English Literature: A Very Short Introduction Jonathan Bate 2010-10-07 Sweeping across two millennia and every literary genre, acclaimed scholar and biographer Jonathan Bate provides a dazzling introduction to English Literature. The focus is wide, shifting from the birth of the novel and the brilliance of English comedy to the deep Englishness of landscape poetry and the ethnic diversity of Britain's Nobel literature laureates. It goes on to provide a more in-depth analysis, with close readings from an extraordinary scene in King Lear to a war poem by Carol Ann Duffy, and a series of striking examples of how literary texts change as they are transmitted from writer to reader. The narrative embraces not only the major literary movements such as Romanticism and Modernism, together with the most influential authors including Chaucer, Donne, Johnson, Wordsworth, Austen, Dickens and Woolf, but also little-known stories such as the identity of the first English woman poet to be honoured with a collected edition of her works. Written with the flair and passion for which Jonathan Bate has become renowned, this book is the perfect Very Short Introduction for all readers and students of the incomparable literary heritage of these islands. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Printer's Error J. P. Romney 2017-03-14 A funny and entertaining history of printed books as told through absurd moments in the lives of authors and printers, collected by television's favorite rare-book expert from HISTORY's hit series Pawn Stars. Since the Gutenberg Bible first went on sale in 1455, printing has been viewed as one of the highest achievements of human innovation. But the march of progress hasn't been smooth; downright bizarre is more like it. Printer's Error chronicles some of the strangest and most humorous episodes in the history of Western printing, and makes clear that we've succeeded despite ourselves. Rare-book expert Rebecca Romney and author J. P. Romney take us from monasteries and museums to auction houses and libraries to introduce curious episodes in the history of print that have had a profound impact on our world. Take, for example, the Gutenberg Bible. While the book is regarded as the first printed work in the Western world, Gutenberg's name doesn't appear anywhere on it. Today, Johannes Gutenberg is recognized as the father of Western printing. But for the first few hundred years after the invention of the printing press, no one knew who printed the first book. This long-standing mystery took researchers down a labyrinth of ancient archives and libraries, and unearthed surprising details, such as the fact that Gutenberg's financier sued him, repossessed his printing equipment, and started his own printing business afterward. Eventually the first printed book was tracked to the library of Cardinal Mazarin in France, and Gutenberg's forty-two-line Bible

was finally credited to him, thus ensuring Gutenberg's name would be remembered by middle-school students worldwide. Like the works of Sarah Vowell, John Hodgman, and Ken Jennings, *Printer's Error* is a rollicking ride through the annals of time and the printed word.

But Bachman is no ordinary prisoner. He was an assassin for the Mossad, and he has favours to call in. Milton is in the Australian outback with an old friend and his flirtatious kid sister, looking for a summer's peace to put his troubled mind to rest. But Bachman has other plans. He thinks that Milton killed his wife, and now he wants revenge. From Australia to Israel, from Hong Kong to Croatia, here is the conclusion of this brutal chapter in Milton's life. The two headhunters are on a collision course, and only one of them will walk away. I Want My MTV Rob Tannenbaum 2012-09-25 Remember When All You Wanted Was Your MTV? The perfect gift for the music fan or child of the eighties in your life. Named One of the Best Books of 2011 by NPR - Spin - USA Today - CNBC - Pitchfork - The Onion - The Atlantic - The Huffington Post - VEVO - The Boston Globe - The San Francisco Chronicle Remember the first time you saw Michael Jackson dance with zombies in "Thriller"? Diamond Dave karate kick with Van Halen in "Jump"? Tawny Kitaen turning cartwheels on a Jaguar to Whitesnake's "Here I Go Again"? The Beastie Boys spray beer in "(You Gotta) Fight for Your Right (To Party)"? Axl Rose step off the bus in "Welcome to the Jungle"? It was a pretty radical idea-a channel for teenagers, showing nothing but music videos. It was such a radical idea that almost no one thought it would actually succeed, much less become a force in the worlds of music, television, film, fashion, sports, and even politics. But it did work. MTV became more than anyone had ever imagined. I Want My MTV tells the story of the first decade of MTV, the golden era when MTV's programming was all videos, all the time, and kids watched religiously to see their favorite bands, learn about new music, and have something to talk about at parties. From its start in 1981 with a small cache of videos by mostly unknown British new wave acts to the launch of the reality-television craze with *The Real World* in 1992, MTV grew into a tastemaker, a career maker, and a mammoth business. Featuring interviews with nearly four hundred artists, directors, VJs, and television and music executives, I Want My MTV is a testament to the channel that changed popular culture forever.

Where the Crawdads Sing Delia Owens 2018-08-14 NOW A MAJOR MOTION PICTURE—The #1 New York Times bestselling worldwide sensation with more than 18 million copies sold, hailed by The New York Times Book Review as “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature.” For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

The Fortune Men Nadifa Mohamed 2021-12-14 BOOKER PRIZE FINALIST • Based on a true event, this novel is “a blues song cut straight from the heart ... about the unjust death of an innocent Black man caught up in a corrupt system” (Walter Mosley, best-selling author of Devil in a Blue Dress). In Cardiff, Wales in 1952, Mahmood Mattan, a young Somali sailor, is accused of a crime he did not commit: the brutal killing of Violet Volacki, a shopkeeper from Tiger Bay. At first, Mahmood believes he can ignore the fingers pointing his way; he may be a gambler and a petty thief, but he is no murderer. He is a father of three, secure in his innocence and his belief in British justice. But as the trial draws closer, his prospect for freedom dwindles. Now, Mahmood must stage a terrifying fight for his life, with all the chips stacked against him: a shoddy investigation, an inhumane legal system, and, most evidently, pervasive and deep-rooted racism at every step. Under the shadow of the hangman's noose, Mahmood begins to realize that even the truth may not be enough to save him. A haunting tale of miscarried justice, this book offers a chilling look at the dark corners of our humanity.

Comparing the Literatures David Damrosch 2020-04-07 "The discipline of comparative literature has long sought to develop effective theories and methods of broad-based study, but ideas based on national canons in a handful of Western European countries no longer seem adequate even for the study of national literatures themselves. Comparing the Literatures integrates comparative, postcolonial, and world-literary perspectives and seeks common ground. Looking both at institutional forces and at key episodes in the life and work of comparatists who have struggled to define and to redefine the fundamental terms of literary analysis, from language to literature to theory to comparison itself, Damrosch offers a comprehensive overview of the history and current prospects of comparative studies in a globalizing world"--

The Jungle Mark Dawson 2016-05-17 "John Milton is no stranger to the world's seedy underbelly. But when the former British Secret Service agent comes up against a ruthless human trafficking ring, he'll have to fight harder than ever to conquer the evil in his path."--Page 4 of cover.

The Ninth Step Mark Dawson 2016-01-15 "Milton is keeping a low profile in London when he meets Eddie Fabian. Fabian confesses that he is considering suicide, and that the reason for his depression was the abuse that he suffered as a child. Milton offers to help, but, before he can, Eddie is found dead in circumstances that Milton considers suspicious. And then events take a turn that no-one could have anticipated... Milton's attempted good deed becomes a quest to unveil corruption at the highest levels of government and murder at the dark heart of the criminal underworld. Milton is pulled back into the game, and that's going to have serious consequences for everyone who crosses his path"Publisher description.

How Stella Got Her Groove Back Terry McMillan 2004-01-06 How Stella Got Her Groove Back is full of Terry McMillan's signature humor, heart, and insight. More than a love story, it is ultimately a novel about how a woman saves her own life—and what she must risk to do it. Stella Payne is forty-two, divorced, a high-powered investment analyst, mother of eleven-year-old Quincy- and she does it all. In fact, if she doesn't do it, it doesn't get done, from Little League carpool duty to analyzing portfolios to folding the laundry and bringing home the bacon. She does it all well, too, if her chic house, personal trainer, BMW, and her loving son are any indication. So what if there's been no one to share her bed with lately, let alone rock her world? Stella doesn't mind it too much; she probably wouldn't have the energy for love—and all of love's nasty fallout—anyway. But when Stella takes a spur-of-the-moment vacation to Jamaica, her world gets rocked to the core—not just by the relaxing effects of the sun and sea and an island

full of attractive men, but by one man in particular. He's tall, lean, soft-spoken, Jamaican, smells of citrus and the ocean—and is half her age. The tropics have cast their spell and Stella soon realizes she has come to a cataclysmic juncture: not only must she confront her hopes and fears about love, she must question all of her expectations, passions, and ideas about life and the way she has lived it.
