*Spoken English Learned Quickly* Lynn Lundquist 2002-01-01 Are you frustrated with your English study? You want to speak English. Instead, you are taught to write English sentences and memorize grammar rules. There is a better way. The best way for you to learn a language is to speak it. Therefore, the author of SPOKEN ENGLISH LEARNED QUICKLY developed a method so that you can learn English by speaking it even when you do not yet know the language. Two U.S. patent applications have been filed on the method. This new method allows even the beginning student to speak grammatically correct English for two or more hours each day. The Fluency Builder Course provides enough audiotape material for nine months of spoken English study. Through repeating grammatically correct English sentences, you will quickly learn to speak fluently. The course emphasizes correct use of the English verb. SPOKEN ENGLISH LEARNED QUICKLY uses neither beginning nor advanced levels of study - all students use the same course, and are immediately immersed in normal, spoken English. This is a self-taught course for highly motivated students. Fluency is achieved at almost twice the rate attainable with typical ESL courses. [www.spokenli.com](http://www.spokenli.com) gives two free demonstration lessons.

**A Plan That Actually Works** Anagh Prasad 2020-07-13 Written by a former All India Topper, this book has been touted by several iconic IITians as the most effective book on JEE planning ever written! Anagh argues that most IITians are neither born-geniuses nor unusually intense work-machines; they are smart planners instead. He takes you behind-the-scenes to reveal how smart planning works for JEE and lays out a clear framework for goal-oriented thinking. The step by step approach outlined across 11 chapters covers everything from daily routine to efficient practice to long term motivation, all explained through real life examples and presented with time-tested proofs. It talks about achieving one's goals while not missing out on a balanced life and questions people's deepest beliefs about achieving a large and meaningful goal like IIT-JEE. After finishing the book, readers will take away not just a concrete plan to prepare for JEE, but in the words of an early reviewer, a "life-altering" change in perspective towards success. The Unfinished Memoirs Mujibur Rahman (Sheikh) 2012 "When Sheikh Mujibur Rahman's diaries came to light in 2004, it was an indisputably historic event. His daughter, Bangladesh Prime Minister Sheik Hasina, had the notebooks -- their pages by then brittle and discoloured -- carefully transcribed and later translated from Bengali into English. Written during Sheikh Mujibur Rahman's sojourns in jail as a state prisoner between 1967 and 1969, they begin with his recollections of his days as a student activist in the run-up to the movement for Pakistan in the early 1940s. They cover the Bengali language movement, the first stirrings of the movement for Bangladesh independence and self-rule, and powerfully convey the great uncertainties as well as the great hopes that dominated the time. The last notebook ends with the events accompanying the struggle for democratic rights in 1955." --
