Wanderlust John Van Wyhe 2019 "In 1797 in Vienna, Ida Pfeiffer was born into a world that should have been too small for her dreams. The daughter of an Austrian merchant, she made clear from an early age that she would not be bound by convention, dressing in boys' clothing and playing sports. After her tutor introduced her to stories of faraway lands, she became determined to see the world first-hand. This determination led to a lifetime of travel--much of it alone--and made her one of the most famous women of the nineteenth century. Pfeiffer faced many obstacles, not least expectations of her gender. She was a typical nineteenth century housewife with a husband and two sons. She was not wealthy nor well connected. Yet after the death of her husband, and once her sons were grown and settled, at the age of forty-one she set off on her first journey, not telling anyone the true extent of her travel plans. Between that trip and her death in 1858, she would barely pause for breath, circling the globe twice--the first woman to do so--and publishing numerous popular books about her travels. Usually traveling solo, Pfeiffer faced storms at sea, trackless deserts, plague, malaria, earthquakes, robbers, murderers, and other risks. In *Wanderlust*, John Van Wyhe tells Pfeiffer's story, with generous excerpts from her published accounts, tell of her involvement with spies, international intrigue, and more. The result is a compelling portrait of the remarkable life of a pioneer unjustly forgotten." --Amazon.com.

Travel Mania Karen Gershowitz 2021-07-13 Since leaving home for Europe alone at age seventeen, Karen Gershowitz has traveled to more than ninety countries. In pursuit of her passion for travel, she lost and gained friends and lovers and made a radical career change. She learned courage and risk taking and succeeded at things she didn't think she could do: She climbed Mt. Kilimanjaro. She visited remote areas of Indonesia on her own and became a translator, though only fluent in English. She conquered her fear of falling while on an elephant trek in Thailand. And she made friends across the globe, including a Japanese family who taught her to make sushi and a West Berliner who gave her an insider's look at the city shortly after the wall came down. An example that will inspire armchair travelers to become explorers and embolden everyone to be more courageous, *Travel Mania* is a vivid story of how one woman found her strength, power, and passion. Travel is Karen's addiction—and she doesn't want treatment.

How to Travel without Seeing: Dispatches from the New Latin America Andrés Neuman 2016-08-30 A kaleidoscopic, fast-paced tour of Latin America from one of the Spanish-speaking world's most outstanding writers. Lamenting not having more time to get to know each of the nineteen countries he visits after winning the prestigious Premio Alfaguara, Andrés Neuman begins to suspect that world travel consists mostly of "not seeing." But then he realizes that the fleeting nature of his trip provides him with a unique opportunity: touring and comparing every country of Latin America in a single stroke. Neuman writes on the move, generating a kinetic work that is at once puckish and poetic, aphoristic and brimming with curiosity. Even so-called non-places—airports, hotels, taxis—are turned into powerful symbols full of meaning. A dual Argentine-Spanish citizen, he incisively explores cultural identity and nationality, immigration and globalization, history and language, and turbulent current events. Above all, Neuman investigates the artistic lifeblood of Latin America, tackling with gusto not only literary heavyweights such as Bolaño, Vargas Llosa, Lorca, and Galeano, but also an emerging generation of authors and filmmakers whose impact is now making ripples worldwide. Eye-opening and charmingly offbeat, *How to Travel without Seeing: Dispatches from the New Latin America* is essential reading for anyone interested in the past, present, and future of the Americas.

The Best Women's Travel Writing Lavinia Spalding 2014-11-25 Since publishing the original edition of *A Woman's World* in 1995, *Travelers' Tales* has been the recognized national leader in women's travel literature, and with the launch of the annual series *The Best Travel Writing* in 2004, the

obvious next step was an annual collection of the best women's travel writing of the year. This title is the tenth in that series — The Best Women's Travel Writing — presenting stimulating, inspiring, and uplifting adventures from women who have traveled to the ends of the earth to discover new places, peoples, and facets of themselves. The common threads connecting these stories are a female perspective and fresh, compelling storytelling to make the reader laugh, weep, wish she were there, or be glad she wasn't. The points of view and perspectives are global, and the themes are as eclectic as in all of our books, including stories that encompass spiritual growth, hilarity and misadventure, high adventure, romance, solo journeys, stories of service to humanity, family travel, and encounters with exotic cuisine.

Wild Coast John Gimlette 2011-06-21 Guyana, Suriname, and French Guiana are among the least-known places in South America: nine hundred miles of muddy coastline giving way to a forest so dense that even today there are virtually no roads through it; a string of rickety coastal towns situated between the mouths of the Orinoco and Amazon Rivers, where living is so difficult that as many Guianese live abroad as in their homelands; an interior of watery, green anarchy where border disputes are often based on ancient Elizabethan maps, where flora and fauna are still being discovered, where thousands of rivers remain mostly impassable. And under the lens of John Gimlette—brilliantly offbeat, irreverent, and canny—these three small countries are among the most wildly intriguing places on earth. On an expedition that will last three months, he takes us deep into a remarkable world of swamp and jungle, from the hideouts of runaway slaves to the vegetation-strangled remnants of penal colonies and forts, from “Little Paris” to a settlement built around a satellite launch pad. He recounts the complicated, often surprisingly bloody, history of the region—including the infamous 1978 cult suicide at Jonestown—and introduces us to its inhabitants: from the world’s largest ants to fluorescent purple frogs to head-crushing jaguars; from indigenous tribes who still live by sorcery to descendants of African slaves, Dutch conquerors, Hmong refugees, Irish adventurers, and Scottish outlaws; from high-tech pirates to hapless pioneers for whom this stunning, strangely beautiful world (“a sort of X-rated Garden of Eden”) has become home by choice or by force. In *Wild Coast*, John Gimlette guides us through a fabulously entertaining, eye-opening—and sometimes jaw-dropping—journey.

The Old Patagonian Express Paul Theroux 2014-11-18 The acclaimed travel writer journeys by train across the Americas from Boston to Patagonia in this international bestselling travel memoir. Starting with a rush-hour subway ride to South Station in Boston to catch the Lake Shore Limited to Chicago, Paul Theroux takes a grand railway adventure first across the United States and then south through Mexico, Central America, and across the Andes until he winds up on the meandering Old Patagonian Express steam engine. His epic commute finally comes to a halt in a desolate land of cracked hills and thorn bushes that reaches toward Antarctica. Along the way, Theroux demonstrates how train travel can reveal “the social miseries and scenic splendors” of a continent. And through his perceptive prose we learn that what matters most are the people he meets along the way, including the monologuing Mr. Thornberry in Costa Rica, the bogus priest of Cali, and the blind Jorge Luis Borges, who delights in having Theroux read Robert Louis Stevenson to him.

Wanderlust Rebecca Solnit 2001-06-01 A passionate, thought-provoking exploration of walking as a political and cultural activity, from the author of *Orwell's Roses* Drawing together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores--Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

All Over the Map Laura Fraser 2011-06-28 What's a wise, witty travel writer to do when she reaches forty and is still single? Wander the globe searching for romance and adventure, of course. On a trip to Oaxaca, Mexico, to celebrate her fortieth birthday, Laura Fraser confronts the unique trajectory of her life. Divorced and childless in her thirties, she found solace in the wanderlust that had always directed her heart—and found love and comfort in the arms of a dashing Frenchman. Their Italian affair brought her back to herself—but now she wonders if her passion for travel (and for short-lived romantic rendezvous) has deprived her of what she secretly wants most from life: a husband, a family, a home. When her Parisian lover meets her in Oaxaca and gives her news that he's found someone new, Laura is stunned and hurt. Now, it seems, she has nothing but her own independence for company—and, at forty, a lot more wrinkles on her face and fewer years of fertility. How is Laura going to reconcile what seem to be two opposite desires: for adventure, travel, great food, and new experiences, but also a place to call home—and a loving pair of arms to greet her there? And so, she globe hops. What else is a travel writer to do? From Argentina to Peru, Naples to Paris, she basks in the glow of new cultures and local delicacies, always on the lookout for the “one” who might become a lifelong companion. But when a terrible incident occurs while she's on assignment in the South Pacific, Laura suddenly finds herself more aware of her vulnerability and becomes afraid of traveling. It seems as if she might lose the very thing that has given her so much pleasure in her life, not to mention the career she has built for herself as a world traveler and chronicler of far-flung places. Finding herself again will be both more difficult and more natural than she imagined. Ultimately, Laura realizes the most important journey she must take is an internal one. And the tale of how she reaches that place will captivate every woman who has ever yearned for a different life.

What I Was Doing While You Were Breeding Kristin Newman 2014-05-20 A funny, sexy, and ultimately poignant memoir about mastering the art of the “vacationship.” Kristin Newman spent much of her twenties and thirties buying dresses to wear to her friends' weddings and baby showers. Not ready to settle down and in need of an escape from her fast-paced job as a sitcom writer, Kristin instead traveled the world, often alone, for several weeks each year. In addition to falling madly in love with the planet, Kristin fell for many attractive locals, men who could provide the emotional connection she wanted without costing her the freedom she desperately needed. Kristin introduces readers to the Israeli bartenders, Finnish poker players, sexy Bedouins, and Argentinean priests who helped her transform into “Kristin-Adjacent” on the road—a slower, softer, and, yes, sluttier version of herself at home. Equal parts laugh-out-loud storytelling, candid reflection, and wanderlust-inspiring travel tales, *What I Was Doing While You Were Breeding* is a compelling debut that will have readers rushing to renew their passports.

One Man and His Bike Mike Carter 2011-06-02 What would happen if you were cycling to the office and just kept on pedalling? Needing a change, Mike Carter did just that. Following the Thames to the sea he embarked on an epic 5,000 mile ride around the entire British coastline - the equivalent of London to Calcutta. He encountered drunken priests, drag queens and gnome sanctuaries. He met fellow travellers and people building for a

different type of future. He also found a spirit of unbelievable kindness and generosity that convinced him that Britain is anything but broken. This is the inspiring and very funny tale of the five months Mike spent cycling the byways of the nation.
