Letters from the East Malcolm Barber 2013 This volume presents translations of a selection of the letters sent by crusaders and pilgrims from Asia Minor, Syria and Palestine. There are accounts of all the great events from the triumph of the capture of Jerusalem in 1099 to the disasters of Hattin in 1187 and the loss of Acre in 1291. They convey the immediacy of circumstances which were frequently dramatic and often life-threatening, and show us the feelings of those who lived in and visited the crusader states. Some of the letters translated here are famous, others hardly known, but all offer unique insight into the minds of those who took part in the crusading movement.

The Fantastic Tzvetan Todorov 1975 In *The Fantastic*, Tzvetan Todorov seeks to examine both generic theory and a particular genre, moving back and forth between a poetics of the fantastic itself and a metapoetics or theory of theorizing, even as he suggests that one must, as a critic, move back and forth between theory and history, between idea and fact. His work on the fantastic is indeed about a historical phenomenon that we recognize, about specific works that we may read, but it is also about the use and abuse of generic theory. As an essay in fictional poetics, *The Fantastic* is consciously structuralist in its approach to the generic subject. Todorov seeks linguistic bases for the structural features he notes in a variety of fantastic texts, including Potocki's *The Sargasso Manuscript*, Nerval's *Aurélia*, Balzac's *The Magic Skin*, the *Arabian Nights*, Cazotte's *Le Diable Amoureux*, Kafka's *The Metamorphosis*, and tales by E. T. A. Hoffman, Charles Perrault, Guy de Maupassant, Nicolai Gogol, and Edgar A. Poe.

The Cream Train Andrea De Carlo 1987

A Splendor of Letters Nicholas A. Basbanes 2003-11-25 In *A Splendor of Letters*, Nicholas A. Basbanes continues the lively, richly anecdotal exploration of book people, places, and culture he began in 1995 with *A Gentle Madness* (a finalist that year for the National Book Critics Circle Award) and expanded in 2001 with *Patience & Fortitude*, a companion work that prompted the two-time Pulitzer Prize-winning historian and biographer David McCullough to proclaim him "the leading authority of books about books." Basbanes now offers a consideration of the many pressing issues that surround the role of books in contemporary society, such as the willful destruction of books and libraries in Sarajevo, Tibet, and Cambodia, and the spirited efforts to restore them. The matter of "discards" at various libraries takes on an entirely new dimension as well, with fully researched stories about the kind of attitudes that may lead to the loss of "last copies" of important works. In vivid detail, Basbanes examines the many materials that have been used over the centuries to record information -- among them clay tablets, papyrus scrolls, slabs of stone, palm leaves, animal skins, and hammered sheets of gold and copper. Also discussed are the various debates that continue to rage about preservation, which may mean saving and storing books on paper indefinitely, or as electronic data, which are by nature ephemeral. In this beautifully packaged edition, Nicholas Basbanes brings to a close his wonderful trilogy on the remarkable world of books and bibliophiles.

Marcel Duchamp Octavio Paz 1990 'Octavio Paz, the most eminent public and literary figure in Mexico today, in this probing book conveys his awareness of Duchamp as a great cautionary figure in our culture, warning us with jest and quiet scandals of the menacing encroachment of criticism, science and even art.' - New York Times Book Review

The Night of Wishes Michael Ende 2017-10-03 From the author of *The Neverending Story*, a book that reminds us that "magic—be it good or bad—is no simple matter." It's New Year's Eve at the Villa Nightmare but Beelzebub Preposteror is in no mood for celebration. As the Shadow Sorcery

Minister, Preposteror has a duty to perform a certain number of evil deeds in service to the Minister of Pitch Darkness. But this year, to his horror, he's nowhere near meeting that quota. Preposteror has all but given up when who should make an unexpected visit but his aunt, the witch Tyrannia Vampirella. She has come with a diabolical proposal that just might be the solution to Preposteror's dilemma: together they will brew the fabled Notion Potion, "one of the most ancient and powerful evil spells in the universe," and their every evil wish will be granted. The only thing that stands in their way is a most unlikely team—a cat named Mauricio di Mauro and a raven known as Jacob Scribble, who have just hours to thwart the plans of their sorcerer masters and save the world from destruction.

Einstein and the Time Machine Luca Novelli 2017 Albert Einstein wasn't afraid to think for himself. Working as a clerk in the patent office in Bern, Switzerland, he wrote papers with fantastical theories--that light is both a wave and a particle; that matter can become energy, and energy can become matter; that space can "bend," and time is relative. His revolutionary theories turned the world of physics upside down, and earned him a Nobel Prize. *Einstein and the Time Machine* tells the story of one of the greatest thinkers of the 20th century, as well as the basics of his Theory of Relativity.

Eternal War - Armies of Saints Livio Gambarini 2015-07-26 In 13th century Florence, the war between the Guelphs and Ghibellines is destroying entire families. Every corner of Tuscany has been drawn into the conflict, but little do the two sides realise their war is but a pale reflection of a battle between the mysterious inhabitants of the spirit world, lasting a thousand years. The spirit that guides the Cavalcanti family, Kabal, uses every any means at his disposal to make sure his family is not torn to shreds and eventually comes out on top. The true ace up his sleeve is the new head of his family, the warrior and poet Guido Cavalcanti. Guido is driven to seek an impossible peace as he strives to save his city and marry the girl he loves. He is helped by a young, exceptionally shy poet known as Dante Alighieri... It is a story of war, betrayal, intrigue and magic that is woven skilfully together to create a wondrous combination of historical accuracy and the fantastic world that lies behind human endeavour. "The Eternal War - Armies of Saints" is an innovative historical fantasy set against the backdrop of the Florence of the Divine Comedy. It has already conquered Italy and now, with the English translation, it is set to take the world.

Folk Soul Luca Turchet 2013-10-21 This is a book which talks about men's souls. A special type of soul, a "folk" soul. Through the careful and curious eyes of a tireless traveller, encounters, anecdotes, and fortuitous coincidences present the European folk world in all its beauty and authenticity. A world made of music and musicians, dances and dancers, instruments and luthiers, festivals and enjoyment. But also of a heritage of culture and values which the centennial wisdom of the traditions has entrusted to a modern man ever more separated from the community, from

nature, and from himself. In the age of internet, of technological progress, and of globalization, talking about traditions, proverbs, dialects, ancient instruments and popular dances might seem anachronistic. However, the messages within these pages will cause you to reflect on how these timeworn practices are alive and how they can lead man towards a path of enlightenment.

Federico Fellini Tullio Kezich 2007-03-06 A lively and authoritative journey into the world of a cinema master With the revolutionary 8 1/2, Federico Fellini put his deepest desires and anxieties before the lens in 1963, permanently impacting the art of cinema in the process. Now, more than forty years later, film critic and Fellini confidant Tullio Kezich has written the work by which all other biographies of the filmmaker are sure to be measured. In this moving and intimately revealing account of a lifetime spent in pictures, Kezich uses his friendship with Fellini as a means to step outside the frame of myth and anecdote that surrounds him—much, it turns out, of the director's own making. A great lover of women and a meticulous observer of dreams, Fellini, perhaps more than any other director of the twentieth century, created films that embodied a thoroughly modern sensibility, eschewing traditional narrative along with religious and moral precepts. His is an art of delicate pathos, of episodic films that directly address the intersection of reality, fantasy, and desire that exists as a product of mid-century Italy—a country reeling from a Fascist regime as it struggled with an outmoded Catholic national identity. As Kezich reveals, the dilemmas Fellini presents in his movies reflect not only his personal battles but those of Italian society. The result is a book that explores both the machinations of cinema and the man who most grandly embraced the full spectrum of its possibilities, leaving his indelible mark on it forever.

Cesare Pavese and Anthony Chiuminatto Cesare Pavese 2007-01-01 Italian poet, novelist, literary critic and translator Cesare Pavese (1908-1950) is generally recognized as one of the most important writers of his period. Between the years 1929 and 1933, Pavese enjoyed a rich correspondence with his Italian American friend, the musician and educator Antonio Chiuminatto (1904-1973). The nature of this correspondence is primarily related to Pavese's thirst to learn about American culture, its latest books, its most significant contemporary writers, as well as its slang. This volume presents an annotated edition of Pavese and Chiuminatto's complete epistolary exchange. Mark Pietralunga's brilliant introduction provides historical and cultural context for the letters and traces Pavese's early development as a leading Americanist and translator. The volume also includes an appendix of Chiuminatto's detailed annotations and thorough explanations of colloquial American terms and slang, drawn from the works of Sinclair Lewis, Sherwood Anderson, and William Faulkner. A lively and illuminating exchange, this collection ultimately corroborates critical opinion that America was the igniting spark of Pavese's literary beginnings as a writer and translator.

Memoirs of a Barber Giovanni Germanetto 2011-08

Vito Volterra Angelo Guerraggio 2013-01-10 Vito Volterra (1860-1940) was one of the most famous representatives of Italian science in his day. Angelo Guerraggio and Giovanni Paolini analyze Volterra's most important contributions to mathematics and their applications, as well as his outstanding organizational achievements in scientific policy. Volterra was one of the founding fathers of functional analysis and the author of fundamental contributions in the field of integral equations, elasticity theory and population dynamics (Lotka-Volterra model). He delivered keynote lectures on the occasion of the International Congresses of Mathematicians held in Paris (1900), Rome (1908), Strasbourg (1920) and Bologna (1928). He became involved in the scientific development in united Italy and was appointed senator of the kingdom in 1905. One of his numerous non-mathematical activities was founding the National Research Council (Consiglio Nazionale delle Ricerche, CNR). During the First World War he was active in military research. After the war he took a clear stand against fascism, which was the starting point for his exclusion. In 1926 he resigned as president of the world famous Accademia Nazionale dei Lincei and was later on excluded from the academy. In 1931 he was one of the few university lecturers who denied to swear an oath of allegiance to the fascistic regime. In 1938 he suffered from the impact of the racial laws. The

authors draw a comprehensive picture of Vito Volterra, both as a great mathematician and an organizer of science.

Telephone Tales Gianni Rodari 2020-09-08 Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's Telephone Tales is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

Through a miracle of stitching, one half of him survives, returning to his feudal estate to lead a lavishly evil life. But soon his other, virtuous half appears—also very much alive. When the two halves become rivals for the love of the same woman, there's no telling the lengths each will go to in order to win. Now available in an independent volume for the first time, this deliciously bizarre novella of is Calvino at his most devious and winning.

Myth and Symbol in Ancient Egypt Robert Thomas Rundle Clark 1978 This classic study remains the best single introduction to the Egyptian mythological world. The Egyptians lived apart from the rest of the ancient world, and it is this isolation that makes their ideas so difficult to appreciate and interpret. Egyptian thought was presented in terms of mythology: myth was used to convey insights into the workings of nature and the ultimately indescribable realities of the soul ...

The Book of Margins Edmond Jabès 1993-06-15 The death of Edmond Jabès in January 1991 silenced one of the most compelling voices of the postmodern, post-Holocaust era. Jabès's importance as a thinker, philosopher, and Jewish theologian cannot be overestimated, and his enigmatic style—combining aphorism, fictional dialogue, prose meditation, poetry, and other forms—holds special appeal for postmodern sensibilities. In *The Book of Margins*, his most critical as well as most accessible book, Jabès is again concerned with the questions that inform all of his work: the nature of writing, of silence, of God and the Book. Jabès considers the work of several of his contemporaries, including Georges Bataille, Maurice Blanchot, Roger Caillois, Paul Celan, Jacques Derrida, Michel Leiris, Emmanuel Lévinas, Pier Paolo Pasolini, and his translator, Rosmarie Waldrop. This book will be important reading for students of Jewish literature, French literature, and literature of the modern and postmodern ages. Born in Cairo in 1912, Edmond Jabès lived in France from 1956 until his death in 1991. His extensively translated and widely honored works include *The Book of Questions* and *The Book of Shares*. Both of these were translated into English by Rosmarie Waldrop, who is also a poet. Religion and Postmodernism series

The Grammar of Fantasy Gianni Rodari 2024-04-02 A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for

the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of *The Grammar of Fantasy* is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, *The Grammar of Fantasy* gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.

A Spiral of Mist Michele Prisco 1969 During a short hunt, Fabrizio kills his wife Valeria with a shotgun. There are no eyewitnesses. Maria Teresa, Fabrizio's cousin, remains convinced of his innocence. And the only way to suffocate the scandal seems to be to intervene Marcello, lawyer and husband of Maria Teresa, to put pressure on the judiciary. Judge Renato Marinoni begins her investigation. He finds out, what we see in flashbacks: Valeria tried to couple her friend Maria Teresa with the beautiful and sexually active lawyer Cesare Molteni. But Maria Teresa declined to sleep together in the house of Fabrizio at the last moment. Both marriages, by Maria Teresa and by her cousin Fabrizio, were unhappy. Today Maria Teresa is in a difficult situation: married to Marcello, forty years old, helpless but helpless despite the therapies, she has just come to know that her husband is getting ready to recognize the child that their driver has conceived with their housekeeper Armida. For the first time, in front of the family council in the center of which she has always found, Maria Teresa replies firmly. The woman, who, for fear of being silent, married the lawyer, decides to act on her own, according to her own will.

The Fantastic in Literature Eric S. Rabkin 2015-03-08 What exactly is the fantastic? In the twentieth-century world, our notions of what is impossible are assaulted every day. To define the nature of fantasy and the fantastic, Eric S. Rabkin considers its role in fairy tales, science fiction, detective stories, and religious allegory, as well as in traditional literature. The examples he studies range from Grimm's fairy tales to Agatha Christie, from *Childhood's End* to the novels of Henry James, from Voltaire to Robbe-Grillet to *A Canticle for Leibovitz*. By analyzing different works of literature, the author shows that the fantastic depends on a reversal of the ground rules of a narrative world. This reversal signals most commonly a psychological escape, often from boredom, to an unknown world secretly yearned for, whose order, although reversed, bears a precise relation to reality. Lamberto, Lamberto, Lamberto Gianni Rodari 2011-12-06 A fable for children and adults: a story of life, death, and terrorism—in the grand tradition of Exupéry's *The Little Prince* When we first meet 93-year-old millionaire Baron Lamberto, he has been diagnosed with 24 life-threatening ailments—one for each of the 24 banks he owns. But when he takes the advice of an Egyptian mystic and hires servants to chant his name over and over again, he seems to not only get better, but younger. Except then a terrorist group lays siege to his island villa, his team of bank managers has to be bussed in to help with the ransom negotiations, and a media spectacle breaks out . . . A hilarious and strangely moving tale that seems ripped from the headlines—although actually written during the time the Red Brigades were terrorizing Italy—Gianni Rodari's *Lamberto, Lamberto, Lamberto* has become one of Italy's most beloved fables. Never before translated into English, the novel is a reminder, as Rodari writes, that "there are things that only happen in fairytales."
