The Case for Faith Bible Study Guide Revised Edition Lee Strobel 2013-12-23 Does believing in Christ mean refusing to ask hard questions in the midst of doubt? Doubt is familiar territory for Lee Strobel, the former atheist and award-winning author of books for skeptics and Christians alike. But he believes that faith and reason go hand in hand, and that Christianity is, in rational terms, a defensible religion. In this six-session video Bible study (DVD/digital video sold separately), Strobel explores the most common emotional obstacles to faith in Christ, including: The natural inclination to wrestle with faith and doubt. The troubling presence of evil and suffering in the world. The exclusivity of the Christian gospel. Behind each of these considerations is the question: Can I doubt and still be a Christian? Through compelling personal stories and expert testimony--combined with discussion and personal reflection cues facilitated by contributor Garry Poole--Christians and spiritual seekers will learn how to overcome these obstacles, deepen their spiritual convictions, and find new confidence that Christianity is a reasonable faith. Sessions include: The Challenge of Faith Dealing with Doubt Evil and Suffering, Part 1 Evil and Suffering, Part 2 Why Is Jesus the Only Way to God? It covers the Bible from the Book of Deuteronomy to the reign of King Solomon. We read Moses' counsel to his people during the final days before his translation. We follow the children of Israel into the Promised Land under the leadership of Joshua, beginning at Jericho and ending with the total conquering of all the lands promised to Abraham. We are introduced to the Judge-Heroes, including but not limited to Gideon, Deborah, and Samson. We read of the rise of the prophet Samuel and reigns of Saul, David, and Solomon. We thrill at the faith and gifts of David and mourn over his fall from grace. We are inspired by the wisdom of Solomon and the beauty of the House of Lord He built at Jerusalem, but are saddened by his idolatry in his old age. Along the way, we become familiar with the ministries and teachings of Elijah, and Elisha, and the courage and faith of Job. The cover features an extremely rare photograph of the rock (es-Sakhara) inside the Dome of the Rock, which at one time stood inside the Holy of Holies of Solomon's temple.

Smith in 1805 through the beginnings of the Kirtland and Missouri periods. We study the organization of the Church in 1830 and the migration of the Saints to Kirtland, Ohio, where the law and order of the Church is given, the law of consecration begins, and spiritual gifts are manifested. We also read concerning the early events in Missouri, where the land of Zion is dedicated for the gathering of the Saints. In all, it covers 27 years of Church History, and covers sections 1-99 of the Doctrine and Covenants and the Joseph Smith History in the Pearl of Great Price. The cover features "Young Joseph," a painting of the Prophet Joseph Smith pondering in the Sacred Grove, by Walter Rane.

Treat Your Own Spinal Stenosis Jim Johnson 2010-04 Spinal stenosis usually brings to mind images of bone spurs, pinched nerves, a wornout spine and pain. However few people know that scientific studies have shown up to 69% of people over the age of 55 to have spinal stenosis on an MRI exam, but no pain. Clearly radiographic pictures of one's spine do not tell the whole tale, as there are many people that are able to live pain-free with spinal stenosis. But if having a horrible looking spine on an MRI doesn't necessarily mean you'll have pain, then what does? Well, consider the study that checked out the back muscles of spinal stenosis patients with an EMG - and found that 17 out of 22 of them had abnormalities! Apparently there are other factors involved that might determine if one will have pain or not. *Treat Your Own Spinal Stenosis* will answer these kinds of questions and more. It will teach you what spinal stenosis is and how it got there. Then, you will learn what you can do about it by putting your spine through a series of "Tune-Ups." The Back Pain Revolution Gordon Waddell 2004 Accessible to all health care professionals, this text provides a guide to understanding and managing back pain and is one of the premier examples of a biopsychosocial approach to medicine. The content challenges unsubstantiated beliefs regarding the best way to treat and manage back pain and presents an interdisciplinary debate on the subject. In a society where patients are demanding more effective approaches to their problems, this resource offers a radical rethink, a necessary step to achieving a more effective method of treatment. The unorthodox spirit of this material places this book at the center of the revolution taking place in the back pain area. Gordon Waddell is the world authority on the topic of the back pain revolution. The content addresses huge problems of concern to many disciplines and governments. The unbiased, open-minded view looks at the issues and the evidence and invites the readers to consider, debate, and agree on the best course of action. Comprehensive coverage of all aspects of the problem offers both interventionist and conservative approaches to treatment, psychosocial issues, economic factors, patient education, and prevention. A new chapter on Occupational Health Guidelines keeps the reader up-to-date. New information allows the book to expand on the insights of the previous

edition, which was considered a classic text. More social and work-related research and material provides information on these important issues. Updated guidelines and references make this resource one of the best for current practice. The new illustrations, graphs, tables, and education handouts present Waddell's theory in a fresh, new way that aids in the reader's understanding.

Take Back Your Life Bible Study Guide Levi Lusko 2020-08-04 In this five-session video Bible study (DVD/digital downloads sold separately), pastor and author Levi Lusko reveals how every moment of every day, we must make the choice as to whether we will rely on ourselves to determine the reality of our situation or whether we will trust in God. In the Old Testament, we read how Gehazi, the servant of the prophet Elisha, faced this very dilemma. A bounty had been put on Elisha's head, and an army was now surrounding them. Gehazi was frantic. "Oh no, my lord!" he cried. "What shall we do?" (2 Kings 6:15). "Don't be afraid," Elisha calmly answered. "Those who are

with us are more than those who are with them" (verse 16). Gehazi must have wondered if his master had lost his mind. They had maybe five minutes before the soldiers reached them . . . yet here was Elisha practically singing the lyrics to "It's a Small World" and pretending everything was going to be all right. But then the prophet prayed, "Open his eyes, Lord, so that he may see" (verse 17). And with this, Gehazi suddenly saw what his master was seeing: a glorious, greater, and far more powerful army of the Lord surrounding the enemy invaders. When it comes to the trials and crises in our lives, we need to see the reality of our situation with the same "spiritual eyes" as Elisha possessed. What we perceive is not all that is there . . . there are unseen things, spiritual things, eternal things. As the apostle Paul put it, "So we don't look at the troubles we can see now; rather, we fix our gaze on things that cannot be seen. For the things we see now will soon be gone, but the things we cannot see will last forever" (2 Corinthians 4:18 nlt). As we learn to perceive our world through the lens of faith, we gain the strength to do the impossible. Take Back Your Life is a forty-day journey that will challenge you to see your situation with spiritual eyes, identify the roadblocks that get in the way of your faith in Christ, and ultimately take the first steps to become the difference-maker in the world that God created you to be! Designed for use with the Take Back Your Life Video Study available on DVD or streaming video, sold separately.

God in the Dark Sarah Van Diest 2018-04-03 Life's painful trials can bring shame about our inadequate and broken faith. There is relief in hearing the expressions of desperation in the psalmist's voice. He didn't experience this life perfected, and we don't either. But the psalmist was loved. So are we. God was so kind to give us the Psalms. To walk through darkened days is part of the human experience. To walk through them with faith, comfort, strength, joy, and hope is part of the divine experience. Our eyes, though, are often clouded to those blessings by the thing oppressing us. When we remember and recognize our Father's faithfulness, when we see reality with

the eyes of understanding, the darkness ebbs and the light of hope grows. The impossible, unbearable, and unthinkable becomes the hidden passageway to truth, hope, and joy in Christ. These letters were originally written as encouragement to a friend when the darkness began to overtake his path. Each day for 22 days, a letter arrived with one of the eight-verse sections from Psalm 119 along with a small thought to bring light and hope and to be a reminder that we do not fight our battles alone. The letters, along with nine more devotions on the subject of experiencing God in the dark, make up this powerful, honest, hope-filled 31-day devotional.

How Healed Do You Want to Be?: Finding hope and wholeness in a sharp-edged world

William T. Faris 2009 It is a sharp-edged world and getting hurt is unavoidable. Whether it is physical, spiritual or emotional, we all experience pain on some level and are left with trying to pick up the pieces. What do we do? How do we move forward? Do we want to merely get bandaged up so we can get back into the game? Or do we want something so powerful and miraculous that it leaves us better than when we first experienced pain? In *How Healed Do You Want to Be?* author William Faris explores the world of healing from a different perspective, defining the true nature of healing and challenging the reader to ask those tough questions that help us discover the deep healing God has for our lives. He lays out a biblical road map that helps those on this journey find a healing that leaves them in better shape than when one of the sharp edges from the world first found them.

Find The Right Track To Get Rid Of Back Pain Autumn Gillilan 2021-04-05 Eight out of 10 people will suffer from back or neck pain at some point in their life. Acute pain is abrupt, intense pain that subsides after a period of days or weeks. However, some people continue to suffer from pain that continues despite nonsurgical or surgical treatment methods. This long-term pain is called chronic pain. In this book, you will discover: PART I - BACK PAIN PANDEMIC This shocking truth I

first realized with a turn of a key inserted into my office mailbox lock. In removing my mail, a newspaper headline grabbed my attention, #1 Cause of Disability Worldwide. I quickly realized this was no ordinary article. This study emerged from the Global Burden of Diseases 2010 Project, a massive collaboration between six prestigious institutions of education. This massive statistical report revealed there is no question; the research is crystal-clear, Back Pain is the #1 cause of disability worldwide, shocking the foundations of healthcare, documenting 1,700,000,000 people, as in 25%, of the world's population, experiencing Back Pain. You will discover the truth regarding AMA's three marketed medical myths. Are drugs saving lives, true or false? Are drugs safe to take, true or false? Genetics cause diseases, true or false? You will be stunned by the answers. You will learn the crime against the food law, intended to protect the health of the people, in the USA, documented by the famous poison squad experiment. PART II - AMA TRUST BROKEN The AMA broke the trust of the American public, by playing an illegal monopoly, attempting to control, all matters in medicine. The Federal Government found the AMA guilty in 1987, for attempting to destroy its biggest rival: Doctors of Chiropractic. In court, under oath, doctors, testified they have little or no knowledge of 60% of the body, as in, the musculoskeletal system. Medicine students get zero to four hours of training, in the musculoskeletal system, which includes 60% of the whole body. Medicine students only study about 40% of the body. PART III - BACK PAIN CURED In history, Hippocrates documented the key role of the spine, and nervous system as he wrote: "Get knowledge of the Spine, for this, is the requisite for many diseases, and the importance of good health, in setting joints by leverage." The old Yoga adage: "A person is only as healthy, as his or, her spine." European Gypsies used back walking, as a cure, for all the sick, for over 5,000 years, because it worked well so well. Stress on nerves causes almost all diseases. Balance your body - Balance your

life. Get pain-free now and do everything you love. The author's riveting story is now a proven scientific health formula, destined to become a big-screen Hollywood movie, "Getting Your Head on Straight." This book will change your life. Your healing journey begins with your next step.
