This beautiful little book gives all the information needed to begin explorations with Touch Drawing. Numerous drawings by Deborah and her students illustrate both the primal power and childlike playfulness that can be experienced through Touch Drawing. In Touch Drawing, the fingers take the place of pen or paintbrush. Through this direct drawing process, even the least confident of artists finds interior images coming alive on the page. **Francis Bacon: Couplings** 2020-09-15 A focused look at double-figure paintings by the celebrated British artist, whose disturbing portrayals radically altered the genre of figurative painting in the twentieth century. This book highlights a theme that preoccupied Francis Bacon throughout his career: the relationship between two people, both physical and psychological. At its heart are two of the most uninhibited images that Bacon ever painted: *Two Figures* (1953) and *Two Figures in the Grass* (1954). After completing these interrelated works, Bacon did not return to the subject until 1967, the year that homosexual acts in private were decriminalized in England and Wales, when he painted *Two Figures on a Couch*, also featured in this volume. In Bacon's paintings, the human presence is evoked sometimes viscerally, at other times more fleetingly, in the form of a shadow or a blurred, watchful figure. In certain instances, the portrayal takes the form of a composite in which male and female bodily traits are transposed or fused. A number of the works in *Couplings* were inspired by Bacon's own fraught relationships. *Francis Bacon: Couplings* features an introductory text by Richard Calvocoressi; a new essay and plate texts by Martin Harrison; and a never-before-published interview with Bacon by Richard Francis and Ian Morrison; as well as studio ephemera and working documents that illuminate Bacon's process.

*Designing Hollywood Homes* Stephen Shadley 2020-10-06 Stephen Shadley, interior designer to the stars--from Diane Keaton and Robert Altman to Jennifer Aniston, Matthew Modine, and Ryan Murphy--presents here the first comprehensive volume of his work, which showcases his rare and much-admired ability to set the perfect scene. Designer extraordinaire Stephen Shadley began his working life as a scenic artist at 20th Century Fox. Throughout a celebrated career (landing a coveted spot on the AD100), his work has been marked continually by the glamour of Hollywood as well as by a kind of visual storytelling that is richly informed by the world of the movie screen and by the artifice and allure of film's great cinematographers. Notable for their expression of an exquisite sense of style, his designed homes--including the interiors for a classic Beverly Hills abode for Diane Keaton, an apartment for Robert Altman in the legendary Pythian building on New York's Upper West Side, as well as a luxurious contemporary home for Jennifer Aniston--are all expressions of a masterful sense of scale and an appreciation for understated beauty and refined materials that are ultimately warm, inviting, and serene. The book features numerous beautifully designed homes of Hollywood royalty, primarily in Southern California, though with notable projects in New York and beyond, as well as three greenrooms, which Shadley designed for the Oscars and the Emmy Awards.

*Natural Speller* Kathryn Stout 2004 Absolutely the only book you will ever need to teach spelling. Choose from among the suggested activities to include practice with grammar, dictionary, and composition skills. Phonic, spelling, and punctuation rules are listed for easy reference. Word lists are divided by grade, 1 through 8. However, this method is easily adapted for older students or adults who need remedial work. Because of its multi-sensory and simplified approach to spelling, and because each child can work at his own pace, this program is ideal for students with learning disabilities. Grades K-12.

This year-by-year retrospective of their vast oeuvre, accompanied by an incisive essay by art critic Éric Troncy, showcases the genesis and development

of their sublime, audacious, and explicitly confected fusion of photography and painting. Highly sophisticated and shamelessly sexy, their art—stylized, idealized painted photographs—synthesizes tropes drawn from celebrity and mainstream gay culture with timeless themes of religion, mythology, and beauty, and many works feature international stars including Madonna, Naomi Campbell, Dita Von Teese, Kylie Minogue, Karl Lagerfeld, Mick Jagger, and Iggy Pop. The book is available in a trade edition and in a limited art edition of 200 copies that features a signed and numbered limited edition print created especially for the book and presented in a deluxe clamshell case.

*Ed Ruscha: Eilshemius & Me* 2020-09-15 Ed Ruscha's Spied Upon Scene series of paintings, begun in 2017, depict majestic mountainscapes resembling the idyllic ranges of travel books, postcards, adventure movies, and the Paramount Pictures logo. These vistas, visible through oval-shaped lenses or window grids, seem to refer to the nineteenth-century tradition of the American Sublime. In fact, their lineage includes an obscure American painter from the turn of the century, Louis Michel Eilshemius (1864-1941), whose use of painted frames became an influence on Ruscha's approach. Commemorating an exhibition at Gagosian, London, this catalog is the first publication to examine the connections between these two artists' work. Two booklets in a softcover portfolio feature full-color plates and installation views. An interview with Ruscha and an essay by Margaret Iversen explain how Ruscha first encountered Eilshemius's enigmatic paintings, which of the artist's aesthetic innovations captured Ruscha's imagination, and how his own work relates to and differs from that of the "Neglected Marvel" Eilshemius.
