*Women's Rights in the Middle East and North Africa* Sanja Kelly 2010-07-16 Freedom HouseOs innovative publication WomenOs Rights in the Middle East and North Africa: Progress Amid Resistance analyzes the status of women in the region, with a special focus on the gains and setbacks for womenOs rights since the first edition was released in 2005. The study presents a comparative evaluation of conditions for women in 17 countries and one territory: Algeria, Bahrain, Egypt, Iran, Iraq, Jordan, Kuwait, Lebanon, Libya, Morocco, Oman, Palestine (Palestinian Authority and Israeli-Occupied Territories), Qatar, Saudi Arabia, Syria, Tunisia, United Arab Emirates, and Yemen. The publication identifies the causes and consequences of gender inequality in the Middle East, and provides concrete recommendations for national and international policymakers and implementers. Freedom House is an independent nongovernmental organization that supports democratic change, monitors freedom, and advocates for democracy and human rights. The project has been embraced as a resource not only by international players like the United Nations and the World Bank, but also by regional womenOs rights organizations, individual activists, scholars, and governments worldwide. WomenOs rights in each country are assessed in five key areas: (1) Nondiscrimination and Access to Justice; (2) Autonomy, Security, and Freedom of the Person; (3) Economic Rights and Equal Opportunity; (4) Political Rights and Civic Voice; and (5) Social and Cultural Rights. The methodology is based on the Universal Declaration of Human Rights, and the study results are presented through a set of numerical scores and analytical narrative reports.

**ROAR** Stacy Sims 2016-07-05 Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

*Diglossia and Language Contact* Lotfi Sayahi 2014-04-24 This volume provides a detailed analysis of language contact in North Africa and explores the historical presence of the languages used in the region, including the different varieties of Arabic and Berber as well as European languages. Using a wide range of data sets, it provides a comprehensive analysis of the mechanisms of language contact under classical diglossia and societal bilingualism, examining multiple cases of oral and written code-switching. It also describes contact-induced lexical and structural change in such situations and discusses the possible appearance of new varieties within the context of diglossia. Examples from past diglossic situations are examined, including the situation in Muslim Spain and the Maltese Islands. An analysis of the current situation of Arabic vernaculars, not only in the Maghreb but also in other Arabic-speaking areas, is also presented. This book will appeal to anyone interested in language contact, the Arabic language, and North Africa.

**The Bad Bug Book** FDA 2004 The Bad Bug was created from the materials assembled at the FDA website of the same name. This handbook provides basic facts regarding foodborne pathogenic microorganisms and natural toxins. It brings together in one place information from the Food & Drug Administration, the Centers for Disease Control & Prevention, the USDA Food Safety Inspection Service, and the National Institutes of Health.

**Doing Business 2019** World Bank 2018-11-30 Sixteenth in a series of annual reports comparing business regulation in 190 economies, Doing Business 2019 measures aspects of regulation affecting areas of everyday business activity.

**A Dictionary of Moroccan Arabic** Richard Slade Harrell 2004 This classic volume presents the core vocabulary of everyday life in Morocco--from the kitchen to the mosque, from the hardware store to the natural world of plants and animals. It contains myriad examples of usage, including formulaic phrases and idiomatic expressions. Understandable throughout the nation, it is based primarily on the standard dialect of Moroccans from the cities of Fez, Rabat, and Casablanca. All Arabic citations are in an English transcription, making it invaluable to English-speaking non-Arabists, travelers, and tourists--as well as being an important resource tool for students and scholars in the Arabic language-learning field.

**Democracy's Fourth Wave?** Philip N. Howard 2013-04-04 In 2011, the international community watched as citizens mobilized through the Internet and digital media to topple three of the world's most entrenched dictators: Ben Ali in Tunisia, Mubarak in Egypt, and Qaddafi in Libya. This book examines not only the unexpected evolution of events during the Arab Spring, but the longer history of desperate-and creative-digital activism through the Arab world.

ITNG 2023 20th International Conference on Information Technology-New Generations Shahram Latifi 2023-05-06 This volume represents the 20th International Conference on Information Technology - New Generations (ITNG), 2023. ITNG is an annual event focusing on state of the art technologies pertaining to digital information and communications. The applications of advanced information technology to such domains as astronomy, biology, education, geosciences, security, and health care are the among topics of relevance to ITNG. Visionary ideas, theoretical and experimental results, as well as prototypes, designs, and tools that help the information readily flow to the user are of special interest. Machine Learning, Robotics, High Performance Computing, and Innovative Methods of Computing are examples of related topics. The conference features keynote speakers, a best student award, poster award, service award, a technical open panel, and workshops/exhibits from industry, government and academia. This publication is unique as it captures modern trends in IT with a balance of theoretical and experimental work. Most other work focus either on theoretical or experimental, but not both. Accordingly, we do not know of any competitive literature.

**Impact Evaluation in Practice, Second Edition** Paul J. Gertler 2016-09-12 The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

**World Migration Report 2020** United Nations 2019-11-27 Since 2000, IOM has been producing world migration reports. The World Migration Report 2020, the tenth in the world migration report series, has been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

Emerging identities in virtual exchange Francesca Helm 2018-07-08 This book explores how identities emerge and are negotiated by young people in online facilitated dialogue, a form of virtual exchange. It offers a framework for this type of exploration based on the assumption that both the situated context and the technologies mediating online interactions influence, but do not necessarily determine, the interactions taking place and the participants' identity orientations. Identity is viewed not as fixed and static, but rather multiple and fluid as interactants position themselves in relation to one another. This framework is then applied to the analysis of one specific virtual exchange context, and the interactions over several weeks of a group of participants from a wide range of backgrounds.

*Toward the African Revolution* Frantz Fanon 1969 Collects the leading revolutionary's political writings arguing for the liberation and unification of the Africa states.

*A History of African Linguistics* H. Ekkehard Wolff 2019-06-13 The first global history of African linguistics as an emerging autonomous academic discipline, covering Africa, the Americas, Asia, Australia, and Europe.

The Arabic Language Kees Versteegh 1997 This general introduction to the Arabic Language, now available in paperback, places special emphasis on the history and variation of the language. Concentrating on the difference between the two types of Arabic - the Classical standard language and the dialects - Kees Versteegh charts the history and development of the Arabic language from the earliest beginnings to modern times. The reader is offered a solid grounding in the structure of the language, its historical context and its use in various literary and non-literary genres, as well as an understanding of the role of Arabic as a cultural, religious and political world language. Intended as an introductory guide for students of Arabic, it will also be a useful tool for discussions both from a historical linguistic and from a socio-linguistic perspective. Coverage includes all aspects of the history of Arabic, the Arabic linguistic tradition, Arabic dialects and Arabic as a world language. Links are made between linguistic history and cultural history, while the author emphasises the role of contacts between Arabic and other languages. This important book will be an ideal text for all those wishing to acquire an understanding or develop their knowledge of the Arabic language.

*Space Shuttle Missions Summary (NASA/TM-2011-216142)* Robert D. Legler 2011-09-01 Full color publication. This document has been produced and updated over a 21-year period. It is intended to be a handy reference document, basically one page per flight, and care has been exercised to make it as error-free as possible. This document is basically "as flown" data and has been compiled from many sources including flight logs, flight rules, flight anomaly logs, mod flight descent summary, post flight analysis of mps propellants, FDRD, FRD, SODB, and the MER shuttle flight data and inflight anomaly list. Orbit distance traveled is taken from the PAO mission statistics.

**Networks of Outrage and Hope** Manuel Castells 2015-06-04 Networks of Outrage and Hope is an exploration of the newforms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, from the Occupy Wall Street movement to the social protests in Turkey, Brazil and elsewhere. While these and similar social movements differ in many important ways, there is one thing they share in common: they are all interwoven inextricably with the creation of autonomous communication networks supported by the Internet and wireless communication. In this new edition of his timely and important book, Manuel Castells examines the social, cultural and political roots of these new social movements, studies their innovative forms of self-organization, assesses the precise role of technology in the dynamics of the movements, suggests the reasons for the support they have found in large segments of society, and probes their capacity to induce political change by influencing people's minds. Two new chapters bring the analysis up-to-date and draw out the implications of these social movements and protests for understanding the new forms of social change and political democracy in the global network society.

**Language Planning from Practice to Theory** Robert B. Kaplan 1997-01-01 Language Planning from Practice to Theory examines and reviews the field of language policy and planning. In the first section of the book language policy and planning definitions, current practices, goals and ways of thinking are discussed as a foundation for understanding current practice in the discipline. The central elements of language policy and planning practice are then described from two perspectives. In the second section, the methodology for collecting language planning data is outlined and the key cross-societal issues of language-in-education planning, literacy and economics in language planning are discussed. In the third section, case studies related to language and power, bilingualism and status and specific purpose issues in language planning are covered. The final two chapters draw together the critical issues and problems which have arisen from current practice and which must be considered in building a theory of the discipline. A reference appendix to language planning in national situations is included. The book provides the only up-to-date overview and review of the field of language policy and planning and challenges language planners to think more critically about their discipline. Since language will be planned, there is a need to consider how it will be done.

**Loanwords in the World's Languages** Martin Haspelmath 2009 "This landmark publication in comparative linguistics is the first comprehensive work to address the general issue of what kinds of words tend to be borrowed from other languages. The authors have assembled a unique database of over 70,000 words from 40 languages from around the world, 18,000 of which are loanwords. This database allows the authors to make empirically founded generalizations about general tendencies of word exchange among languages." --Book Jacket.

*Global Employment Trends for Youth* Sara Elder 2010 This report examines the vulnerability of youth to unemployment and the shortage of decent work. It shows where progress has or has not been made in terms of tapping the energy, talent, and creativity of young people for the benefit of the economy's productive potential. It updates the world and regional youth labor market indicators and gives detailed analyses of longer-term trends in youth population, labor force, and employment, while providing a first glimpse at new estimates of working poverty among youth. The report shows that the impacts of the economic crisis have been disproportionately severe for young people around the world. It also offers valuable lessons learned from evaluating youth employment programs.

**Introducing Intercultural Communication** Shuang Liu 2010-11-09 Books on intercultural communication are rarely written with an intercultural readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across cultures that uses examples and case studies from around the world. The book further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including: • theory corners with concise, boxed-out digests of key theoretical concepts • case illustrations putting the main points of each chapter into context • learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion • a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes. This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.
