The Widow of Pale Harbor Hester Fox 2019-09-17 A town gripped by fear. A woman accused of witchcraft. Who can save Pale Harbor from itself? Maine, 1846. Gabriel Stone is desperate to escape the ghosts that haunt him in Massachusetts after his wife's death, so he moves to Maine, taking a position as a minister in the remote village of Pale Harbor. But not all is as it seems in the sleepy town. Strange, unsettling things have been happening, and the townspeople claim that only one person can be responsible: Sophronia Carver, a reclusive widow who lives with a spinster maid in the eerie Castle Carver. As the incidents escalate, one thing becomes clear: they are the work of a twisted person inspired by the wildly popular stories of Mr. Edgar Allan Poe. And Gabriel must find answers, or Pale Harbor will suffer a fate worthy of Poe's darkest tales. Hester Fox comes to writing from a background in the museum field as a collections maintenance technician. Imagining Global Amsterdam Marco de Waard 2012-01-01 *Imagining Global Amsterdam* gaat over het beeld van Amsterdam in film, literatuur, visuele kunst en in het moderne stedelijke discours, in het bijzonder in de context van de mondialisering. De essays gaan onder andere dieper in op Amsterdam als een lieu de mémoire van de vroeg-moderne wereldhandel. Wat betekent deze herinnering in de hedendaagse cultuur? Waarom verwijzen zo veel contemporaine films en romans naar dit verleden terug? Ook het (inter)nationale imago van Amsterdam als een multicultureel en ultra-tolerant 'global village' komt aan bod. Waarom is dit beeld zo persistent, en hoe heeft het zich in de loop van de laatste decennia ontwikkeld? Tot slot wordt ingegaan op de vraag hoe mondialiseringsprocessen ingrijpen in de stadscultuur, zoals in het prostitutiegebied op de Wallen en via de erfgoedindustrie. Hoe manifesteert de mondialisering zich in de stad, en welke rol speelt beeldvorming daarbij? Deze bundel vormt een rijk geschakeerd onderzoek naar de relatie tussen Amsterdam, mondialisering en stedelijke beeldvorming. Marco de Waard is als docent literatuurwetenschap verbonden aan het Amsterdam University College.

Democrats and Dissenters Ramachandra Guha 2017-10-18 A major new collection of essays by Ramachandra Guha, *Democrats and Dissenters* is a work of rigorous scholarship on topics of compelling contemporary interest, written with elegance and wit. The book covers a wide range of themes: from the varying national projects of India's neighbours to political debates within India itself, from the responsibilities of writers to the complex relationship between democracy and violence. It has essays critically assessing the work of Amartya Sen and Eric Hobsbawm, commentaries on the tragic predicament of tribals in India—who are, as Guha demonstrates, far worse off than Dalits or Muslims, yet get a fraction of the attention—and on the peculiar absence of a tradition of conservative intellectuals in India. Each essay takes up an important topic or an influential intellectual, as a window to explore major political and cultural debates in India and the world. *Democrats and Dissenters* is a book that is widely read, and even more widely discussed.

The Moronic Inferno Martin Amis 2010-12-23 At the age of ten, when Martin Amis spent a year in Princeton, New Jersey, he was excited and frightened by America. As an adult he has approached that confusing country from many arresting angles, and interviewed its literati, filmmakers, thinkers, opinion makers, leaders and crackpots with characteristic discernment and wit. Included in a gallery of Great American Novelists are Norman Mailer, Gore Vidal, Truman Capote, Joseph Heller, William Burroughs, Kurt Vonnegut, John Updike, Paul Theroux, Philip Roth and Saul Bellow. Amis also takes us to Dallas, where presidential candidate Ronald Reagan is attempting to liaise with born-again Christians. We glimpse the beau monde of Palm Beach, where each couple tries to out-Gatsby the other, and examine the case of Claus von Bulow. Steven Spielberg gets a visit, as does Brian de Palma, whom Amis asks why his films make no sense, and Hugh Hefner's sybaritic fortress and sanitised image are penetrated. There can be little that escapes the eye of Martin Amis when his curiosity leads him to a subject, and America has found in him a superlative chronicler.

Contexts, Subtexts and Pretexts Brian James Baer 2011 This volume presents Eastern Europe and Russia as a distinctive translation zone, despite significant internal differences in language, religion and history. The persistence of large multilingual empires, which produced bilingual and even polyglot readers, the shared experience of "belated modernity and the longstanding practice of repressive censorship produced an incredibly vibrant, profoundly politicized, and highly visible culture of translation throughout the region as a whole. The individual contributors to this volume examine diverse manifestations of this shared translation culture from the Romantic Age to the present day, revealing literary translation to be at times an embarrassing reminder of the region's cultural marginalization and reliance on the West and at other times a mode of resistance and a metaphor for cultural supercession. This volume demonstrates the relevance of this region to the current scholarship on alternative translation traditions and exposes some of the Western assumptions that have left the region underrepresented in the field of Translation Studies."

State Secrets Ben Vidgen 2016-12 At a critical crossroads in New Zealand history, VJM Publishing has released the second edition of New Zealand best seller *State Secrets* by author Ben Vidgen. Read retrospectively, the 1999 best seller is essential reading for anyone wanting to understand what is now happening in the country known as Aotearoa. *State Secrets* correctly forecast the emergence of major threats to New Zealand national security (and its status as a genuinely democratic state). Threats which come from the rise of multinational trade blocs intent on accessing New Zealand's considerable natural resources. The agents of these threats, Vidgen maintains, are supported by neoliberal political elements within and outside New Zealand's own Government, such as its media structure, quick to take advantage of the simultaneous rise of a highly dangerous violent criminal class within New Zealand. The 1999 book argues the rise of organised crime in New Zealand is nothing less than a second front in an economic war being deliberately waged on New Zealand sovereignty by those who seek to end New Zealand democratic traditions from the shadows. For example, *State Secrets* demonstrates how large scale money laundering and white collar tax evasion was rife long before New Zealand was named in the Panama Tax haven bank scandal more than 60,000 times in 2016. *State Secrets* argued, well ahead of the mainstream pundits, that New Zealand's role as the largest "washing machine" in the South Pacific was having an impact on the housing market and the New Zealand way of life. Viewed in hindsight, the analysis - written by a veteran New Zealand investigator, with a research background in academic political science and New Zealand military intelligence - was dead on the bulls-eye every time. *State Secrets* forecast the failure of the war on drugs, predicting a massive surge in the meth trade, financed by white collar businessmen, being simultaneously tied to the super escalated growth of American styled super gangs. A claim then considered unlikely but now indisputable for anyone who read the headlines today. *State Secrets* correctly assessed that the collateral damage of this 'evolution' of New Zealand organised crime would serve to make lower socio-economic communities dysfunctional and would disempower swathes of the wider population as its impact overwhelmed the capacity of our health, education, social services and correctional services - in the process conveniently enhancing the argument for privatisation. *State Secrets* identifies the enemy within: a neoliberal American and New Zealand Business Round Table alliance who today can be found to have dug their fingers deep into all sides of the New Zealand Parliament (and increasingly the state judiciary and security forces), the political spectrum, and even its underbelly. It is driven by the motives of those addicted to the lust for absolute power and maximum profit. Forces seduced, as *State Secrets* forecasts, pre 9/11, by the largely self-made (self-armed) bogey monster of terrorism. The enemy within chooses to ignore dealing with the real threats New Zealand faces by placing control on foreign investment and New Zealand, notoriously relaxing banking and company law. Instead it seeks to opportunistically erode New Zealand civil liberties and strengthen a transformative State: one full of secrets which has broken its covenant with the people, serving a corporate master at the expense of the rest of New Zealand.
