Writing for Pleasure Ross Young 2020-12-29 This book explores what writing for pleasure means, and how it can be realised as a much-needed pedagogy whose aim is to develop children, young people, and their teachers as extraordinary and life-long writers. The approach described is grounded in what global research has long been telling us are the most effective ways of teaching writing and contains a description of the authors' own research project into what exceptional teachers of writing do that makes the difference. The authors describe ways of building communities of committed and successful writers who write with purpose, power, and pleasure, and they underline the importance of the affective aspects of writing teaching, including promoting in apprentice writers a sense of self-efficacy, agency, self-regulation, volition, motivation, and writer-identity. They define and discuss 14 research-informed principles which constitute a Writing for Pleasure pedagogy and show how they are applied by teachers in classroom practice. Case studies of outstanding teachers across the globe further illustrate what world-class writing teaching is. This ground-breaking text is essential reading for anyone who is concerned about the current status and nature of writing teaching in schools. The rich Writing for Pleasure pedagogy presented here is a radical new conception of what it means to teach young writers effectively today.

PUSH Cindy Trimm 2014-07-01 Your Breakthrough Is Only a PUSH Away Today's world knows little

about perseverance. This is why so few people become innovators, entrepreneurs, and world-changers. Success is bypassed, not due to a lack of opportunity, but because we don't know how to maximize the opportunities in front of us and PUSH - persevere until success happens. In her encouraging and dynamic style, Dr. Cindy Trimm inspires you to go for it. It is one thing to read about the lives of great achievers—it is another thing to join their ranks. Learn how to:

- Carry your dreams, visions, and goals “full term” and to complete fulfillment
- Exercise the power of faith to overcome the impossible and release God's supernatural purposes into your life
- Resist the temptation to ‘cave’ under pressure and press on even when you don't feel like it anymore
- Empower others to fulfill their divine destinies through co-laboring with them

“If you dare to believe that God has something great in store for you to do, to accomplish, or to achieve, you must be prepared to persevere in spite of your hardship, setbacks, and challenges in order to realize your dreams and accomplish your goals. This book is written to give you that extra push.” —Cindy Trimm

The Future of Humanity Murray Robertson 2015-06-14 The thought of preaching or teaching on the book of Revelation can be extremely daunting. Compared to the straightforward narrative of the Gospels or the New Testament letters, Revelation seems confusing to understand and difficult or even impossible to apply to a particular situation. As a result of these challenges many preachers are reluctant to engage with Revelation and overlook some of the powerful messages of hope found within, especially for those facing trials and persecution for their faith. In this book, Murray Robertson breaks down Revelation 4 to 22 so that the concept, context, tone and contemporary message can be fully realised by those reading and preaching this apocalyptic text. Containing questions for discussion at the end of every chapter and a few sample sermon outlines, this is a very

practical handbook for anyone committed to authentic biblical preaching.

The Psychology of Education Martyn Long 2010-11-05 Written in an accessible and engaging style, this second edition of *The Psychology of Education* addresses key concepts from psychology which relate to education. Throughout the text the author team emphasise an evidence-based approach, providing practical suggestions to improve learning outcomes, while fictional case studies are used in this new edition to provide students with a sense of what psychological issues can look like in the classroom. Activities around these case studies give students the chance to think about how to apply their theoretical knowledge to these real-world contexts. 'Key implications' are drawn out at appropriate points, and throughout the book students are provided with strategies for interrogating evidence. Key terms are glossed throughout the book and chapters are summarised and followed by suggestions for further reading. A chapter on Learning interactions and social worlds is new to this edition. The following chapters have all been extensively updated: Learning Assessment Individual differences and achievement Student engagement and motivation The educational context Society and culture Language Literacy Inclusive education and special educational needs Behaviour problems Dealing with behaviour problems. This book is essential reading for undergraduate

students of Education Studies and Psychology as well as trainee teachers on BA, BEd and PGCE courses. It will also be of use to postgraduates training to be educational psychologists.

The African Renaissance Washington A. Jalango Okumu 2002 An intellectual tour de force, this bold, imaginative and provocative analysis of Africa's striving for political stability and economic growth demonstrates the potential for an African Renaissance today. One of Africa's leading intellectuals, Okumu analyses new initiatives such as NEPAD and discusses their potential role in Africa's economic welfare and future, while putting forward his own practical, policy oriented programme for an African Renaissance.

Higher Is Waiting Tyler Perry 2017-11-14 In this intimate book of inspiration, Tyler Perry writes of how his faith has sustained him in hard times, centered him in good times, and enriched his life. Higher Is Waiting is a spiritual guidebook, a collection of teachings culled from the experiences of a lifetime, meant to inspire readers to climb higher in their own lives and pull themselves up to a better, more fulfilling place. Beginning with his earliest memories of growing up a shy boy in New Orleans, Perry recalls the moments of grace and beauty in a childhood marked by brutality, deprivation, and fear. With tenderness he sketches portraits of the people who sustained him and taught him indelible lessons about integrity, trust in God, and the power of forgiveness: his aunt Mae, who cared for her grandfather, who was born a slave, and sewed quilts that told a story of generations; Mr. Butler, a blind man of remarkable dignity and elegance, who sold penny candies on a street corner; and his beloved mother, Maxine, who endured abuse, financial hardship, and the daily injustices of growing up in the Jim Crow South yet whose fierce love for her son burned bright and never dimmed. Perry writes of how he nurtured his dreams and discovered solace in nature, and of his resolute determination to reach ever higher. Perry vividly and movingly describes his growing awareness of God's presence in his life, how he learned to tune in to His voice, to persevere through

hard times, and to choose faith over fear. Here he is: the devoted son, the loving father, the steadfast friend, the naturalist, the philanthropist, the creative spirit—a man whose life lessons and insights into scripture are a gift offered with generosity, humility, and love.

The Big Conservation Lie John Mbaria 2016-12-11 'The Big Conservation Lie' is a wake up call focused on a field that has been 'front and centre' of many people's hearts and minds in recent years; The conservation of Africa's wildlife. It is a pursuit whose power to inspire is only rivalled by it's ability to blind it's audience to reality. This book takes the reader through Kenya's conservation 'industry' and the players therein with all their prejudices, weaknesses and commitment to causes, many of which are indistinguishable from their personalities. It is a call to indigenous Africans to claim their place at the table where the management of their natural resources is being discussed and invites well-meaning donors to look beyond the romantic images and detect the possible role of their money in the disenfranchisement of a people.

The Student Book Chris Davies 2018-06-29 Chris Davies is acknowledged to be Britain's foremost graduate coach. He founded his company, Graduate Coach, seven years ago and, since then, has kick-started the careers of over 300 graduates. As a result, Amazon, Aviva, Bloomberg, Coca-Cola, Deloitte, Facebook, Goldman Sachs, Google, JP Morgan Lloyds Bank and many other blue chip companies count Chris's alumni among their employees. So, too, do organisations such as Network Rail and the NHS. Before Graduate Coach, Chris pursued two other careers, in magazine publishing and advertising and marketing. In both cases, Chris built successful enterprises from scratch.
