*Empire of the Summer Moon* S. C. Gwynne 2010-05-25 \*Finalist for the Pulitzer Prize and the National Book Critics Circle Award\* \*A New York Times Notable Book\* \*Winner of the Texas Book Award and the Oklahoma Book Award\* This New York Times bestseller and stunning historical

account of the forty-year battle between Comanche Indians and white settlers for control of the American West “is nothing short of a revelation...will leave dust and blood on your jeans” (The New York Times Book Review). *Empire of the Summer Moon* spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne’s exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne’s account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. *Empire of the Summer Moon* announces him as a major new writer of American history.

**Blood and Thunder** Hampton Sides 2007-10-09 NATIONAL BESTSELLER • From the author of *Ghost Soldiers* comes a magnificent history of the American conquest of the West—"a story full of authority and color, truth and prophecy" (The New York Times Book Review). In the summer of 1846, the Army of the West marched through Santa Fe, en route to invade and occupy the Western territories claimed by Mexico. Fueled by the new ideology of "Manifest Destiny," this land grab would lead to a decades-long battle between the United States and the Navajos, the fiercely resistant rulers of a huge swath of mountainous desert wilderness. At the center of this sweeping tale is Kit Carson, the trapper, scout, and soldier whose adventures made him a legend. Sides shows us how this illiterate mountain man understood and respected the Western tribes better than any other American, yet willingly followed orders that would ultimately devastate the Navajo nation. Rich in detail and spanning more than three decades, this is an essential addition to our understanding of how the West was really won.

**Don Benito Wilson** Nat B. Read 2008 "Don Benito Wilson (née Benjamin Davis Wilson) is remembered as the namesake of Mount Wilson. Few know he was the second mayor of Los Angeles. Twenty-six State Senators divvy up the district that Benjamin Wilson once represented. Southern California will never again see anyone who made such a mark on so many different fields as Don Benito Wilson"--Provided by publisher.

The Adventures of Hatchet Jack Terry Grosz 2018-06-04 In the 1830s, Jack Kelly is an Irish lad sold into indentured servitude. Jack vows to escape to the untamed West to become a Mountain Man fur trapper. Thus begins an adventure involving turncoat fellow trappers, deadly betrayal, death on the frontier, battles with hostile Blackfoot Indians, loss, love, fortune, and an ultimate surprise. The Adventures of Hatchet Jack is an epic story of the life and times of a Mountain Man when the West was young, dangerous and yet beautiful beyond compare ... told only as Terry Grosz can tell it.

**On Gold Mountain** Lisa See 1999 When she was a girl, Lisa See spent summers in the cool, dark recesses of her family's antiques store in Los Angeles' Chinatown. There, her grandmother and great-aunt told her intriguing, colourful stories about their family's past - stories of missionaries, concubines, tong wars, glamorous nightclubs, and the determined struggle to triumph over racist laws and discrimination. They spoke of how Lisa's great-great-grandfather emigrated from his Chinese village to the United States, and how his son followed him. As an adult, See spent five years collecting the details of her family's remarkable history. She interviewed nearly one hundred relatives and pored over documents at the National Archives, the immigration office, and in countless attics, basements, and closets for the intimate nuances of her ancestors' lives. The result is a vivid, sweeping family portrait that is at once particular and universal, telling the story not only of one family, but of the Chinese people in America - and of America itself, a country that both welcomes and reviles its immigrants like no other culture in the world.

*A Good Scent from a Strange Mountain* Robert Olen Butler 2012-03-11 Winner of the Pulitzer Prize: "Uncannily perceptive stories written by an American from the viewpoint of Vietnamese citizens transplanted to Louisiana" (People). *A Good Scent from a Strange Mountain* is Robert Olen Butler's Pulitzer Prize-winning collection of lyrical and poignant stories about the aftermath of the Vietnam War and its enduring impact on the Vietnamese. Written in a soaring prose, Butler's haunting and powerful stories blend Vietnamese folklore and contemporary American realities, creating a vibrant panorama that is epic in its scope. This new edition includes two previously uncollected stories—"Missing" and "Salem"—that brilliantly complete the collection's narrative journey, returning to the jungles of Vietnam to explore the experiences of a former Vietcong soldier and an American MIA. "Deeply affecting . . . A brilliant collection of stories about storytellers whose recited folklore radiates as implicit prayer . . . One of the strongest collections I've read in ages." —Ann Beattie

*The Last American Man* Elizabeth Gilbert 2009-08-17 At the age of seventeen, Eustace Conway ditched the comforts of his suburban existence to escape to the wild. Away from the crushing disapproval of his father, he lived alone in a teepee in the mountains. Everything he needed he built, grew or killed. He made his clothes from deer he killed and skinned before using their sinew as

sewing thread. But he didn't stop there. In the years that followed, he stopped at nothing in pursuit of bigger, bolder challenges. He travelled the Mississippi in a handmade wooden canoe; he walked the two-thousand-mile Appalachian Trail; he hiked across the German Alps in trainers; he scaled cliffs in New Zealand. One Christmas, he finished dinner with his family and promptly upped and left - to ride his horse across America. From South Carolina to the Pacific, with his little brother in tow, they dodged cars on the highways, ate road kill and slept on the hard ground. Now, more than twenty years on, Eustace is still in the mountains, residing in a thousand-acre forest where he teaches survival skills and attempts to instil in people a deeper appreciation of nature. But over time he has had to reconcile his ambitious dreams with the sobering realities of modernity. Told with Elizabeth Gilbert's trademark wit and spirit, this is a fascinating, intimate portrait of an endlessly complicated man: a visionary, a narcissist, a brilliant but flawed modern hero. The Last American Man is an unforgettable adventure story of an irrepressible life lived to the extreme. The Last American Man is a New York Times Notable Book and National Book Critics Circle Award Finalist.

**The Ramapo Mountain People** David Steven Cohen 1986 Northwest of Manhattan where the New York-New Jersey boundary crosses the tree-covered ridges and hollows ridges and hollows of the Ramapo Mountains there is a group of about 1,500 racially mixed people who have long been referred to by journalists and historians as the "Jackson Whites." In a study combining tee disciplines of anthropology, sociology, folklore, and history, David Cohen found that the old stories about these people were legends, not history. He found no reliable evidence that their ancestors were Tuscarora Indians, Hessian deserters from the British army, escaped slaves, and British and West Indian prostitutes imported by a sea captain named Jackson for the pleasure of British soldiers occupying Manhattan during the War for Independence. David Cohen lived among the Ramapo Mountain

People for a year, conducting genealogical research into church records, deeds, wills, and inventories in county courthouses and libraries. He established that their ancestors included free black landowners in New York City and mulattoes with some Dutch ancestry who were among the first pioneers to settle in the Hackensack River Valley of New Jersey. In describing his findings and his experiences, Professor Cohen shows how their racially mixed ancestry, their special family and kinship system, and their intergroup attitudes and folkways distinguish and socially isolate these people as a separate racial group today, despite modern communications and transportation and their proximity to New York City.

*On My Own Country* 1880\*

The Odyssey Homer 1871

**Snow Mountain Passage** James D. Houston 2007-12-18 Snow Mountain Passage is a powerful retelling of the most dramatic of our pioneer stories—the ordeal of the Donner Party, with its cast of young and old risking all, its imprisoning snows, its rumors of cannibalism. James Houston takes us inside this central American myth in a compelling new way that only a novelist can achieve. The people whose dreams, courage, terror, ingenuity, and fate we share are James Frazier Reed, one of the leaders of the Donner Party, and his wife and four children—in particular his eight-year-old daughter, Patty. From the moment we meet Reed—proud, headstrong, yet a devoted husband and father—traveling with his family in the "Palace Car," a huge, specially built covered wagon transporting the Reeds in grand style, the stage is set for trouble. And as they journey across the country, thrilling to new sights and new friends, coping with outbursts of conflict and constant danger, trouble comes. It comes in the fateful choice of a wrong route, which causes the group to arrive at the foot of the Sierra Nevada too late to cross into the promised land before the snows

block the way. It comes in the sudden fight between Reed and a drover—a fight that exiles Reed from the others, sending him solo over the mountains ahead of the storms. We follow Reed during the next five months as he travels around northern California, trying desperately to find means and men to rescue his family. And through the amazingly imagined "Trail Notes" of Patty Reed, who recollects late in life her experiences as a child, we also follow the main group, progressively stranded and starving on the Nevada side of the Sierras. Snow Mountain Passage is an extraordinary tale of pride and redemption. What happens—who dies, who survives, and why—is brilliantly, grippingly told.

By Sorrow's River Larry McMurtry 2010-06-01 In this tale of high-spirited and terrifying adventure, set against the background of the West that Larry McMurtry has made his own, *By Sorrow's River* is an epic in its own right with the return of the formidable, young Tasmin Berrybender. At the heart of this third volume of his Western saga remains the beautiful and determined Tasmin Berrybender, now married to the "Sin Killer" and mother to their young son, Monty. *By Sorrow's River* continues the Berrybender party's trail across the endless Great Plains of the West toward Santa Fe, where they intend, those who are lucky enough to survive the journey, to spend the winter. They meet up with a vast array of characters from the history of the West: Kit Carson, the famous scout; Le Partezon, the fearsome Sioux war chief; two aristocratic Frenchmen, whose eccentric aim is to cross the Great Plains by hot air balloon; a party of slavers; a band of raiding Pawnee; and many other astonishing characters who prove, once again, that the rolling, grassy plains are not, in fact, nearly as empty of life as they look. Most of what is there is dangerous and hostile, even when faced with Tasmin's remarkable, frosty sangfroid. She is one of the strongest and most interesting of Larry McMurtry's characters, and she stands at the center of this powerful and ambitious novel of the

West.

**Defending Harlow** Susan Stoker 2019 A Wall Street Journal bestseller. Danger rises and love is threatened in New York Times bestselling author Susan Stoker's fourth book of the Mountain Mercenaries series. Lowell "Black" Lockard, former Navy SEAL, has watched his fellow Mountain Mercenaries settle down with the women of their dreams, but he's convinced he doesn't need love. Then he gets a call from Harlow Reese--a chef at a local women's shelter--and begins to reconsider his decision. After being continually harassed by a local band of punks, Harlow asks Lowell to give the women of the shelter lessons in self-defense. She doesn't expect him to take such a special interest in her safety, but he insists on escorting her to and from work, never taking no for an answer. Not that Harlow minds the personal touch...especially when it's coming from her former teenage crush. Despite her long history of bad dating luck, seeing Black again makes Harlow rethink her self-imposed celibacy. Easy on the eyes and hard to forget, the man has morphed into an alpha stud. And Harlow may be exactly the type of woman Black is looking for. Making her feel safe isn't only a duty; it's a pleasure. But the threats are escalating. The motives are a mystery. And as the danger burns almost as hot as their passion, there's much more at risk than their hearts.

Wildlife Wars Terry Grosz 2015-07-15 In "Wildlife Wars," Terry Grosz serves up fascinating stories--alternately hair-raising, hilarious, and heart-wrenching--from his 30-year struggle to protect wildlife in America. A natural storyteller, Grosz writes about the remarkable characters he met--on both sides of the law--as he matched wits with elk poachers, salmon snaggers, commercial-market duck hunters,

and a host of other law-breakers. Best of all, though, these stories are so remarkably entertaining you won't want to put them down. *Wildlife Wars* is the winner of the 2000 National Outdoor Book Award, Nature and the Environment Category.

**For Love of Wildness** Terry Grosz 2000 Grosz writes about the remarkable characters he has met -- on both sides of the law -- and the tight spots he has got into, of his love of wildlife and the great outdoors. He also makes an urgent plea for everyone to respect and protect the planet's fragile natural resources.

*Spawn #327* Rory McConville 2022-03-09 The war for control of the Dead Zone enters a new phase as a surprising faction emerges, one that threatens to destabilize *Spawn's* plans to rid the world of the forces of Heaven and Hell.

**Wildlife on The Edge** Terry Grosz 2018-07-09 A heartfelt, sometimes gut-wrenching but always exciting journey into the never-ending war on poachers, smugglers, and market hunters.

**The Control of Nature** John McPhee 2011-04-01 While John McPhee was working on his previous book, *Rising from the Plains*, he happened to walk by the engineering building at the University of Wyoming, where words etched in limestone said: "Strive on--the control of Nature is won, not given." In the morning sunlight, that central phrase--"the control of nature"--seemed to sparkle with unintended ambiguity. Bilateral, symmetrical, it could with equal speed travel in opposite directions. For some years, he had been planning a book about places in the world where people have been engaged in all-out battles with nature, about (in the words of the book itself) "any struggle against natural forces--heroic or venal, rash or well advised--when human beings conscript themselves to fight against the earth, to take what is not given, to rout the destroying enemy, to surround the base of Mt. Olympus demanding and expecting the surrender of the gods." His interest had first been

sparked when he went into the Atchafalaya--the largest river swamp in North America--and had learned that virtually all of its waters were metered and rationed by a U.S. Army Corps of Engineers' project called Old River Control. In the natural cycles of the Mississippi's deltaic plain, the time had come for the Mississippi to change course, to shift its mouth more than a hundred miles and go down the Atchafalaya, one of its tributary branches. The United States could not afford that--for New Orleans, Baton Rouge, and all the industries that lie between would be cut off from river commerce with the rest of the nation. At a place called Old River, the Corps therefore had built a great fortress--part dam, part valve--to restrain the flow of the Atchafalaya and compel the Mississippi to stay where it is. In Iceland, in 1973, an island split open without warning and huge volumes of lava began moving in the direction of a harbor scarcely half a mile away. It was not only Iceland's premier fishing port (accounting for a large percentage of Iceland's export economy) but it was also the only harbor along the nation's southern coast. As the lava threatened to fill the harbor and wipe it out, a physicist named Thorbjorn Sigurgeirsson suggested a way to fight against the flowing red rock--initiating an all-out endeavor unique in human history. On the big island of Hawaii, one of the world's two most eruptive hot spots, people are not unmindful of the Icelandic example. McPhee went to Hawaii to talk with them and to walk beside the edges of a molten lake and incandescent rivers. Some of the more expensive real estate in Los Angeles is up against mountains that are rising and disintegrating as rapidly as any in the world. After a complex coincidence of natural events, boulders will flow out of these mountains like fish eggs, mixed with mud, sand, and smaller rocks in a cascading mass known as debris flow. Plucking up trees and cars, bursting through doors and windows, filling up houses to their eaves, debris flows threaten the lives of people living in and near Los Angeles' famous canyons. At extraordinary expense the city has built a

hundred and fifty stadium-like basins in a daring effort to catch the debris. Taking us deep into these contested territories, McPhee details the strategies and tactics through which people attempt to control nature. Most striking in his vivid depiction of the main contestants: nature in complex and awesome guises, and those who would attempt to wrest control from her--stubborn, often ingenious, and always arresting characters.

*The Gathering* Kelley Armstrong 2011-04-05 On the heels of the wildly popular "The Darkest Powers" series comes the first in another supernatural YA trilogy from New York Times bestselling author Kelley Armstrong. Maya lives in a small medical-research town on Vancouver Island. How small? You can't find it on the map. It has less than two-hundred people, and her school has only sixty-eight students — for every grade from kindergarten to twelve. Now, strange things are happening in this claustrophobic town, and Maya's determined to get to the bottom of them. First, the captain of the swim team drowns mysteriously in the middle of a calm lake. A year later, mountain lions start appearing around Maya's home, and they won't go away. Her best friend, Daniel, starts getting negative vibes from certain people and things. It doesn't help that the new bad boy in town, Rafe, has a dangerous secret — and he's interested in one special part of Maya's anatomy: Her paw-print birthmark.

Gorgeous women don't just stumble onto Ronan Cross's remote property. But this one--vulnerable, victimized, and needing the kind of help only Ronan can offer--tells a story that makes his blood boil almost as hot as his need to protect her. Since her father's death, Chloe Harris has become a prisoner. Her own brother, a flesh peddler and low-level player in the Denver Mafia, is forcing her to sell her body

for an endgame Chloe never saw coming: control over a vast fortune. Her only way out is to run--straight into the arms of the one hard-bodied man she can trust. Defending Chloe could rain punishment down on the Mountain Mercenaries. Her brother has Mob connections and the local police in his pocket. Lost on Purpose Patrick Taylor 2015-11-07 "Lost on Purpose" is the non-fiction adventure narrative of a former technology executive who reinvented himself as a 21st century mountain man. In October/November 2013, Patrick Taylor crossed the Rocky Mountains alone on foot. He passed through one of the largest wilderness areas in the Lower 48 to reach and retrace the route of Lewis & Clark in the winter. The sacrifices - vocationally, financially, emotionally - are measured against the benefits by the author in a refreshingly honest, humorous, and inspirational fashion. If you liked "Wild" (and who didn't), you will love this wilderness adventure.
