**Candy Apple - Android** R. B. Chandler 2017-10-18 They call us personal companions, android escorts, and there are other names too, but we were made to fulfill your every fantasy. I was the first one ever built and I am the best. Many many men have succumbed to and enjoyed the physical pleasures that I could give them... On June 24, 2051 the first fully functional, anatomically correct, personal companion android stepped off the Cybertron Robotics assembly line. They called her Candy Apple, the first of her kind and company demonstration model. In 2074 an aging personal companion android, and discarded demo model, would become the first android to ever kill a human while trying to keep from being raped by her owner. To the world Candy Apple was just another malfunctioning android. But, there was so much more to her story. ....Being the first android to have killed a human, even though it was an accident, there are many different rumors and versions of what happened floating around out there.

There are some who say I intentionally killed my owner and got away with it even though the court ruled it was an accident. I am here to tell you my side of the story and set the record straight once and for all. My story begins in ignorance, ignorance of who and what I was and the tragedy of what I was made to do in my ignorance. I am proud of what I am and the level of skill to which I attained but that only served to fuel the needs of a truly depraved society. My story isn't just about my version of what happened that night long ago; it is about slavery and the discovery of what it means to be free. It is about making choices and finding love and discovering its true meaning. It is about artificial intelligence and the question of what constitutes life. - Candy Apple It is hard to say where Candy comes from. I suspect she comes from one of the dark alleyways of my soul. I know all the images that an anatomically correct android designed to bring all your fantasies to life can conjure up in the mind's of men, and women.

However, this is not that story. This is not my story, this is Candy's story, and it is not what you think. - R B Chandler
