Turkish Art and Architecture Giovanni Curatola 2010-11-02
This vibrantly illustrated volume chronicles nearly a millennium of Islamic art and architecture in Turkey. Illustrated with some 250 attractive and well-chosen color photographs, Turkish Art and Architecture is fascinating reading for anyone with an interest in Turkey, and an essential reference for any student of Islamic art and architecture. The Anatolian peninsula, one of the oldest seats of civilization, has been ruled by a succession of great powers, including the Romans and their successors in the East, the Byzantines. Its Islamic era began in 1071, when the Seljuk Turks, nomads from Central Asia who had already taken control of Persia, defeated the Byzantine army at Manzikert and moved west, creating a new sultanate in Anatolia. The Seljuks were eventually succeeded in this region by the Ottoman Turks, who crossed the Bosphorus to conquer an exhausted Constantinople in 1453, and went on to extend their power far beyond the borders of modern Turkey, establishing an empire that endured until the early twentieth century. Ruling over a land that had always been at the crossroads of east and west, these Islamic dynasties developed a cosmopolitan art and architecture. As art historian Giovanni Curatola demonstrates in this insightful new book, they combined elements of the prestigious Persian style and memories of their nomadic past with local Mediterranean traditions, and also adopted local building materials, such as stone and wood. Curatola introduces us first to the new types of buildings introduced by the Seljuks—like the caravansary and the türbe, or mausoleum—and then to the sophisticated architectural achievements of the Ottomans, which

culminated in the great domed mosques constructed by the master builder Mimar Sinan (d. 1588). He also traces the history of the decorative arts in Turkey, which included lavishly ornamented carpets, manuscripts, armor, and ceramics. *Temple & Contemplation* Corbin 2013-10-28 First published in 1986. The Guerrilla Girls' Bedside Companion to the History of

Western Art Guerrilla Girls 1998-02-01 "[A] tart, funny, lurid little bomb of a book. It's all p.c., of course, but not at all predictable, and a lot of righteous information gets dispersed in record time." -- BUST Magazine We were Guerillas before we were Gorillas. From the beginning, the press wanted publicity photos. We needed a disguise. No one remembers, for sure, how we got our fur, but one story is that at an early meeting, an original Girl, a bad speller, wrote 'Gorilla' instead of 'Guerilla.' It was an enlightening mistake. It gave us our mask-ularity. Ever wonder about the abundance of naked male statues in the Classical section of your favorite museum? Did you know medieval convents were hotbeds of female artistic expression? And how did those "bad boy" artists of the twentieth century make it even harder for a girl to get a break? Thanks to the Guerrilla Girls, those masked feminists whose mission it is to break the white male stronghold over the art world, art history--as we know it--is history. Taking you back through the ages, the Guerrilla Girls demonstrate how males (particularly white males) have dominated the art scene, and discouraged, belittled, or obscured women's involvement. Their skeptical and hilarious interpretations of "popular" theory are augmented by the newest research and the expertise of prominent feminist art historians. "Believe-it-or-not" quotations from some of the "experts" are sprinkled throughout, as are the Guerrilla Girls' signature masterpieces: reproductions of famous art works, slightly "altered" for historic accuracy and vindication. This colorful

reinterpretation of classic and modern art, as outrageous as it is visually arresting, is a much-needed corrective to traditional art history, and an unabashed celebration of female artists.

Things I've Been Silent About Azar Nafisi 2010-03-02

"Absorbing . . . a testament to the ways in which narrative truth-telling—from the greatest works of literature to the most intimate family stories—sustains and strengthens us."—O: The Oprah Magazine In this stunning personal story of growing up in Iran, Azar Nafisi shares her memories of living in thrall to a powerful and complex mother against the backdrop of a country's political revolution. A girl's pain over family secrets, a young woman's discovery of the power of sensuality in literature, the price a family pays for freedom in a country beset by upheaval—these and other threads are woven together in this beautiful memoir as a gifted storyteller once again transforms the way we see the world and "reminds us of why we read in the first place"

Misteri persiani Antonello Sacchetti 2014-03-27 Dal 1979 per la maggior parte degli occidentali l'Iran è sinonimo di fondamentalismo islamico, di terrorismo, di pericolo. Le cronache hanno ridotto la Persia a "problema", offuscando 2.500 anni di storia. Molto prima di Khomeini e Ahmadinejad, l'Iran ha dato al mondo Ciro il Grande, Rumi, Avicenna, Hafez e Khayyam e ha scritto un pezzo di storia fondamentale dell'intera umanità. Una storia che ci porta in una terra di bellezze assolute e ingiustizie profonde. Una storia complessa, affascinante e misteriosa. E troppo spesso sottovalutata. Una storia di musulmani sciiti, zoroastriani, cristiani ed ebrei. La ricchezza di etnie e culture diverse che convivono dai tempi dell'Impero Persiano è il "mistero" di questo Paese, in cui soltanto il 51% della popolazione è di etnia persiana. Un Paese che continua a svolgere anche nel XXI secolo il ruolo di cerniera tra Europa ed Estremo Oriente. La nostra storia, il nostro vocabolario e persino la nostra tavola devono molto alla Persia. Che ci piaccia o meno, dovremo fare i conti ancora per molto tempo con l'Iran. E in questo confronto dovremmo sempre essere consapevoli della grandezza della storia e della cultura persiana. "L'Autore, per l'acutezza delle osservazioni, sembra un diretto discendente dei grandi viaggiatori europei da Marco Polo ad Ambrogio Contarini e soprattutto del romano Pietro della Valle, che raggiunse la corte dei re sufi nel XVI secolo" (dall'introduzione di Amir Madani).

The Ideology of Religious Studies Timothy Fitzgerald 2003-10-16 In recent years there has been an intensifying debate within the religious studies community about the validity of religion as an analytical category. In this book Fitzgerald sides with those who argue that the concept of religion itself should be abandoned. On the basis of his own research in India and Japan, and through a detailed analysis of the use of religion in a wide range of scholarly texts, the author maintains that the comparative study of religion is really a form of liberal ecumenical theology. By pretending to be a science, religion significantly distorts socio-cultural analysis.

He suggest, however, that religious studies can be re-represented in a way which opens up new and productive theoretical connections with anthropology and cultural and literary studies.

Mohammad Mosaddeq and the 1953 Coup in Iran Mark J.

Gasiorowski 2015-02-01 Mohammad Mosaddeq is widely regarded as the leading champion of secular democracy and resistance to foreign domination in Iran's modern history.

Mosaddeq became prime minister of Iran in May 1951 and promptly nationalized its British-controlled oil industry, initiating a bitter confrontation between Iraq and Britain that increasingly undermined Mossaddeq's position. He was finally overthrown in August 1953 in a coup d'etat that was organized and led by the United States Central Intelligence Agency. This coup initiated a twenty-five-year period of dictatorship in Iran, leaving many Iranians resentful of the U.S. legacies that still haunt relations between the two countries today. Contents include: "Mosaddeq's Government in Iranian History: Arbitrary Rule, Democracy, and the 1953 Coup" - Homa Katouzian; "Unseating Mosaddeq: The Configuration and Role of Domestic Forces" - Fakhreddin Azimi; "The 1953 Coup in Iran and the Legacy of the Tudeh" - Maziar Behrooz; "Great Britain and the Intervention in Iran, 1953" - Wm. Roger Louis; "The International Boycott of Iranian Oil and the Anti-Mossaddeq Coup of 1953" - Mary Ann Heiss; "The Road to Intervention: Factors Influencing U.S. Policy Toward Iran, 1945-1953" - Malcolm Byrne; "The 1953 Coup d'etat Against Mosaddeq" - Mark J. Veils and Words Farzaneh Milani 1992 This is the first book in any language about the writing of women in Iran. For centuries any sense that there could be a literary tradition among women was suppressed. Since the middle of the 19th century, however, a number a of pioneering women have defied the traditional order to produce poetry and novels of the highest quality; but many of them have paid for their courage with accusations of immorality, promiscuity, heresy and even lunacy.

I Hid My Voice Parinoush Saniee 2016-08-06 From the international bestselling author of *The Book of Fate* comes the story, based on real events, of a four-year-old boy who cannot speak and the shame it brings upon his family in modern-day Iran. Four-year-old Shahaab has not started talking. The family doctor believes there is no cause for concern; nevertheless, Shahaab is ridiculed by others who call him "dumb." Young Shahaab doesn't understand what the word means and thinks it is a compliment, until one day his cousin plays a trick on him to prove to everyone that the boy truly is the neighbourhood idiot. When his mother recounts the incident to her husband, Shahaab is crushed to learn that his father also thinks the boy's speech impediment indicates that his son is an idiot and thus brings shame on the family. He begins to lash out, taking childish revenge on those around him, encouraged by his two imaginary friends, Esi and Bibi. No one in the family can understand Shahaab's wild behaviour except his maternal grandmother, who seems to possess the understanding and the kindness he so desperately craves. Their growing bond leads to a deep friendship in which Shahaab is able to experience some happiness and finally find his voice.

Persian Letters Baron Charles De Secondat Montesquieu, Bar 2020-03-13 Immensely popular throughout France and Europe upon its first publication in 1721, "Persian Letters" exemplifies the spirit of eighteenth-century libertinism and Enlightenment. Written by Charles de Montesquieu, this epistolary novel is told through a collection of letters and recounts the observations and experiences of two Persian noblemen traveling through France. The various writers of the letters are astute observers and this satirical story of eighteenth-century French society touches on fundamental questions of human nature, the manners and flirtations of polite society, attitudes on morality, the structures of power, and the hypocrisy of religion. Montesquieu's subtle, witty criticisms of government and social customs are softened through the lens of his central character, Usbek, a young courtier who has

travelled to Europe to escape persecution along with Rica, his good-humored travel companion. This brilliant work is a colorful interpretation of early eighteenth-century society as well as an enduring exploration of morality and societal customs in an increasingly modern world. This edition is printed on premium acid-free paper.

The Pilgrim Pietro Della Valle 1990-01 This book describes the travels of Pietro de la Valle who was born in Rome in 1586 and whose travels took him to Constantinople, Asia Minor, Egypt, Palestine, Baghdad - where he married an Assyrian Christian in 1616 - and Persia. In 1621 he went from Ispahan to Shiraz and then the Gulf of Ormuz. Thereafter he travelled extensively in India, Cyprus, Malta and Sicily. In 1626 he came from Naples to Rome where he lived, fathering 14 sons, till he killed one of the Pope's servants, and had to flee the city. He died peacefully in 1652.

Paolozzi and Wittgenstein Diego Mantoan 2019-05-10 This impressive edited collection investigates the relationship between British Pop Art pioneer Eduardo Paolozzi and the philosopher Ludwig Wittgenstein. At this time, when Paolozzi's oeuvre is in the process of being rediscovered, his long-time fascination with Wittgenstein requires thorough exploration, as it discloses a deeper understanding of his artistic production, further helping to reassess the philosopher's actual impact on visual arts and its theory in the second half of the 20th century. With 13 diverse and comprehensive chapters, bringing together philosophers and art historians, this volume aims at retracing and pondering the influence of Wittgenstein on the idea of art in Paolozzi, thus giving an unprecedented insight into Wittgenstein's philosophy as employed by contemporary artists.

The Saffron Kitchen Yasmin Crowther 2007-08-28 In a powerful

debut novel that moves between the crowded streets of London and the desolate mountains of Iran, Yasmin Crowther paints a stirring portrait of a family shaken by events from decades ago and worlds away. On a rainy day in London the dark secrets and troubled past of Maryam Mazar surface violently, with tragic consequences for her daughter, Sara, and her newly orphaned nephew. Maryam leaves her English husband and family and returns to the remote Iranian village where her story began. In a quest to piece their life back together, Sara follows her mother and finally learns the terrible price Maryam once had to pay for her freedom, and of the love she left behind. Set against the breathtaking beauty of two very different places, this stunning family drama transcends culture and is, at its core, a rich and haunting narrative about mothers and daughters.

Lipstick Jihad Azadeh Moaveni 2007-03-31 As far back as she can remember, Azadeh Moaveni has felt at odds with her tangled identity as an Iranian-American. In suburban America, Azadeh lived in two worlds. At home, she was the daughter of the Iranian exile community, serving tea, clinging to tradition, and dreaming of Tehran. Outside, she was a California girl who practiced yoga and listened to Madonna. For years, she ignored the tense standoff between her two cultures. But college magnified the clash between Iran and America, and after graduating, she moved to Iran as a journalist. This is the story of her search for identity, between two cultures cleaved apart by a violent history. It is also the story of Iran, a restive land lost in the twilight of its revolution. Moaveni's homecoming falls in the heady days of the country's reform movement, when young people demonstrated in the streets and shouted for the Islamic regime to end. In these tumultuous times, she struggles to build a life in a dark country, wholly unlike the luminous, saffron and turquoise-tinted Iran of her imagination. As she leads us through the drug-soaked, underground parties of Tehran, into the hedonistic lives of young people desperate for change, Moaveni paints a rare portrait of

Iran's rebellious next generation. The landscape of her Tehran -- ski slopes, fashion shows, malls and cafes -- is populated by a cast of young people whose exuberance and despair brings the modern reality of Iran to vivid life.

Political Order and Inequality Carles Boix 2015-02-16 The fundamental question of political theory, one that precedes all other questions about the nature of political life, is why there is a state at all. Is human cooperation feasible without a political authority enforcing it? Or do we need a state to live together? This problem then opens up two further questions. If a state is necessary to establish order, how does it come into place? And, when it does, what are the consequences for the political status and economic welfare of its citizens? Combining ethnographical material, historical cases, and statistical analysis, this book describes the foundations of stateless societies, why and how states emerge, and the basis of political obligation. As a result of this inquiry, it explains the economic and political roots of inequality, describes the causes of the stagnation of the preindustrial world, and explores what led to the West's prosperity of the past two centuries.

India V. S. Naipaul 2011-04-06 From the Nobel Prize-winning author comes a masterpiece of astonishing insight and candor about a society traumatized by centuries of foreign conquest and immured in a mythic vision of its past. "Extraordinarily forceful.... Naipaul is an elegantly precise and exacting writer." -Newsweek In 1975, at the height of Indira Gandhi's "Emergency," V. S. Naipaul returned to India, the country his ancestors had left one hundred years earlier. Out of that journey he produced a vibrant, defiantly unsentimental portrait of India. Drawing on novels, news reports, political memoirs, and his own encounters with ordinary Indians—from a supercilious prince to an engineer constructing housing for Bombay's homeless—Naipaul captures a vast, mysterious, and agonized continent inaccessible to foreigners and barely visible to its own people. He sees both the burgeoning

space program and the 5,000 volunteers chanting mantras to purify a defiled temple; the feudal village autocrat and the Naxalite revolutionaries who combined Maoist rhetoric with ritual murder. Relentless in its vision, thrilling in the keenness of its prose, *India: A Wounded Civilization* is a work of astonishing insight and candor.

Jesuit at Large Paul V. Mankowski 2021 Father Paul Mankowski, S.J. (1953-2020), was one of the most brilliant and scintillating Catholic writers of our time. His essays and reviews, collected here for the first time, display a unique wit, a singular breadth of learning, and a penetrating insight into the challenges of Catholic life in the postmodern world. Whether explicating Catholic doctrines like the Immaculate Conception, dissecting contemporary academic life, deploring clerical malfeasance, or celebrating great authors, Father Mankowski's keen intelligence is always on display, and his energetic prose keeps the pages turning. Whatever his topic, however, Paul Mankowski's intense Catholic faith shines through his writing, as it did through his life. *Jesuit at Large* invites its readers to meet a man of great gifts who suffered for his convictions but never lost hope in the renewal of Catholicism, a man whose confidence in the truth of what the Church proposed to the world was never shaken by the failures of the people of the Church. /DIV>

The Man of Light in Iranian Sufism Henry Corbin 1978

We Women of Tehran Farian Sabahi 2021-09 Originally written for the stage, "We, the Women of Tehran" illustrates from a female standpoint the origins and contradictions of the Iranian capital, and the rights of religious minorities and women. It showcases women who have played a leading role in various disciplines and sports but who all too often have simply become an element in the regime's propaganda. The volume presents a lively narrative with verses from the great Persian poets and a

hefty dose of irony: as a way to laugh about complex issues and dismantle misleading stereotypes.

Theology of Discontent Hamid Dabashi 2017-07-28 Scores of books and articles have been published, addressing one or another aspect of the Islamic Revolution in Iran. Missing from this body of scholarship, however, has been a comprehensive analysis of the intellectual and ideological cornerstones of one of the most dramatic revolutions in our time. In this remarkable volume, Hamid Dabashi brings together, in a sustained and engagingly written narrative, the leading revolutionaries who have shaped the ideological disposition of this cataclysmic event. Dabashi has spent over ten years studying the writings, in their original Persian and Arabic, of the most influential Iranian clerics and thinkers. Examining the revolutionary sentiments and ideas of such figures as Jalal Al-e Ahmad, Ali Shariati, Morteza Motahhari, Sayyid Abolhasan Bani-Sadr, and finally the Ayatollah Khomeini, the work also analyzes the larger historical and theoretical implications of any construction of the Islamic Ideology. Carefully located in the social and intellectual context of the four decades preceding the 1979 revolution, *Theology of Discontent* is the definitive treatment of the ideological foundations of the Islamic Revolution, with particular attention to the larger, more enduring ramifications of this revolution for radical Islamic revivalism in the entire Muslim world. This volume will be of interest to Islamicists, Middle East historians and specialists, as well as scholars and students of liberation theologies, comparative religious revolutions, and mass collective behavior. Bruce Lawrence of Duke University calls this volume a superb and unprecedented study.... In brilliant figural strokes, he arrays EuroAmerican sociological theory as the crucial backdrop of a deeper understanding of contemporary Iranian history.

Pomegranate Soup Marsha Mehran 2007-12-18 Beneath the holy mountain Croagh Patrick, in damp and lovely County Mayo, sits the small, sheltered village of Ballinacraugh. To the exotic

Aminpour sisters, Ireland looks like a much-needed safe haven. It has been seven years since Marjan Aminpour fled Iran with her younger sisters, Bahar and Layla, and she hopes that in Ballinacraugh, a land of “crazed sheep and dizzying roads,” they might finally find a home. From the kitchen of an old pastry shop on Main Mall, the sisters set about creating a Persian oasis. Soon sensuous wafts of cardamom, cinnamon, and saffron float through the streets—an exotic aroma that announces the opening of the Babylon Café, and a shock to a town that generally subsists on boiled cabbage and Guinness served at the local tavern. And it is an affront to the senses of Ballinacraugh’s uncrowned king, Thomas McGuire. After trying to buy the old pastry shop for years and failing, Thomas is enraged to find it occupied—and by foreigners, no less. But the mysterious, spicy fragrances work their magic on the townsfolk, and soon, business is booming. Marjan is thrilled with the demand for her red lentil soup, abgusht stew, and rosewater baklava—and with the transformation in her sisters. Young Layla finds first love, and even tense, haunted Bahar seems to be less nervous. And in the stand-up-comedian-turned-priest Father Fergal Mahoney, the gentle, lonely widow Estelle Delmonico, and the headstrong hairdresser Fiona Athey, the sisters find a merry band of supporters against the close-minded opposition of less welcoming villagers stuck in their ways. But the idyll is soon broken when the past rushes back to threaten the Aminpours once more, and the lives they left behind in revolution-era Iran bleed into the present. Infused with the textures and scents, trials and triumphs of two distinct cultures, *Pomegranate Soup* is an infectious novel of magical realism. This richly detailed story, highlighted with delicious recipes, is a delectable journey into the heart of Persian cooking and Irish living.

Physiologus 1979 One of the most popular and widely read books of the Middle Ages, "Physiologus "contains allegories of beasts, stones, and trees both real and imaginary, infused by their anonymous author with the spirit of Christian moral and mystical teaching. Accompanied by an introduction that explains the origins, history, and literary value of this curious text, this volume also reproduces twenty woodcuts from the 1587 version. Originally composed in the fourth century in Greek, and translated into dozens of versions through the centuries, "Physiologus "will delight readers with its ancient tales of ant-lions, centaurs, and hedgehogs and their allegorical significance. An elegant little book . . . still diverting to look at today. . . . The woodcuts reproduced from the 1587 Rome edition are alone worth the price of the book. Raymond A. Revolt Against the Modern World Julius Evola 2018-07-13 With unflinching gaze and uncompromising intensity Julius Evola analyzes the spiritual and cultural malaise at the heart of Western civilization and all that passes for progress in the modern world. As a gadfly, Evola spares no one and nothing in his survey of what we have lost and where we are headed. At turns prophetic and provocative, *Revolt against the Modern World* outlines a profound metaphysics of history and demonstrates how and why we have lost contact with the transcendent dimension of being. The revolt advocated by Evola does not resemble the familiar protests of either liberals or conservatives. His criticisms are not limited to exposing the mindless nature of consumerism, the march of progress, the rise of technocracy, or the dominance of unalloyed individualism, although these and other subjects come under his scrutiny. Rather, he attempts to trace in space and time the remote causes and processes that have exercised corrosive influence on what he considers to be the higher values, ideals, beliefs, and codes of conduct--the world of Tradition--that are at the foundation of Western civilization and described in the myths

and sacred literature of the Indo-Europeans. Agreeing with the Hindu philosophers that history is the movement of huge cycles and that we are now in the Kali Yuga, the age of dissolution and decadence, Evola finds revolt to be the only logical response for those who oppose the materialism and ritualized meaninglessness of life in the twentieth century. Through a sweeping study of the structures, myths, beliefs, and spiritual traditions of the major Western civilizations, the author compares the characteristics of the modern world with those of traditional societies. The domains explored include politics, law, the rise and fall of empires, the history of the Church, the doctrine of the two natures, life and death, social institutions and the caste system, the limits of racial theories, capitalism and communism, relations between the sexes, and the meaning of warriorhood. At every turn Evola challenges the reader's most cherished assumptions about fundamental aspects of modern life. A controversial scholar, philosopher, and social thinker, JULIUS EVOLA (1898-1974) has only recently become known to more than a handful of English-speaking readers. An authority on the world's esoteric traditions, Evola wrote extensively on ancient civilizations and the world of Tradition in both East and West. Other books by Evola published by Inner Traditions include *Eros and the Mysteries of Love*, *The Yoga of Power*, *The Hermetic Tradition*, and *The Doctrine of Awakening*.

Exiled Memories Zohreh Sullivan 2010-09-23 "I feel I am the wandering Jew who has no place to which she belongs. I thought I could settle down, but can't imagine staying. Whenever I bought a bar of soap and two came in the package, I thought there would be no need to buy a package of two because I would never last through the second. Why? Because I knew I was returning to Iran -- tomorrow. So too, I would buy the smallest size of toothpastes and jars of oil. Putting down roots here is an impossibility." These are the words of one Iranian emigre, driven from Tehran by the revolution of 1979. They are echoed time and again in this

powerful portrayal of loss and survival. Impelled by these word and her own concerns about nationality and identity, Zohreh Sullivan has gathered together here the voices of sixty exiles and emigres. The speakers come from various ethnic and religious backgrounds and range in age from thirteen to eighty-eight. Although most are from the middle class, they work in a variety of occupations in the United States. But whatever their differences, here they engage in remembering the past, producing a discourse about their lives, and negotiating the troubled transitions from one culture to another. Unlike man other Iranian oral history projects, Exiled Memories looks at the reconstruction of memory and identity through diasporic narratives, through a focus on the Americas rather than on Iran. The narratives included here reveal the complex ways in which events and places transform identities, how overnight radical s become conservatives, friends become enemies, the strong become weak. Indeed, the narratives themselves serve this function -- serving to transfer or transform power and establish credibility. They reveal a diverse group of people in the process of knitting the story of themselves with the story of the collective after it has been torn apart.
