The Library Card Jerry Spinelli 1998 The lives of four young people in different circumstances are changed by their encounters with books. Four humorous, poignant stories about how books changed the lives of several youngsters.

La morte mi fa ridere, la vita no Elisa Giobbi 2020-08-07T00:00:00+02:00 Quattordici artisti italiani, sette “maledetti” (Fred Buscaglione, Piero Ciampi, Luigi Tenco, Franco Califano, Gabriella Ferri, Mia Martini e Rino Gaetano) e sette “dimenticati” (Daniele Pace, Ugolino, Franco Fanigliulo, Enzo Del Re, Stefano Rosso, Guido Toffoletti e Massimo Riva), accomunati dal divario tra grande talento e poca fortuna. Le loro gesta artistiche e umane sono raccontate in queste pagine attraverso testimonianze e interviste e in una veste narrativa che finalmente rende merito ai grandi artisti sfuggenti, ingiustamente snobbati, ignorati o cristallizzati nella loro condizione di eterni outsiders, di cantanti non allineati verso cui noi tutti – musicisti e musicofili – abbiamo accumulato un debito. “Dobbiamo pagar pegno a Piero Ciampi” disse Fabrizio De André. Gli fece eco Guccini: “Tutti noi cantautori dobbiamo a Buscaglione l’invenzione di un nuovo genere musicale”. Questo libro è un tardivo ma doveroso omaggio diretto a quei poeti che hanno arricchito di suggestioni, ombre, intuizioni, sfumature o innovazioni la storia della canzone italiana dagli anni Cinquanta del Novecento in poi, nei suoi decenni di maggior splendore, e l’hanno fatto nonostante le traversie di esistenze spesso brevi, sfortunate, sbilenche oppure troppo intense, senza mezzi termini, comunque malate, ferite. Autori controcorrente e controversi, maledetti dal destino ma benedetti dalle muse, dimenticati indimenticabili in eterno credito. Con i contributi di Attilio Pace, Vito Vita, Timisoara Pinto, Giò Alajmo e Claudia Riva

The Big Banana Roberto Quesada 1999-03-31 With his seductively entertaining new novel, *The Big Banana*, Roberto Quesada invokes the magic of great Latin American fiction as he follows the struggles of an ensemble cast of endearingly eccentric characters chasing their dreams in New York City. Meet Eduardo, the Honduran screen-star-wannabe; his great love, Miriam whose obsession with Bond □ James Bond (the one played by Roger Moore, quite specifically) □ leads to a purely un-accidental international encounter; and a host of zany Central and South American acquaintances □ especially the Chilean Casagrande, the fun-loving, magnanimous, professionally unemployed mystic-philosopher-musician-singer who brings them all together. Against the backdrop of their hardscrabble everyday lives, Quesada wields a bold brush to paint in broad strokes a festive mural awash in the vivid colors of the outlandish fantasies that drive Eduardo and his friends. Ultimately, the elusive prize of friendship and laughter dwarf the seemingly larger goals of money and success.

[Poems of Fernando Pessoa](#) Fernando Pessoa 1998-06 Fernando Pessoa is Portugal's most important contemporary poet. He wrote under several identities, which he called heteronyms: Albet Caeiro, Alvaro de Campos, Ricardo Reis, and Bernardo Soares. He wrote fine poetry under his own name as well, and each of his "voices" is completely different in subject, temperament, and style. This volume brings back into print the comprehensive collection of his work published by Ecco Press in 1986.

[Greek Mythology and Poetics](#) Gregory Nagy 2018-09-05 Gregory Nagy here provides a far-reaching assessment of the relationship between myth and ritual in ancient Greek society. Nagy illuminates in particular the forces of interaction and change that transformed the Indo-European linguistic and cultural heritage into distinctly Greek social institutions between the eighth and the fifth centuries B.C. Included in the volume are thirteen of Nagy's major essays—all extensively revised for book publication—on various aspects of the Hellenization of Indo-European poetics, myth and ritual, and social ideology. The primary aim of this book is to examine the Greek language as a reflection of society, with special attention to its function as a vehicle for transmitting mythology and poetics. Nagy's emphasis on the language of the Greeks, and on its comparison with the testimony of related Indo-European languages such as Latin, Indic, and Hittite, reflects his long-standing interest in Indo-European linguistics. The individual chapters examine the development of Hellenic poetics in the traditions of Homer and Hesiod; the Hellenization of Indo-European myths and rituals, including myths of the afterlife, rituals of fire, and symbols in the Greek lyric; and the Hellenization of Indo-European social ideology, with reference to such cultural institutions as the concept of the city-state. A path-breaking application of the principles of social anthropology, comparative mythology, historical linguistics, and oral poetry theory to the study of classics, *Greek Mythology and Poetics* will be an invaluable resource for classicists and other scholars of linguistics and literary theory.

Our Lady of the Turks Carmelo Bene 2022-01-31 Carmelo Bene (1937-2002) was a notorious Italian actor, writer, and director who inaugurated his theater in 1959 with Camus' *Caligula* then exploded onto the artistic scene with his outré *Christ '63*. Later, he collaborated with Pasolini, Glauber Rocha, Bussotti and others as well as philosophers, like Gilles Deleuze. His novel *Our Lady of the Turks* (1964) recounts the bizarre, eccentric rituals of a young actor on a knightly quest, in the manner of the Crusaders, to hone his art so that he may ultimately become an idiot, if not a saint. C.B. describes *Our Lady of the Turks* as the jeu de cartes of a perverse novel on the idiolect. It is an amusing and merciless parody of "interior life," risibly entrusted to the third-person narrative form: a monody peopled by a thousand and one voices. A setting and a vision of a south of the south of the saints (the "homegrown" baroque, the Moorish kitsch of a palace, the cathedral-ossuary of the Otranto martyrs, etc.), "crusts" summoned to feed an ethnic fire... The music is elsewhere. The only novel in C.B.'s prodigious oeuvre, *Our Lady of the Turks* was (re)elaborated on stage (1966; 1973) and in images in an eponymous film, which Bene calls "a 1968 film, or better yet, the 'anti-1968 film' par excellence [that was] misunderstood to the bitter end." Translated by Carole Viers-Andronico, this is the second in a series of three separate volumes of Bene's writings that *Contra Mundum* will publish. As one of the only true 'spiritual' heirs of Artaud, Anglophones must at last reckon with Bene's genuinely radical transvaluation of every form of aesthetics.

The Italian Academies 1525-1700 Jane E. Everson 2016-04-14 The intellectual societies known as Academies played a vital role in the development of culture, and scholarly debate throughout Italy between 1525-1700. They were fundamental in establishing the intellectual networks later defined as the 'République des Lettres', and in the dissemination of ideas in early modern Europe, through print, manuscript, oral debate and performance. This volume surveys the social and cultural role of Academies, challenging received ideas and incorporating recent archival findings on individuals, networks and texts. Ranging over Academies in both major and smaller or peripheral centres, these collected studies explore the interrelationships of Academies with other cultural forums. Individual essays examine the fluid nature of academies and their changing relationships to the political authorities; their role in the promotion of literature, the visual arts and theatre; and the diverse membership recorded for many academies, which included scientists, writers, printers, artists, political and religious thinkers, and, unusually, a number of talented women. Contributions by established international scholars together with studies by younger scholars active in this developing field of research map out new perspectives on the dynamic place of the Academies in early modern Italy. The publication results from the research collaboration 'The Italian Academies 1525-1700: the first intellectual networks of early modern Europe' funded by the Arts and Humanities Research Council and is edited by the senior investigators.

Persian Letters Baron Charles De Secondat Montesquieu, Bar 2020-03-13 Immensely popular throughout France and Europe upon its first publication in 1721, "Persian Letters" exemplifies the spirit of eighteenth-century libertinism and Enlightenment. Written by Charles de Montesquieu, this epistolary novel is told through a collection of letters and recounts the observations and experiences of two Persian noblemen traveling through France. The various writers of the letters are astute observers and this satirical story of eighteenth-century French society touches on fundamental questions of human nature, the manners and flirtations of polite society, attitudes on morality, the structures of power, and the hypocrisy of religion. Montesquieu's subtle, witty criticisms of government and social customs are softened through the lens of his central character, Usbek, a young courtier who has travelled to Europe to escape persecution along with Rica, his good-humored travel companion. This brilliant work is a colorful interpretation of early eighteenth-century society as well as an enduring exploration of morality and societal customs in an increasingly modern world. This edition is printed on premium acid-free paper.

We Want Everything Nanni Balestrini 2022-04-12 The explosive novel of Italy's revolutionary 1969 It was 1969, and temperatures were rising across the factories of the north as workers demanded better pay and conditions. Soon, discontent would erupt in what became known as Italy's Hot Autumn. A young worker from the impoverished south arrives at Fiat's Mirafiori factory in Turin, where his darker complexion begins to fade from the fourteen-hour workdays in sweltering industrial heat. His bosses try to withhold his wages. Our cynical, dry-witted narrator will not bend to their will. "I want everything, everything that's owed to me," he tells them. "Nothing more and nothing less, because you don't mess with me." Around him, students are holding secret meetings and union workers begin halting work on the assembly lines, crippling the Mirafiori factory with months of continuous strikes. Before long, barricades line the roads, tear gas wafts into private homes, and the slogan "We Want Everything" is ringing through the streets. Wrought in spare and measured prose, Balestrini's novel depicts an explosive uprising. Introduced by Rachel Kushner, the author of the best-selling *The Flamethrowers*, *We Want Everything* is the incendiary fictional account of events that led to a decade of revolt.

Screening Ethnicity Anna Camaiti Hostert 2002 Literary Nonfiction. Film Studies. Remarkable for the variety and sophistication of the approaches that it brings to its subject matter, *SCREENING ETHNICITY* makes a powerful argument for the validity, indeed the necessity, of Italian American cinema as an object of study. By including the concepts of race, gender, and social class along with the more obvious themes of identity and ethnicity, this collection sheds new light on the careers of Frank Capra, Francis Ford Coppola, Michael Cimino, Martin Scorsese, Quentin Tarantino, and the recently canonized David Chase, while calling attention to the achievements of such lesser known figures as Abel Ferrara, Stanley Tucci, Mariarosy Calleri, and Nancy Savoca. "It comes as no surprise that there is so much smart thinking and writing contained in this book" Bill Tonelli, *Rolling Stone*."

A Beautiful Young Woman Julián López 2017 As political violence escalates around them, a young boy and his single mother live together in an apartment in Buenos Aires - which has recently been taken over by Argentina's military dictatorship. When the boy returns home one day to find his mother missing, the story fractures, and the reader encounters him fully grown, consumed by the burden of his loss, attempting to reconstruct the memory of his mother. By leaping forward in time, the boy - now a man - subtly gives shape to his mother's activism, and in the process recasts the memories from his childhood.

The Idea of Nature in Disney Animation David Whitley 2016-03-03 In the second edition of *The Idea of Nature in Disney Animation*, David Whitley updates his 2008 book to reflect recent developments in Disney and Disney-Pixar animation such as the apocalyptic tale of earth's failed ecosystem, *WALL-E*. As Whitley has shown, and Disney's newest films continue to demonstrate, the messages animated films convey about the natural world are of crucial importance to their child viewers. Beginning with *Snow White*, Whitley examines a wide range of Disney's feature animations, in which images of wild nature are central to the narrative. He challenges the notion that the sentimentality of the Disney aesthetic, an oft-criticized aspect of such films as *Bambi*, *The Jungle Book*, *Pocahontas*, *Beauty and the Beast*, and *Finding Nemo*, necessarily prevents audiences from developing a critical awareness of contested environmental issues. On the contrary, even as the films communicate the central ideologies of the times in which they were produced, they also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience.

The Daydreamer Ian McEwan 2011-08-03 A delightful literary foray for adults and children alike, from the inexhaustible imagination of Booker Prize-winning, best-selling author Ian McEwan. In these seven exquisitely

interlinked episodes, the grown-up protagonist Peter Fortune reveals the secret journeys, metamorphoses, and adventures of his childhood. Living somewhere between dream and reality, Peter experiences fantastical transformations: he swaps bodies with the wise old family cat; exchanges existences with a cranky infant; encounters a very bad doll who has come to life and is out for revenge; and rummages through a kitchen drawer filled with useless objects to discover some not-so-useless cream that actually makes people vanish. Finally, he wakes up as an eleven-year-old inside a grown-up body and embarks on the truly fantastic adventure of falling in love. Moving, dreamlike, and extraordinary, *The Daydreamer* marks yet another imaginative departure for Ian McEwan.

The Wall of the Earth Giorgio Caproni 1992 "The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

Conrad Norman Sherry 1973 Rezensionen 1895-1925.

M: Son of the Century Antonio Scurati 2022-04-05 The massive international bestseller—an epic historical novel that chronicles the birth and rise of fascism in Italy, witnessed through the eyes of its founder, the terrifyingly charismatic figure who would become one of the most notorious dictators of the twentieth century, Benito Mussolini. It is 1919, and the Great War that has ravaged Europe is over. In Italy, the people are exhausted. Tired of the political class. Tired of vague promises, inept moderates, and the agonizing machinations of a democracy that has failed ordinary citizens. While elite leaders have sat idly by, achieving nothing, one outsider—the director of a small opposition newspaper and a tireless political agitator—is electrifying the masses, promising hope for a demoralized nation hungry for change. A former socialist leader ousted by his own party, he is a drifter who knows what it is to feel lost. His voice speaks for the misfits and the outcasts; he is a protector of those who are forgotten. He is Benito Mussolini. And soon Italy—and the world—will be forever remade. In *M: Son of the Century*, Antonio Scurati tells the story of fascism from within the mind of its founder, the man known to his followers as Il Duce. Steeped in historical detail and interspersed with period documents and sources, this masterful saga explores the seductive power of nationalism and idolatry, revealing how authoritarianism took hold and a nation bent to the will of one ruthless strongman. Provocative and resonant, *M* is a chilling reminder that the past is never gone, and that it holds urgent lessons for us today.

Orphic Songs Dino Campana 1984 This vivid presentation of Campana demonstrates why Italian readers have cherished his poems since the first appearance of *Canti Orfici* in 1914. Charles Wright's translation, Jonathan Galassi's introduction, and, as afterword, Montale's thoughtful essay on Campana, identify the heart of this poet's achievement.

The Dinner Guest Gabriela Ybarra 2018-03-01 LONGLISTED FOR THE 2018 MAN BOOKER INTERNATIONAL PRIZE The Dinner Guest is Gabriela Ybarra's prizewinning literary debut: a singular autobiographical novel piecing together the kidnap and murder of her grandfather by terrorists, reflecting on the personal impact of private pain and public tragedy. The story goes that in my family there's an extra dinner guest at every meal. He's invisible, but always there. He has a plate, glass, knife and fork. Every so often he appears, casts his shadow over the table, and erases one of those present. The first to vanish was my grandfather. In 1977, three terrorists broke into Gabriela Ybarra's grandfather's home, and pointed a gun at him in the shower. This was the last time his family saw him alive, and his kidnapping played out in the press, culminating in his murder. Ybarra first heard the story when she was eight, but it was only after her mother's death, years later, that she felt the need to go deeper and discover more about her family's past. The Dinner Guest is a novel, with the feel of documentary non-fiction. It connects two life-changing events - the very public death of Ybarra's grandfather, and the more private pain as her mother dies from cancer and Gabriela cares for her. Devastating yet luminous, the book is an investigation, marking the arrival of a talented new voice in international fiction.

Federico Fellini Tullio Kezich 2007-03-06 A lively and authoritative journey into the world of a cinema master With the revolutionary *8 1/2*, Federico Fellini put his deepest desires and anxieties before the lens in 1963, permanently impacting the art of cinema in the process. Now, more than forty years later, film critic and Fellini confidant Tullio Kezich has written the work by which all other biographies of the filmmaker are sure to be measured. In this moving and intimately revealing account of a lifetime spent in pictures, Kezich uses his friendship with Fellini as a means to step outside the frame of myth and anecdote that surrounds him—much, it turns out, of the director's own making. A great lover of women and a meticulous observer of dreams, Fellini, perhaps more than any other director of the twentieth century, created films that embodied a thoroughly modern sensibility, eschewing traditional narrative along with religious and moral precepts. His is an art of delicate pathos, of episodic films that directly address the intersection of reality, fantasy, and desire that exists as a product of mid-century Italy—a country reeling from a Fascist regime as it struggled with an outmoded Catholic national identity. As Kezich reveals, the dilemmas Fellini presents in his movies reflect not only his personal battles but those of Italian society. The result is a book that explores both the machinations of cinema and the man who most grandly embraced the full spectrum of its possibilities, leaving his indelible mark on it forever.

Mediated Ethnicity Giuliana Muscio 2010 This collection offers a fresh re-reading and re-imagining of Italian Americans in film, from actors to directors, from subject to agency. The trans-Atlantic discourse that emerges

from these keenly insightful essays offers a guidepost for future analyses. As we come to understand the evolving paradigm of Italian Americans, whose cinematic representation has long been object of discussion and debate, Mediated Ethnicity constitutes a prismatic lens through which the contemporary viewer/reader may re-discover the cultural positioning of Italians in America. - John Tintori Associate Arts Professor and Chair, Graduate Film Program New York University Tisch School of the Arts

The Films of Federico Fellini Claudio G. Fava 1988

Peasants into Frenchmen Eugen Weber 1976 France achieved national unity much later than is commonly supposed. For a hundred years and more after the Revolution, millions of peasants lived on as if in a timeless world, their existence little different from that of the generations before them. The author of this lively, often witty, and always provocative work traces how France underwent a veritable crisis of civilization in the early years of the French Republic as traditional attitudes and practices crumbled under the forces of modernization. Local roads and railways were the decisive factors, bringing hitherto remote and inaccessible regions into easy contact with markets and major centers of the modern world. The products of industry rendered many peasant skills useless, and the expanding school system taught not only the language of the dominant culture but its values as well, among them patriotism. By 1914, France had finally become La Patrie in fact as it had so long been in name.

Notti piene di stelle. Gli anni d'oro della canzone italiana tra segreti e nostalgia Fausto Leali 2014-01

La Grande Italia Emilio Gentile 2009 La Grande Italia traces the history of the myth of the nation in Italy along the curve of its rise and fall throughout the twentieth century. Starting with the festivities for the fiftieth anniversary of the unification of Italy in 1911 and ending with the centennial celebrations of 1961, Emilio Gentile describes a dense sequence of events: from victorious Italian participation in World War I through the rise and triumph of Fascism to Italy's transition to a republic. Gentile's definition of "Italians" encompasses the whole range of political, cultural, and social actors: Liberals and Catholics, Monarchists and Republicans, Fascists and Socialists. La Grande Italia presents a sweeping study of the development of Italian national identity in all its incarnations throughout the twentieth century. This important contribution to the study of modern Italian nationalism and the ambition to achieve a "great Italy" between the unification of Italy and the advent of the Italian Republic will appeal to anyone interested in modern European history, Fascism, and nationalism.
