The Christians and the Roman Empire Marta Sordi 1994 The Christians and the Roman Empire overturns the myth of an unrelenting persecution of the subversive, Christian "outlaw." Using contemporary sources and authentic documents --including imperial edicts and records of the deeds of non-legendary martyrs--Marta Sordi shows that the conflict was primarily religious and almost never political. The Christians actually continued to profess their loyalty to the Roman Empire during the periods of persecution, and the Empire, which almost never thought of the Christians as a threat to security, often found itself acting simply as the secular arm of religious authorities during these periods of social and cultural intolerance.

The Castle on the Hudson Renato Cantore 2017-07-25T00:00:00+02:00 Charles Paterno was seven when he left Castelmezzano, a small mountain town in Basilicata to set sail on one of the rattletrap ships headed to America. Thirty years later he was one of the top builders in New York City, among the first to construct the skyscrapers that would form the world's most famous skyline. Intelligence, brilliance, intuition and an ability to stay ahead of the times made him a leading figure in the life of Manhattan. He created garden communities, focused on new technologies and turned to the best architects. Paterno didn't just want to offer houses, but new lifestyles to tens of thousands of people. His first American dream looked like a white castle at the northernmost tip of Manhattan, where he lived for years with his wife and son, surrounded by a small but very loyal retinue. A friend of Giuseppe Prezzolini, he donated a library of 20.000 books, the Paterno Library, to the Casa Italiana at Columbia University. Fiorello La Guardia, the Italian-American mayor of New York City, called him a genius. Born into poverty, Paterno died a wealthy man on the green of the most exclusive country club in Westchester.

Monastic Art in Lorenzo Monaco's Florence George R. Bent 2006 This book examines and explains the appearance, function and uses of painting in one of the day's most important cultural centers. Monks from the Camaldolese house of Santa Maria degli Angeli had access to some of the most

innovative paintings produced in Florence between 1350 and 1425. Leading painters of the day, like Nardo di Cione and Lorenzo Monaco, filled manuscripts and decorated altars with richly ornamented pictures that related directly to liturgical passages recited - and theological positions embraced - by members of the institution.

The Pastoral Luther Timothy J. Wengert 2017-03-17 Sixteen church historians here examine Martin Luther in an uncommon way not as Reformer or theologian but as pastor. Luther's work as parish pastor commanded much of his time and energy in Wittenberg. After first introducing the pastoral Luther, including his theology of the cross, these chapters discuss Luther's preaching and use of language (including humor), investigate his teaching ministry in depth, especially in light of the catechism, and explore his views on such things as the role of women, the Virgin Mary, and music. The book finally probes Luther's sentiments on monasticism and secular authority. Contributors: Charles P. Arand James M. Estes Eric W. Gritsch Robert Kolb Beth Kreitzer Robin A. Leaver Mickey L. Farewell, My Only One Antoine Audouard 2004-07-20 A novel that brings to life one of the great romances of all time. "Evokes in gritty and poetic detail the streets of twelfth-century Paris." —The New York Times Book Review In the early twelfth century, William reaches Paris full of hope and without a penny. There, on the same day, he meets the two people who will dominate his life: young Heloise, with whom he immediately falls in love, and Abelard, the world-renowned philosopher. Through the eyes of William, we follow every turn in the greatest love story of the Middle Ages. We witness, in harrowing and lush descriptions, the scandal of the famous theologian falling for his educated and charming student; their flight and secret marriage; the barbaric revenge of the girl's uncle; their years of separation; the writing of the famous letters; and finally the demise of a broken Abelard, whose books have been burned, a man who finds his ultimate solace in the thought of the woman who has never ceased to love him. Antoine Audouard brings literary grace to a story that is palpably infused with sensuality, conflict, and intellectual ferment. Farewell, My Only One is intelligent and bawdy, philosophical and romantic—a universal story of star-crossed lovers. "This is an elegantly written novel, refreshing in its bawdy portrayal of religious figures and intellectually stimulating in its rigorous treatment of the theological discourse of the time." —Publishers Weekly

Shrines and Pilgrimage in the Modern World Peter Jan Margry 2008 The modern pilgrimage—to sites ranging from Graceland to the veterans' annual ride to the Vietnam Veterans Memorial to Jim Morrison's Paris grave—is intertwined with man's existential uncertainties in the face of a rapidly changing world. In a climate that reproduces the religious quest in seemingly secular places, it's no longer clear exactly what the term pilgrimage infers—and *Shrines and Pilgrimage in the Modern World* critiques our notions of the secular and the sacred, while commenting on the modern media's multiplication of images that renders the modern pilgrimage a quest without an object. Using new ethnographical and theoretical approaches, this volume offers a surprising new vision on the non-secularity of the "secular" pilgrimage. "This book will be sure to stoke our intellectual fire and heat up the discussion over the highly charged topic of secular pilgrimage."—Simon Bronner, Penn State University

Pots & Plays Oliver Taplin 2007-10-15 This interdisciplinary study opens up a fascinating interaction between art and theater. It shows how the mythological vase-paintings of fourth-century B.C. Greeks, especially those settled in southern Italy, are more meaningful for those who had seen the myths enacted in the popular new medium of tragedy. Of some 300 relevant vases, 109 are reproduced and accompanied by a picture-by-picture discussion. This book supplies a rich and unprecedented resource from a neglected treasury of painting.

The Seven Spiritual Weapons Catherine of Bologna 2011-07-18 St. Catherine of Bologna, much venerated in her own city, has been little known outside of her native region but interest in her is now increasing. The outline of her life is clear and her own work, *The Seven Spiritual Weapons*, tells a good deal about her inner experiences and early years in the cloister. The introduction to this translation situates her life in the history of Ferrara and Bologna and studies how the external history of the community impinged on Catherine's own religious experience and how it was interwoven with her successful struggle against depression.

The Place of Narrative Marilyn Aronberg Lavin 1990-12-15 Looking at more than two hundred Italian medieval and Renaissance mural cycles, Lavin examines—with the aid of computer technology—the "rearranged" chronologies of familiar religious stories found therein. "Like many masterpieces, Lavin's book builds upon a simple idea . . . it is possible to do a computer analysis of . . . visual narratives. . . . This is the first computer-based study of the visual arts of which I am aware that illustrates how those technologies can utterly transform the study of old master art. An extremely important book, one likely to become the most influential recent study of art of this period, *The Place of Narrative* is also a beautiful artifact."—David Carrier, *Leonardo* "Covering over a millennium and dealing with the whole of Italy, Lavin makes pioneering use of new methodology employing a computer database . . . [and] novel terminology to describe the disposition of scenes of church and chapel walls. . . . We should recognize this as a book of high seriousness which reaches out into new areas and which will fruitfully stimulate much thought on a neglected subject of very considerable significance."—Julian Gardner, *Burlington Magazine*

The Clash of Gods Thomas F. Mathews 2022-09-13 Between the third and sixth centuries, the ancient gods, goddesses, and heroes who had populated the imagination of humankind for a millennium were replaced by a new imagery of Christ and his saints. Thomas Mathews explores the many different, often surprising, artistic images and religious interpretations of Christ during this period. He challenges the accepted theory of the

"Emperor Mystique," which, interpreting Christ as king, derives the vocabulary of Christian art from the propagandistic imagery of the Roman emperor. This revised edition contains a new preface by the author and a new chapter on the origin and development of icons in private domestic cult.

The First Centuries of Christianity Julien Ries 2001 These vibrant books take the reader into the history of a specific religion, placing it in a cultural perspective. Picasso Pablo Picasso 2009 Il catalogo riproduce interamente la Suite 347, di propriet  di Bancaja di Valencia. Tutte le incisioni, appunto 347, realizzate da Picasso tra marzo e ottobre del 1968, rappresentano il "diario di bordo" di un uomo che "senza curarsi delle proprie ansie o di quelle profonde inquietudini che spesso cercava, portandole a galla, di esorcizzare," si apriva "alla percezione del mondo esterno, quel mondo che a un uomo di quasi 87 anni appariva folle, grottesco. Aveva visto ben altro!" La Suite   composta da quattro grandi nuclei tematici: La Celestina, ovvero le stampe selezionate da Picasso per un'edizione della Celestina di Fernando de Rojas, pubblicata dall'atelier Crommelynck nel 1971; Picasso, la sua opera e il suo pubblico, una sorta di presentazione dei soggetti principali e di tutte le tecniche e gli stili utilizzati; Mitologia e circo, in cui affiorano la mitologia mediterranea e i tradizionali temi picassiani: il Don Chisciotte, i personaggi di Rembrandt, Raffaello, le mezzane ecc...; Il pittore e le modelle, incisioni che rimandano a temi della Suite Vollard e a quelli ripresi nella Suite 156 con Degas e Poussin nella parte di voyeur, i moschettieri e le donne rembrandtiane. The Italian Academies 1525-1700 Jane E. Everson 2016-04-14 The intellectual societies known as Academies played a vital role in the development of culture, and scholarly debate throughout Italy between 1525-1700. They were fundamental in establishing the intellectual networks later defined as the 'R publique des Lettres', and in the dissemination of ideas in early modern Europe, through print, manuscript, oral debate and performance. This volume surveys the social and cultural role of Academies, challenging received ideas and incorporating recent archival findings on individuals, networks and texts. Ranging over Academies in both major and smaller or peripheral centres, these collected studies explore the interrelationships of Academies with other cultural forums. Individual essays examine the fluid nature of academies and their changing relationships to the political authorities; their role in the promotion of literature, the visual arts and theatre; and the diverse membership recorded for many academies, which included scientists, writers, printers, artists, political and religious thinkers, and, unusually, a number of talented women. Contributions by established international scholars together with studies by younger scholars active in this developing field of research map out new perspectives on the dynamic place of the Academies in early modern Italy. The publication results from the research collaboration 'The Italian Academies 1525-1700: the first intellectual networks of early modern Europe' funded by the Arts and Humanities Research Council and is edited by the senior investigators.
