Nlp Shlomo Vaknin C Ht 2020-08-22 "Once a loser, always a loser.", we say. "He's a mule that cannot be reasoned with. That's just the way he is.", we complain. We file ourselves and others into categories seemingly cast in stone, and resign ourselves to navigating life at the mercy of the cards that have been dealt to us. But what if this need not be the case? What if we were to see ourselves and others not as immovable islands in the oceans of circumstances, but rather as ships with sails hoisted high, able to move and choose freely in the face of life's currents and winds? The fact of the matter is that behaviors that have been learned can be unlearned. Ways of thinking that have become normal and practically automatic can be redefined. Our capacity for adaptation is worth bearing in mind. As a result of acknowledging the ways in which our brains and bodies either help or

hinder us in a variety of contexts, we are empowered to adopt strategies that move us ever closer to the very tangible realities of contentment and accomplishment. That is the purpose of this book: to understand the various rules (or Meta-Programs) which govern neurological and physiological interaction and the resultant impact on our thoughts, feelings and actions, and to better learn how to make intentional choices that facilitate the healthy and constructive aspects of these interactions and impacts. Imagine, if you would, two towns that are separated by an insurmountable mountain. Interaction and communication between them is totally cut-off. If one town represents the brain and nervous system, and the other town the thinking processes, perceptions and behavior, then Meta-Programs would act as a tunnel engineered to cut through the mountain, linking the two and facilitating the flow of information between them. The Meta-Programs determine our tendency to make a decision in a certain frame of thinking. That's quite a vague statement, isn't it? Let's see... For example, if you tend to look how things "match" each other, it will be easier to persuade you to buy a new car if the salesman shows you how the shape of the car helps to quiet the engine noise, and how the automatic gear shifts smoothly with your style of driving, and how the price of the car can be divided into installments that match your existing financial capabilities perfectly... But if you tend to find the "mismatch", or the things that are in conflict - the salesman would have to constantly compare the car you look at with a less attractive car and show you the differences and how the car you're looking at is much better - he'll show you the difference in price, the mileage in the city, the safety features, etc., but always in comparison to another car, one which you didn't even consider buying. Being mindful of the Meta-Programs helps us understand and appreciate the differences in the ways that people behave with and respond to the world around them. Rather than seeing these differences as obstacles or irritations, an understanding of Meta-Programs empowers

us to adapt our own behaviors and responses in ways that match and complement their own. Meta-Programs are therefore useful in overcoming division and misunderstanding, and in facilitating synergy and co-operation. Teachers could use Meta-Programs to more effectively keep their students engaged. Police officers could use them to better facilitate the diffusion of high-stress situations. Meta-Programs would benefit parents who need to discipline their kids and who are trying to motivate the behavior that they desire. The list is practically endless.

The Best Medicine (Dilbury Village #3) Charlotte Fallowfield 2018-02-28 "This was yet another brilliantly written, hilarious, amazing book by Charlotte Fallowfield." - Gothic Angel Book Reviews
A laugh-out-loud romantic comedy from Charlotte Fallowfield, Amazon bestselling author of Until We Collide, Never The Bride, and The Great Escape. Despite being a successful author of risqué romance novels, Charlie Faulkner had yet to star in her own love story. Drowning her sorrows in takeaway pizza, and at risk of getting wedged in her favourite writing chair, she despaired of ever finding the kind of all-consuming love that she wrote about in her books. When she did venture out of her writing cave, chaos and disaster followed, with many a trip to the emergency room of the local hospital. It was there she fell head over heels for the handsome doctor who often treated her, Guy Fitton. The trouble was that with her medical track record, she wasn't sure if he'd see her as a sexy, desirable temptress or just a crazy, accident-prone woman, with a medical file so heavy it needed its own trolley. Would Charlie get her "happy ever after" with Dr. Fitton or end up with the other significant male in her life, the pizza delivery guy? While The Best Medicine is a standalone story, it's the third in the Dilbury Village series of romantic comedy novels. All of them are set in the quaint fictitious English hamlet in the Shropshire countryside, but feature a different village couples' story.

The Beard Made Me Do It Lani Lynn Vale 2017-06-23 He's only a friend. Those words had haunted him from the moment Jessie James had heard them muttered from the girl who held his heart, and

whom he thought had his back. Fourteen years later, he still feels those words like a brand on his soul. Lucky for him he has a son to focus on, a full-time job that demands his attention the rest of the day, and not a single moment to spare for a woman who won't stand up for him when he needs her the most. He's only a friend. The words had slipped out of Ellen's mouth, and before she could recall them, or better yet, explain them, Jesse is gone from her life for good, taking her heart with him. She tries to move on, to climb her way out of the pit of despair, but not one single person - regardless of how badly she wants to make it work - can fill the void that was left in his wake. Time heals all wounds. Or at least that is how the saying goes. It's a crock of crap, though. Fourteen years pass when Jessie and Ellen see each other again without the influence of the town and bad memories surrounding them, and it's as if not a single day has passed. Ellen knows the instant that her eyes see her old love that she's still just as in love with him today as she was all those years ago. The problem is that Jesse wants nothing to do with her. Or at least that's what he keeps telling himself.

Queenmaker Rebecca Royce 2019-10-03 Everything changed when I crashed into a food truck. It all started with a brutal hill. An incline that I was determined to crest. One, long, punishing climb with my thighs screaming as I pumped the pedals for all I was worth. That hill could have been a metaphor for my whole life. I was climbing out of the crater left by a broken heart, ready to seize control again. Making it up that hill was a good first step. Then I hit the food truck. Enter Reese Riley, blond, gorgeous, stunning sapphire eyes and the kind of smile to set my blood on fire. No way he was real. With charm to spare, he walked me home and then asked me out. Then he introduced me to his friends-Briggs, Goran, and Dalton. Stunning men, all of them. Funny, too. They flirted, they teased, and they indulged. They were incredible, each of them, and they fit into my life like they'd been born to be there. I didn't know whether to celebrate or to run like hell. Oh, and did I mention they were aliens? *Please note this is a reverse harem and the authors suggest you always read the forwards in their books. This is the first in a trilogy.

The Subs Club J. A. Rock 2018-09 A year ago, my best friend Hal died at the hands of an incompetent "dom." So I started the Subs Club, a private blog where submissives can review doms and call out the douche bags. A perfect example of the kind of arrogant asshole I mean? The Disciplinarian. He has a pornstache. He loves meat, stoicism, America, and real discipline. And he thinks subs exist to serve him. But . . . not everything about him is awful. His Davy Crockett act just seems like a cover for his fear of intimacy, and part of me wants to show him it's okay to get close to people. And, I mean, sue me, but I have fantasized about real discipline. Not role-play, but like, Dave, you're gonna be thirty in four years and you still work in a mall; get your ass in gear or I'll spank it. Not that I'd ever trust anyone with that kind of control. I'm gonna redefine "battle of wills" for the Disciplinarian. Or I'm gonna bone him. It's hard to say. -Dave

Wicked Bond Sawyer Bennett 2016-08-29 Bridger Payne is an enigma that no one can figure out. Wise beyond his years, eerily intuitive and sexy as hell, every woman in The Silo wants him. None can have him. Not the real man, anyway. He might wield the lash for you if you ask prettily, but he'll get no gratification from it. He'll definitely make you scream, but he won't think twice about you when he walks away. Bridger carries the darkest of secrets. He's filled with too much pain. He's utterly untouchable. Until she came along. ****Warning: this book has sex in it. Lots of sex. Dirty sex.** The Wicked Horse Series is a bit different than what Sawyer Bennett normally writes. While you'll still enjoy fabulous characters, a suspenseful story, some witty banter and an epic romance, there's just... a lot of sex. You've been warned.

Down & Dirty Jeanne St. James 2017-08-16 Welcome to Shadow Valley where the Dirty Angels MC rule. Get ready to get Down & Dirty because this is Zak's story... After spending the last ten years in prison, Zak, former DAMC president, has a few priorities: to reconnect with his "brothers," to get drunk, and to get laid. Not necessarily in that order. When he spots a stunning woman in the clubhouse and mistakes her for one of the club's strippers, those priorities get a bit skewed. Sophie

has no idea what happened to her life. One minute she's totally focused on building her bakery business, and the next? She's delivering a cake to the Dirty Angels motorcycle club's "homecoming" celebration for a member who just got out of prison. Little does she know baking that cake will change the rest of her life, not to mention, make her a target for a rival MC. Normally, Sophie wouldn't be caught dead with a man like Zak, a tattooed, ex-con, badass biker. When a decades old territory war threatens to rip them apart, Zak will do anything to keep Sophie, his club, and the town safe. But being from two different worlds, the threat they're under may not be worth the risk.
