovers the extraordinary color and variety of the countryside, the metropolises, and the knightly courts. This is a book by a serious scholar with real popular appeal, as evidenced by its bestseller ranking in Italy. It is a remarkable piece of forensic investigation into medieval Italian life.

Shadow Crimes E. J. Moran 2017-12-05 *Shadow Crimes* takes place in the high-fashion worlds of New York City and Milan, Italy during the later part of the decadent 1970s. Anna McKenna, orphaned in 1967, is discovered by a modeling agent in 1978 at the age of eighteen and is soon swept up into a jet-set world filled with fashion shoots on exotic islands, glamorous parties, and more money than she ever dreamed of. Her Italian-American uncle, Mickey Gallo, a detective in upstate New York, is uncomfortable with her new career because a fashion model was gruesomely murdered in New York City five months earlier. After a big party at Studio 54, another model Anna works with is murdered in a similar fashion. Gallo starts his own investigation. Anna considers quitting the business in the wake of the brutal killing, but decides to accept an offer to model in Milan because the money she's earning is desperately needed to help her younger brother, who has severe learning disabilities. Her Uncle Mickey, suspecting an international killer is on the loose, follows her to Milan and races to find the murderer before Anna becomes his next victim.

America's Prisoner Manuel Antonio Noriega 1997 Manuel Noriega is the only American prisoner of war. He may be a demon in the eyes of most Americans, but he has a unique and alarming view of the secrets behind U.S. relations with Panama and the real reasons for the 1989 invasion that removed him from power. In this memoir, certain to be one of the most newsworthy and controversial of the year, Noriega describes for the first time his backstage dealings with George Bush, Oliver North, William Casey and the CIA, Jimmy Carter, Fidel Castro and Moammar Gaddafi. But this is more than a deposed strongman's tell-all that some might find hard to believe. Noriega's story was investigated independently by Peter Eisner, a top foreign correspondent who has written about Latin America for twenty years and covered Noriega's fall for *Newsday*. Eisner's reporting finds support for some of Noriega's assertions and provides additional perspective for others, in his conduct as head of Panama's military, his secret dealings with Cuba on behalf of the CIA, his relations with key U.S. officials, and the unconscionable damage inflicted upon the people of Panama by the U.S. invasion. Moreover, Eisner raises new questions about the allegations that Noriega was a drug dealer and a murderer. In fact, he concludes Noriega is not guilty of these charges. And then there is Noriega himself, a surprisingly savvy military man who saw himself as a nationalist, an honest broker between his allies in U.S. intelligence and his neighboring Latin American leaders. As Noriega tells it, his problems began when he began to resist the Reagan administration's efforts to fight communism in Central America. *America's Prisoner* is one of the most unusual and important accounts ever written about U.S. aggression and duplicity. It is the story of how we have imprisoned a man - and a nation.

The Architecture of Pica Ciamarra Associati Antonietta Iolanda Lima 2019-04 Since 1970, based in an isolated building situated on the peninsula of Posillipo, Pica Ciamarra Associati (www.pcaint.eu) has acted as a laboratory of architectural and urban design which has gradually incorporated new members and new energies over the time: using a multidisciplinary approach, the roots of the architectural practice lie in the intensive theoretical and practical work begun in the early 1960s by Massimo Pica Ciamarra. Since then the practice has been marked by a continuous relationship with Le Carré Bleu Feuille internationale d'architecture and leading members of the cultural milieu of Team 10: this has led to constant attention to everything that lies beyond form, to the relationship with contexts that also include non-spatial contexts, and to high levels of integration and dialectical discussion. According to Pica Ciamarra Associati, a design transcends the approaches of a single sector, providing simultaneous solutions to contradictory requirements, combining utopia and practicality. The poetics of the fragment: it mediates between architecture and the urban dimension; some designs also have the aim of becoming absorbed within a context as 'informed fragments'. This monograph is the result of an intensive period of work and consists of two interacting parts. It stems from research into the archive of the studio Pica Ciamarra and conversation with the members of the architectural practice. Organised diachronically, the book tells the long story, unfolding over a period of over fifty years of a team of Neapolitan architects and designers, who have maintained the lively spirit of the practice which is still geared towards the future. The textual and iconographic account tells a story and offers an interpretation that highlight the vibrant atmosphere of the studio, based on a consistency of

thought and action, and fuelled by an interest in many different forms of knowledge. The contextualisation of the events related to the studio, as they unfolded over time, is wide-ranging, coherent and connotative. Antonietta Iolanda Lima, professor of history of architecture at the University of Palermo, has always tried, through theory, teaching and design, to disseminate the importance of history which can embracing innovation and tradition to an equal degree, forming a new architectural language. According to her view of architecture, history and design are closely connected, a 'single entity' as is reflected by her career. Since the 1980s, her academic work has gained increasing importance, a way of avoiding narrow sectoral approaches in the training of future architects, offering a holistic stance of the history of architecture and an architecture that contributes to shaping critical thought and a thriving cultural life.

Inscribing Sorrow Christos Tsagalis 2008-12-10 Fourth-century Attic grave epigrams reflect a transitional phase in the evolution of the genre of epigram. They testify to a shift of interest towards social issues such as the family, the deceased's age and profession. In a turbulent period of restlessness and uncertainty that followed the devastating Peloponnesian war, the commemoration of the departed in private monuments became an effective mechanism of displaying publicly a new set of social concerns. This book explores this decisive phase in the evolution of the epigram by reconstructing as many ancient contexts as possible on the one hand, and studying sepulchral epigrams as a poetic art on the other.
