MhGAP Intervention Guide for Mental, Neurological and Substance-Use Disorders in Non-

specialized Health Settings - Version 2. 0 World Health Organization 2017-01-27 Mental, neurological and substance use (MNS) disorders are highly prevalent, accounting for a substantial burden of disease and disability globally. In order to bridge the gap between available resources and the significant need for services, the World Health Organization launched the Mental Health Gap Action Programme (mhGAP). The objective of mhGAP is to scale-up care and services using evidence-based interventions for prevention and management of priority MNS conditions. The mhGAP Intervention Guide version 1.0 for MNS disorders for non-specialist health settings was developed in 2010 as a simple technical tool to allow for integrated management of priority MNS conditions using protocols for clinical decision-making. With uptake in over 90 countries, mhGAP-IG 1.0 version has had widespread success. It is our pleasure to present mhGAP version 2.0, with updates incorporating new evidence-based guidance, enhanced usability, and new sections to expand its use by both health care providers as well as programme managers. It is our hope that this guide will continue to provide the road-map to deliver care and services for people with MNS disorders around the world and lead us closer to achieving the goal of universal health coverage.

L'ultimo segreto di Anne Frank Jeroen De Bruyn 2023-10-03 Una storia vera Una testimonianza inedita, preziosa e fondamentale raccontata da chi è riuscito a sopravvivere Il Diario di Anne Frank è uno dei testi più conosciuti, tradotti e studiati di sempre. La forza della testimonianza di Anne, la voglia di vivere e, non ultimo, lo straordinario talento di scrittrice hanno commosso generazioni di lettori, ma non solo: le sue parole sono state oggetto di ogni tipo di studio, inchiesta, perizia. Sappiamo tutto del nascondiglio in cui trascorse 761 terribili giorni, in compagnia di sette persone, e conosciamo i nomi dei cosiddetti “benefattori” dell'alloggio segreto, cinque cittadini olandesi che, rischiando la vita, aiutarono in vari modi le famiglie ebrae lì nascoste. La storia di Bep Voskuijl, però, è rimasta finora sconosciuta. Bep, la più giovane dei “benefattori”, si legò in modo particolare ad Anne e affrontò ogni genere di pericolo nel tentativo di procurare cibo e medicinali per la famiglia Frank. Il suo nome ricorre molto spesso nel Diario, eppure di lei si sa pochissimo. Questo libro, commovente e ricco di dettagli inediti, prova a raccontarne la storia, ricostruendo minuziosamente la sua vita fino a addentrarsi nel fatidico mistero, tuttora irrisolto, della telefonata che portò all'arresto, il 4 agosto del 1944, di Anne e della sua famiglia. Bep conosceva la verità sulla persona che segnò il destino della giovanissima amica? Quel terribile tradimento potrebbe essere stato commesso da qualcuno che le era molto vicino? Una storia vera con documenti inediti che va oltre il Diario e che racconta dei 761 giorni trascorsi nell'alloggio segreto «Un libro devastante, in cui il figlio della confidente di Anne getta luce su nuove, scioccanti verità.» Daily Mail «Una perfetta testimonianza di come il lavoro di scrittura della storia non abbia mai fine.» Publishers Weekly «Un fondamentale contributo alla letteratura su Anne Frank.» Kirkus Reviews «Superbamente scritto,

intimo, coinvolgente e straziante.» Booklist Joop Van Wijk-Voskuil È nato nel 1949 ad Amsterdam. Dopo una carriera di successo come produttore e marketing manager, ha deciso di dedicarsi a tempo pieno allo studio dei terribili anni della guerra, per ricostruire la storia di sua madre, che ebbe un ruolo chiave nel proteggere e nascondere la famiglia Frank. Collabora con numerose scuole olandesi, organizzando letture del Diario di Anne Frank destinate ai bambini. Jeroen De Bruyn È nato nel 1993 ad Anversa, nelle Fiandre. Ancora giovanissimo ha iniziato a lavorare come redattore per uno dei quotidiani più importanti del Belgio, il «Gazet van Antwerpen», dove si occupa di approfondimenti di carattere storico, raccogliendo importanti testimonianze sull'Olocausto.

Diseases of the Esophagus J. Rüdiger Siewert 2012-12-06 The third triennial congress of the International Society for Diseases of the Esophagus (ISDE) was held in Munich in September 1986 under the presidency of J. Rudiger Siewert. The very well organized and epoch-making meeting was part of the International Esophageal Week and was held in conjunction with the International Conference of Esophageal Diseases, the European Study Group of Diseases of the Esophagus (GEEMO), and International Organization for Statistical Studies of Esophageal Diseases (OESO). I am very pleased that it has been possible to publish the proceedings of the congress so rapidly. The problems associated with diseases of the esophagus are multifaceted, varying considerably according to locality; their study thus necessitates a large international forum, which is one of the

founding aims of the ISDE. We hope that this volume, by virtue of the in-depth and up-dated reports it contains, can play a role in advancing the work being done in this field. Finally I should like to express my heartfelt appreciation to Professor Siewert and Dr. Holscher for their contribution toward the success of the congress. Kiyoshi Inokuchi, M.D., F.A.C.S. President of the ISDE Preface The scientific knowledge about esophageal diseases and their treatment has rapidly developed and increased within the last 10 years. The present book reproduces for 1987 the topical state of the art about pathology, pathophysiology, diagnostic, and therapy of benign and malignant diseases of the esophagus.

Capire il cancro Lucio Luzzato 2011-07-28 Il cancro è un argomento tanto complesso sul piano scientifico quanto problematico sul piano emotivo. Non sempre, dunque, la comunicazione tra medico e paziente si rivela adeguata, nonostante l'esigenza, spesso molto forte, da parte di quest'ultimo di conoscere e comprendere le dinamiche di una patologia tanto traumatica. Proprio per questo Lucio Luzzato, ematologo e genetista che ha lavorato in centri di studio e di cura di malattie del sangue e tumori in Nigeria, Gran Bretagna, USA e Italia, ha maturato la necessità di spiegare, con un linguaggio non tecnico, come si formano i tumori, perché aumentano con l'età, quanto influisce l'eredità e quanto l'ambiente, in che misura si possono prevenire, come funzionano le terapie anti-tumorali, qual è la differenza tra terapia standard ottimale e un trial clinico, quanto sono importanti le terapie di sostegno e le componenti psicologiche. Capire il cancro è rivolto a tutti coloro che vivono con un tumore o accanto a una persona cara che ne è affetta, ma servirà anche ai medici e ad altri professionisti per facilitare la comunicazione con i loro pazienti. Tenendo sempre presente che dal "male incurabile" si può guarire.

The Curious Incident of the Dog in the Night-Time Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a

contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
