Rick Stein's Spain Rick Stein 2011-10-31 'I've wanted to make a series in Spain for a long time. I love Spanish food, I've been going there since I was a young boy - but until quite recently I don't think people really took the food seriously. Thanks to a handful of really dedicated Spanish chefs and a growing enthusiasm for its rugged flavours, that has all begun to change. To me the underlying point of journeying to Spain would be to discover the 'duende' in the cooking. By that I mean a sense of soul, of authenticity. The word is normally used in flamenco but I think it could be equally applied to the art of Spanish cooking because to my mind, in really good food, there is a communication between the cook and diner that amounts to art.' Rick Stein In his beautifully designed and illustrated cookbook to accompany a major BBC2, 4-part series, Rick has selected over 140 recipes that capture the authentic taste of Spain today. Spain is a country that tantalises every sense with its colourful sights, evocative music, vibrant traditions and bold cookery. Spanish cooking has a rich history, with flavours reflecting a broad range of cultural influences. Rick samples his way through the specialties and hidden treats of each region, taking in the changing landscape from the mountainous northern regions through the Spanish plains to Mediterranean beaches. With over 100 Spanish recipes and location photographs, this is an essential cookbook for food-lovers as well as a stunning culinary guide to a diverse country.

Rick Stein's Far Eastern Odyssey Rick Stein 2012-04-20 Rick Stein's Far Eastern Odyssey is an ambitious journey, avoiding the beaten track and tourist hot-spots, in search of the authentic food of Southeast Asia. In this accompanying book to the major BBC series, Rick shares his favourite recipes and some well-known classic dishes inspired by the fragrant ingredients and recipes he sampled from local chefs, family-run restaurants, street vendors and market stalls. In Cambodia, Rick learns how to make a national dish Samlor kako, a stir-fried pork and vegetable soup flavoured with an array of spices; in Vietnam he is shown the best recipe for Pho Bo, a Vietnamese beef noodle soup; and in Thailand, Rick tries Geng Leuong Sai Gung Lai Sai Bua, a yellow curry made with prawns and lotus shoots that you won't find outside the country. Rick Stein's Far Eastern Odyssey includes over 150 new recipes from Cambodia, Vietnam, Thailand, Bangladesh, Sri Lanka, Malaysia and Bali each complemented by Rick's colourful anecdotes from the trip and beautiful on-location photography. This is a visually-stunning culinary tribute to Southeast Asian cooking that evokes the magic of bustling markets, the sizzle of oil and the aromatic steam from a Far Eastern kitchen.

Under a Mackerel Sky Rick Stein 2013-09-12 'All men should strive to learn before they die what they are running from, and to, and why' Rick Stein's childhood in 1950s rural Oxfordshire and North Cornwall was idyllic. His parents were charming and gregarious, their five children much-loved and given freedom typical of the time. As he grew older, the holidays were filled with loud and lively parties in his parents' Cornish barn. But ever-present was the unpredicable mood of his bipolar father, with Rick frequently the focus of his anger and sadness. When Rick was 18 his father killed himself. Emotionally adrift, Rick left for Australia, carrying a suitcase stamped with his father's initials. Manual labour in the outback followed by adventures in America and Mexico toughened up the naive public schoolboy, but at heart he was still lost and unsure what to do with his life. Eventually, Cornwall called him home. From the entrepreneurial days of his mobile disco, the Purple Tiger, to his first, unlikely nightclub where much of the time was spent breaking up drink-fuelled fights, Rick charts his personal journey in a way that is both wry and perceptive; engaging and witty. Shortlisted for the Specsavers National Book Awards 2013

Noma 2.0 René Redzepi 2022-11-08 There's a reason Noma sits atop the list of the world's best restaurants. Every bite, every dish, every course surprises, delights, challenges, and deeply satisfies in a way that's unique in the world of dining. As the New York Times's Pete Wells wrote recently in praising Noma's flavors, "sauces are administered so subtly that you don't notice anything weird going on; you just think you've never tasted anything so extraordinary in your life." In Noma 2.0, René Redzepi digs deep into the restaurant's magic through the creation of nearly 200 dishes, each photographed in spectacular beauty and detail. Noma 2.0—the title is a reference to the reinvention of Noma after it closed in 2018 to move to its new compound across the water—is about true seasonality, from wild game in the fall to just-picked peas in the summer. It is about using only local ingredients, to build a cuisine that is profoundly situated in its place and culture. It is about transforming the ordinary—a mushroom, a chicken wing, often through fermentation—to develop haunting, memorable flavors. It is about composing a plate that delights the eye as much as the palate, whether through the trompe l'oeil of a "flowerpot" chocolate cake or a dazzling mandala of flowers and berries. It is about pushing the boundaries of what we think we want to eat—a baby pinecone, a pudding made of reindeer brain—to open our palates with a startling confidence. And it is about how to stay creative and challenge yourself over the course of a career. For foodies, for chefs, for artists and art lovers, for thought-leaders and makers, and for the kind of reader who is compelled by the idea that sometimes one person can change everything, Noma 2.0 is the gift book of the season.

Rich, dark dals or crispy fried street snacks? Rick journeys through India to find the answer, searching this colourful, chaotic nation in search of the truths behind our love affair with its food. Chefs, home cooks and street vendors hold the key to unlocking the secrets of these complex and diverse flavours - and Rick's travels take him to the heart of both their long-held traditions and most modern techniques. Rick Stein's Seafood Lovers' Guide Rick Stein 2019-06-06 Rick (and Chalky his trusty dog) discover great seafood dishes and small delicacies amongst the tidal estuaries, shingle banks and rocky shores of Britain. Rick travels from the bleak Suffolk coast where fishermen scrape a living catching cod to the wild, clear waters of Scotland's lochs bringing back an abundance of stories and imaginative, colourful recipes. The book is organised geographically with each chapter covering one of the regions featured in the BBC series. Rick describes the fish-catching and fish-eating traditions of each area as well as details of the local life, legends and literature. He singles out local delicacies and includes six to eight fish and seafood recipes per chapter. Each chapter is illustrated with stunning food and landscape photography and ends with an area map and a guide to a small selection of the best hotels, restaurants, pubs and specialist suppliers (including information on extra locations, not featured in the series). 'Just as I do in the restaurant to keep ahead of the game, I look for the best suppliers, the freshest fish and who catches them. In a way, this is what this series is about, the fish I love, for all sorts of reasons, not just taste or fashion, where they come from and the people who catch them and the best way to cook them. As a result of looking around the country for the best seafood, it's turned out to be a love affair with the changing coastline of Great Britain and Ireland and the business of going to sea in small boats to catch the freshest prime fish we have.'
